**TIME** is the most limited resource in and of life. From the moment we are created, **the measure of time**, consisting of life, which, **for each of us**, is our very own personal individual allotment, **is subtracting**.

The information being shared in this book form, will supply you with a complete overview of **TIME**. A task so monumental that it has never been done before.

As with all of the works I share it is an open sourced research and verification process.

As a result it is inclusive of recent and past relative substance.

I choose that method of sharing information because it allows you, the vide, to be able to have direct access to the exact same information that has already been verified, removing the doubt, removing the questions of source and origin, removing the obstacles that will be in the way of you having the ability to focus on the information itself.

There is no bibliography to read in order to track down contributors to the provide.

In every instance that it was capable of being done a literal copy and paste is used.

This method is not only much more efficient, it is also the most responsible. It allows credit to be given where credit is due. **The overall outcome is that for everyone involved it yields a responsible use of TIME.**

**The contents of this page contain the foreword, acknowledgments, preface, introduction, and prologue.**

# About The Author

## **I have no opinions.**

In my youth I learned how useless they are, and how they only hold a person in life back, or down. There is no reason to have an opinion when TRUTH is always an option. Therefore I always live the truth. Opinions only exist to be used by *a liar* and *an instigator*.

## **I am not Religious or in any Religion.**

Also in my youth I was invited by people of many different *Religions* to attend their *Religious* gatherings. I accepted. From those interactions and dynamics I learned *Religion* was a power scheme for the greedy and selfish, used as a way to take advantage of vulnerable people. *Hope. Faith. And Belief. The MAINSTAY for a liar to continue to thrive using their lies.* Anything that requires you to have *hope. To have faith. To have belief.* Is bad for you. Because there is always the option of telling **the truth** to remove *faith.*  
**Doing what is right** instead of having *hope.* And **acknowledging reality** instead of *belief.*

## **I am not in any way connected to politics.**

I grew up surrounded by the effects of *politics.* No goodness exist in *politics.* No good has ever come from *politics. Everything bad in society originates in parliament and legislature. Politics is the origin of lies and the home for liars.* There is no need for *politics.*  
**The Creator** has designed Law Rules and Guidance into reality itself. As well as also giving us those laws rules and guidance in text.

This is my origin.

This is who and what I am. And I am about  
This is the why and the how, of me.

# CHAPTER 1

## What Is Time?

As with all things in life **TIME** has been defined by its attributes. People defining things by their attributes is a way of simple communication. Simple communication allows for the transmission and receiving of messages in only its most vague and abstract form, with an umbrella formation.

The information in the message which was at its best vague abstract and umbrella, is then integrated into societies and cultures which naturally have occurrences which create a more defined and specific meaning. However, since the source of the information itself was simple communication the information of the message is open to multiple forms of addendum meanings. Those meanings will always follow this same pattern to its proper conclusion. The attributes become nouns and the actions become the verbs while the dynamic interaction of the occurrence taking place becomes its adjective. An adjective that can be one word, sentence, phrase, or paragraph.

This is the process of communication derived from simple communication.

This process is the reason why I can give an assurance of 100% accuracy and 100% certainty that every definition of **TIME** you have ever heard, or read, is absolutely, 100% wrong.

**For the first TIME ever you will be given the true definition of TIME.**

**The True Definition of TIME;** is a:

Quantum - Fractal - Geo - Temporal - Spirit Origin - Soul  
Sensory - Brain Process;

Responsible for the practical applications of all mechanical process originating from its source **as the base component of all reality.**

As a result of the simple communication becoming standard communication and the inherent diversity in definitions arising from the unique and true perspectives that were observed and recorded in relation to TIME. Multiple quotes and cliches exist to explain as best it can the dynamic interactive occurrence of TIME. The quotes and cliches are not wrong, nor are they a lie, or false in nature. What they are, is, disjointed, and non-cohesive, contradictory, and conflicting. This is an inevitable outcome from an addendum based explanation for an occurrence. As a result. No clear explanation exist about how TIME works anywhere in the world. Until Now.

**For the first TIME ever it will also be explained for you how TIME works.**

**The Truth About How TIME Works**

A very small quantity of electromagnetic energy - [is] moving in a curve or pattern, including a smaller curve or pattern, with exactly the same shape - from geo-local to geo-local continuously - as sensed by a person - through every aspect of their being – the mechanical function of these things together achieves the result of time.

# The Definition Of **TIME**

## Quantum

## Fractal

# Geo

# Temporal

Dorsolateral prefrontal right cortex is the region most involved in **TIME** perception

# Temporal

## Temporal

The Temple of the body is the side of the head behind the eyes.

The bone beneath is the temporal bone as well as part of the sphenoid bone.

The main functions of the temporal lobes include understanding language, memory acquisition, face recognition, object recognition, perception and processing auditory **INFORMATION**.

We have a very finite **TIME** allotted to us.

The Dorsolateral Prefrontal Right Cortex, and The Temporal Lobes are responsible for:

The Neural Clock. Which exist as an internal mechanism from **The Creator** to operate by organizing the flow of our experiences into an orderly sequence of events. This activity gives rise to the brain's exterior awareness synchronized to the internal ordering clock for **TIME**. Experience, and the succession of events within experience, are thus the substance of which **TIME** is **Measured** by the brain.

Music and rhythm are housed in your temporal lobes.

The Temple is called the Temple because the temple is where worship begins within you. The word Temple comes from Latin *templum*, itself derived from the Indo-European root \*tem-, “to cut, divide.” Latin *templum* referred originally to the fact that temples were on sacred ground that was “divided” or separated from ordinary ground. In the same way that as **The Creators Chosen**, your Body, which is the other parts of The Temple of The Body. Is separated from *the evil and lies of the world*. It also is the place within your body where **The Creator** and The other who was there from the beginning with **The Creator** will sometimes be when you have lived a lifestyle conducive to raising your level high enough to be capable of receiving a portion of **The Creator** and The Other being in your Temple with you.

Your body as a whole is; A Temple.  
The Temple. Of the body, is the side of the head behind  
the eyes.

The bone beneath is the temporal bone as well as part of the sphenoid bone.

## Temporal

“Or do you not know that your body is; A Temple. Of **The Creator** and The Other, within you they reside, in your body. A body which you have received from **The Creator**. You are not your own, for you were bought with a price. So glorify **The Creator** in your body.”

These are only 8 of your senses. You have more.

*The lies tell you there are only 5 senses.*

*Accepting those lies leads to your continued limitations and continued enslavement.*

You must use these 8 senses within reason, and to their fullest extent within reason, to recognize and make use of all of the senses you have.

## Parts of the Human Brain

## Temporal

The purpose of a Temple is as a place where heaven and Earth is United.

Temples are special

The temple is a place of peace, happiness, and inspiration. Because the temple is the house of **The Creator**. The place where His most sacred ordinances are performed, JUST FOR YOU. In your Temple. **The Creator** has established a standard.

The standard is: **Study That ye May be Approved.** Putting what you learn through Study into practical, spiritual, action, will exercise your entire being, making you capable of being ready to meet the prerequisites. Before entering The Temple within you.

## Spirit Origin

Everything. Beginning and ending, with, for, on, about, within, and in, **TIME**. Originates from the Spirit.

## Soul Sensory

When all of your senses are active

# Brain Process

A stage of existence, attained, that you are fully aware of your own thoughts, their affect as they travel in waves outward from you. Aware of the waves of thought traveling to you. Aware of reality. Consequences, results, summaries, conclusions. Maintaining and improving your body mind and soul, The Temple. While actively not participating *in the lies*.

**THIS IS THE DEFINITION OF TIME.**

Now You know what **TIME** is.

Now you know how **TIME** works.

This is a portion of the most important information in existence. You are warned and cautioned to not take for granted this information. Treasure it. Do not simplify it for communication. Knowledge truly is power. It is a consequence of that truth which caused the knowledge of what **TIME** is and how **TIME** works to be kept hidden from you. The power associated with **TIME** is priceless.

This task was monumental. The amount of work, study, research, experimenting and labor involved. It is a life**TIME** worth. The comprehensive understanding achieved of this subject, allows for the **sharing** of the **information** in such a way, as to instill upon, and within you, an entire life**TIME** worth of learning. Ergo the warning and caution. To not take this information for granted, and to treasure it.

There are billions of people upon the world. All of our lives are different, unique, individual, We cannot duplicate the events of another persons life. Meaning. What is achieved and shared here, is a level of knowing which has as its prerequisite **TIME** lived. It is your responsibility to know this information. To share this information with whomever you see fit to share. To pass it on. In this way no follower of this work holds authority over you, or has power to use against you. For the knowledge you will contain after reading this, empowers you more than anything that anyone can offer paraphrasing these words, or with clip excerpts that will be used out of context. And with summaries, designed to propel their personal agendas.

## **True TIME - System TIME - False TIME**

The very inclusion of True **TIME** self defines the existence of False **TIME**.

Among, without, and within the learned and scholastic archives of history and social studies, you will never come across any directing information to alert you that there is a False **TIME**. Those institutions of academia go out of their way to uniformly present **TIME**. To present **TIME** as uniform, requires an incredible amount of *lies being told* by a very large *population of liars*, combined with *doing very bad things* to entire populations of people.

Its not that difficult to understand why. The end result is power, authority, and wealth, being consolidated into the smallest amount of the population. Less than 1% of the population. With their friends, family, partners, and allies, receiving the largest payout thereafter. While the rest of society, in any country, of any nation, in any *Government* type, will, generation after generation, generate-no-power, generate-no-authority, generate-no-wealth. The only way to the power authority and wealth will be to go through the 1% gatekeepers of the power authority and wealth.

The reason the smallest percentage of the population has access to the greatest portion of the populations output is because amid that 1% is an even smaller group, which makes up less than 1% of the 1%. They know the truth. It is not a secret. It cannot be hidden. The truth is there for all.

The Truth is to end  
*SLAVERY*

In this era of renaming everything, as a way to conceal the truth, and as a way take control over it.

*SLAVERY* has been hidden behind the name of  
*Inequality*.

*INEQUALITY is SLAVERY.*

In 2019, the world's billionaires, only 2,153 people, had more wealth than 4.6 billion people.

Almost half of the world's population lives on less than \$5.50 a day

While a minimum amount required to live after every unfair, unnecessary, unwanted, unrequired, bill, has been paid, and all taxes have been taken, is \$30.00 dollars.

Many people. *Because they believe a lie*, rather than Study that they may be approved, and know The Truth. Have a *false* understanding of reality, and behave as if there is a mistake in the system which needs to be corrected.

The system is working to perfection. The system is doing exactly what it is designed to do. Exactly the way it is designed to do it.

You are working incorrectly because you are working from *lies you have accepted*.

The Truth is to end slavery

*Inequality is Slavery*

*To be politically correct is to be a liar.*

*Inequality is the politically correct way to say slave now.*

*Inequality* is defined as: The UNFAIR DIFFERENCE between groups of people in society, when some have more wealth, status, or opportunities than others.

An UNFAIR DIFFERENCE falsely represents the reality. As if there was ever a fair difference between groups of people in society.

UNFAIR means that its not right, or fair; acceptable and appropriate in a particular situation, according to a SET OF RULES OR PRINCIPLES; not treating people equally.

The reality is that the rules and principles which are the governing legislation passed by a non-elected parliament were designed to function exactly as they are. The design they desired is exactly what we all experience as the reality.

*The dynamics of society are no accident. It is not a mistake.*

*This is how they mean for it to be.*

The Truth is to end slavery

This is exactly how the system, society, is designed to work.

There is no error in the system.

Everything wrong for the people all lumped together in the scale of balance is fully and wholly correctable inside of **4 Years** maximum. **1 Year** minimum.

Societies problems are that easy to fix.

But to fix societies problems would change the balance of the scales.

With. Or without the support of any *Government* changing the scales balance is something that the people can do whenever they are ready, simply by acknowledging the laws rules and guidance of **The Creator** as the correct way to live and doing so. **The Creator** has already instructed the way for living, and it does not include what these *evil liars* are doing. Everything they say. Everything they show. Everything they write. All has one priority. To direct you away from **The Creator**. No **Creator** equals *enslavement*.

The Truth is to end slavery

Them

You

99%

To make a difference for the better, you must learn The Truth. This book, about **TIME**, is your first opportunity to know The Truth. Making it your first opportunity to do better.

The Truth is To end *slavery*.

Because the truth is there for all they have a conspired effort to guarantee that your efforts in life will not have any need for you to become involved in anything that will place within your grasp of learning what is really taking place in the world, what is really taking place and happening to you.

**To that end.** *Everyone is forced into institutions of academia. Forced to utilize their thinking for actual useless and worthless information. Forced to use their imagination to conjure painful traumatic internal emotionally and mentally damaging experiences. Forced to ignore reality. Forced to embrace lies. Forced to submit their decisive thinking and ability for doing, to a perceived authority for approval and permission.*

*Upon exit from the institutions of academia, they have prepared for you, a system of Hegelian Dialectics, and Economic Destabilization, that is what awaits you. **Not wanting to omit any directions in life that may interest you they have also institutionalized:** Religion. Government. Politics. & Sports. These are all used as Positive Re-enforcement and are rewarded. Gambling. Physical Crimes of all types, and kinds, and of every degree. Unsafe communities. Legal and Illegal Narcotics and drugs. These are all used as negative re-enforcement and are punished. Both the negative re-enforcement and the positive re-enforcement are working together for the same goal. **In this case that goal is to preoccupy your***  
**TIME**

Because no matter what you are doing you are in the system and being institutionalized.

**In order to preoccupy your TIME**, *the system will place you in a linked manner to its TIME. Whatever actions you take, while doing so, linked to the system, knowing or unknowing, willing or unwilling, your TIME is really the systems TIME.*

*Whatever TIME you use thinking, practically or imaginatively, in relation to your ability to be part of the system, knowing or unknowing, willing or unwilling, your TIME is really the systems TIME.*

*The systems TIME is the False TIME which has separated you from **The True TIME.***

Now you can identify that these uses of the word TIME by the system, are in fact not **TIME** at all. Because **now you do know What TIME is.**

Now you do know how **TIME** is being used as a weapon against you and to hurt you.

## Chapter 2

# Out With The Lie In With The Truth

To remove the lie it will be necessary to start at the beginning.

In this section the starting position will be in knowing the true names and divisions.

It is in this section that the damage done to you will become apparent.

It is also in this section where much of the pre-programmed embedded conditioning will emerge. Everyone is different so the reaction itself will be different in each person who has been successfully conditioned. However the end result is the same in everyone who has been influenced by the conditioning process. That result being an almost uncontrollable emotional mental and physical response to distance yourself from knowing the truth.

For those reading this book who have managed to avoid the conditioning, you will be able to put this information to work for you immediately. These will become life-changing events for you, all for the better.

The first thing you need to know, is that everything you know about **TIME**, is wrong.

# Everything you know about TIME is wrong

To begin, you must remove the deeply embedded hypnosis that is enforced, and re-enforced, as opportunity permits, which blinds you from seeing what you are looking directly at.

What you are looking directly at, is; The Greater Light To Rule The Day, which was made during the fourth cycle, this Greater Light made To Rule The Day is at this time known as the Sun.

What you are looking directly at, is; The Lesser Light To Rule The Night, it too, was also made during the fourth cycle. This Lesser Light made To Rule The Night is at this time known as the Moon.

**In this section the starting position will be in knowing the true names and divisions.**

The Greater Light To Rule The Day  
The Lesser Light To Rule The Night

This is the very beginning of **TIME**. Prior to Creation of the The Greater Light To Rule The Day, and The Lesser Light To Rule The Night, there was no **Measure of TIME** in place.

The Greater Light To Rule The Day

The Lesser Light To Rule The Night

Before they were Created There was no  
**Measure of TIME.**

The Greater Light To rule The Day  
After being renamed  
is now called The Sun

Everything seen here is a lie

This image is Scientism

The Lesser Light To Rule The Night  
And also  
after being renamed  
is now called The Moon

**Measure of TIME** only began after their Creation.

**The Greater Light To Rule The Day  
The Lesser Light To Rule The Night**

These are the true names. Now you must know their division.

**The Division**

The Sexagesimal is a numeral system with sixty as its base. It originated with the ancient Sumerians in the 3rd millennium BC, and was passed to the ancient Babylonians. It continued being passed along until it was a standard.

Now. We still use it for **Measuring TIME**, angles, and geographic coordinates. Mathematics – Geologic Grid Coordinate Assignment - and Astrological Detection Trajectory. These were Sumerian inheritance. We are all using a system for Measurements that is passed on from the beginning. Its only changes are superficial. Those changes are the direct result of differences in Language and Culture. As presented in The Definition Of **TIME**

**Measuring TIME**

Measuring TIME is inclusive of angles, and geographic coordinates. In fact, **Measuring TIME** is Rocket Science.

# **Standard Measurements of TIME**

**The Division  
of  
The Greater Light To Rule The Day  
and  
The Lesser Light To Rule The Night  
as  
Measuring TIME  
knowing the true names and divisions**

## **True Names And Divisions**

**True Names And Divisions** are not the same thing as  
**Measuring TIME.**

Measuring TIME is The Sexagesimal numeral system  
with sixty as its base.

**The Sexagesimal numeral system** is how **The 24  
Hour Cycle** is managed.

**The 24 Hour Cycle** contains **The True Names And  
Divisions** which are **Divisions** of **The Greater Light  
To Rule The Day** and **The Lesser Light To Rule  
The Night.**

**The 24 Hour Cycle** is the day and the night.  
One entire day and one entire night together is a  
complete **Cycle.**

**To remove the lie it will be necessary to start at the  
beginning.**

A True Cycle as The Creator designed it.

In **the beginning** there is **The Creator**. **The Creator** saw **The Creator**. **The Creator** knew, **The Creator** is good.

**The Creator** then spoke his own name, and he, with another, self-formed, were made manifest, and came into being, from where they were to where they are. **The Creator** saw Himself, **The Creator** saw Him, and **The Creator** said, he himself, and him, are good.

Then **The Creator** said Let There Be Light. And so it was. A portion of The Darkness was transformed into light, as **The Creator** made **The First Light**.

Thus was **Light-Break**, the very first moment of **Light**. But this was not **The Greater The Light To Rule The Day** and **The Lesser Light To Rule The Night**.

The **Light** that The Creator made in the beginning is the **Ambient Horizon Line Light**. That is the **Light The Creator** made, and knew to be good. For that **Light** is also **The Creator**. Along with the other, and so it is that the **The Creator** saw The Light and said it is good.

### **The First Light**

**The First Light** is very big and very far away.

The **Light** is there always. The **Dark** is there always. They meet at **The Horizon Of Creation And Existence**, and there they decidedly and suddenly cease, each ends exactly at the boundaries of the other. Molecular configuration of the Light and Dark, along with its natural Density, prevent mixing. There is no middle place where they merge, each one ends.

They end where they meet.

There is no gradation of gray amid, because there is no mixing of **Light** and **Dark**, no merging, no combining, nor interactions, of any kind.

**The Perpetual Light** and **The Perpetual Dark** which meet at the **Horizon** are the **Zero Point Of Measure** for **The Divide At The Center**. This is the way in which **TIME** is originated. It is the first line, it is **The Horizon. The First Division, Light and Dark. The First Measure.** Is a measure **Without Time.**

The Creator continued making his creations. Specifically fruits, herbs, spices, and roots, plants, bushes, trees, and grass. Shrubs, moss, algae, and any and all of botanical life. For only they, All of which are before **The Greater Light To Rule The Day** and **The Lesser Light To Rule The Night.** Were being nourished, cared for, and surrounded by **The First-Light.**

All Plant Life is closer to the truth of the Light of Life than any other life.

# PLANTS

a living organism of the kind exemplified by trees, shrubs, herbs, grasses, ferns, and mosses, typically growing in a permanent site, absorbing water and inorganic substances through its roots, and synthesizing nutrients in its leaves by photosynthesis using the green pigment chlorophyll.

**a living thing that grows in earth, in water, or on other plants, usually has a stem, leaves, roots, and flowers, and produces seeds.**

**A plant refers to any of the eukaryotes that belong to the biological kingdom Plantae. Plants, in the strictest sense, are embryophytes that include vascular plants, liverworts, hornworts, and mosses. Some references that are less strict considered green algae as plants.**

## Plants

After **The Creator** gathered Meres and raised The Country. He sowed UrÆTh with Plants.

**The Creator** was preparing UrÆTh to be able to provide The Humane with a bounty of food.

Plants would also provide:

Breathtaking beauty.

Pleasurable aromatic in the winds.

Material for building.

Material for clothing.

Material for every conceivable action.

All of this was provided for all of The Humane through plants alone.

**The Creator** also would include other resources.

Caves and holes in UrÆTh were a natural way to extract underground mineral and rock resources. Volcanic explosions would bring other underground resources to the surface in great abundance. Meres would deposit huge amounts of underground resources on the shores of beaches seasonally.

**The Creator** insured that all things were available and The Humane would be able to have access to all of UrÆThs materials. Without ever having to destroy nature.

Thus The Virtue of Patience is established as a lifestyle of Responsibility and Respect that Creates Peace Prosperity and Happiness, rendering money useless, as nature provides all. *Making greed be revealed as the mental and spiritual sickness and disease that it is.*

## Plants

*For the sake of money and profits greedy people took control of natural resources such as plants, and destroyed them in nature. After destroying them in nature they controlled their availability by producing them on Farms.*

*Farms are un-natural.*

*Gardens are natural.*

*Farming* allowed the control over distribution and pricing of natural foods by strict pricing and logistics.

FACT:

MORE FOOD FROM *FARMS* IS DISPOSED OF THAN EATEN.

FACT:

*FARMERS* ARE PAID BY GOVERNMENTS TO DESTROY THEIR CROPS RATHER THAN TO SELL THEM IN ORDER TO MAINTAIN THE PRICING AT A PREFERRED MARKET VALUE.

FACT:

THE DESTROYED CROPS FROM *FARMING* ARE NOT EVEN ALLOWED TO BECOME FEED FOR *FARM* ANIMALS BECAUSE THAT TOO WOULD DROP PRICES.

*Farming is an un-natural business* designed to deprive people, of, **The Creator** given availability to eat. To use the materials from those plants for living. Such as making clothing and repairing or building homes.

## Plants

These types of **trees** and **plants** were designed by **The Creator** to be planted everywhere.

**The Creator** made The Country so that The Humane Nation would have access to plants for all purposes everywhere they go.

No-one has the right to own **plants** of any kind **Plants** belong to **The Creator**. **The Creators** will is that **plants** be everywhere, for everyone.

## The Four Seasons

The four seasons bring a variety to our lives through nature that is priceless. Connecting us to each other, and all else, in ways that can only be expressed through compassion, giving, support, helping, joy, and love.

### Natures Bounty

When *Farms and Farming* are no more a part of societies culture, and nature is left to its own methods of internal design. There is enough for everyone. We will be able to enjoy all of the fruits of natures process.

When undisturbed by people, Nature will forever, every **Season, Create,** and supply, all, with an incredible variety of fruits, herbs, spices, and vegetables. Enough for all of our needs. Enough to place a meal on every plate. All **Year. Every Year. For Life.**

## Plants

*Starvation, hunger, malnutrition, these are all designs originating from evil liars of wicked intent who are greedy for power, authority, control wealth, and money.*

*In that order.*

*To get the Power. The Authority. The Control. The Wealth. The Money. That is their goal to have. They must have slaves.*

*People who will be forced by any manner to work for free.*

*Slaves must always be: Uneducated and Uninformed. Slaves must always never have access to information that can free them of their slavery.*

*To have slaves. The enslaver must be able to control the resources which make life quality good or bad, then control those resources in a way that guarantees the slaves lives are bad. These resources. This type of information. Is prohibited. Only to the enslaved. Unless they realise you, as their slave, do not have the wisdom, or will, to make use of it.*

## Plants

Nature has a lot to supply us when we RESPECT its SEASONS and allow it to self replenish.

Nature offers us EVERYTHING that life requires to be fulfilling in every way.

*The evil liars. The wicked and greedy people. They choose to extract from nature that which is readily available for free to whoever needs it, and package it, storing it in warehouses, and placing it on shelves for sale, where it goes to waste.*

## *Plants*

The only reason you do not awake each **Cycle** to this, is because *you have been lied to. Enslaved.*

*And are being raped of your resources and opportunities.*  
This is why **The Creator** placed **Plants**, first, when **The Creator** sowed The UrÆTh. Because, all of life, requires, in all of its many variations, **PLANTS**.

The next creations required **The Greater The Light To Rule The Day** and **The Lesser Light To Rule The Night**. As well as **Water**. Those creations are the reptiles and the birds.

Thus. The plants, all plants, know the truth, and what living in **The First-Light, The True-Light**, is like, as well as being present for the creation of **The Greater Light To Rule The Day** and **The Lesser Light To Rule The Night**. While consequently, being able to, from that instant onward, experience **TIME**.

The Waters also know the truth. **The Waters** know **The Darkness**. The Waters know **The Dark-Light**. **The Waters** know **The Bright-Light**. **The Waters** know **The Face Of The Creator**. **The Waters** know **The Plants**. They were all created, **Before TIME**. **The Waters** know **The Greater Light To Rule The Day** and **The Lesser Light To Rule The Night**. **The Water** also was there from the very beginning to experience **TIME**. **The Waters** and **The Plants** know The Reptiles and The Birds. The Quadrupeds. The Wild Beasts. The Cattle. The Waters and The Plants were also there to witness creation of **The Humane**.

**The Greater Light To Rule The Day** and **The Lesser Light To Rule The Night.** Are the starting of **TIME.** The Reptiles and The Birds. The Quadrupeds. The Wild Beasts. The Cattle. **The Humane.** All were created at The Beginning of **TIME.**

**The First-Day** and **The First-Night** together are **The First Cycle.**

To experience **The Cycles.** **The Creator** raised land out of **Meres,** and named that land **The Country.** Meres is on, in, over, around, and under **The Country,** where all of his creations exist. **Meres,** and **The Country,** together, are placed in, and on, **The UrÆTh.**

A **True Cycle** as **The Creator** designed it consist of many working parts. All of which come together in the most harmonious, and balanced, creation, in all of existence. That creation being **The Week.** **The Week** is the highest form of creation.

**The Cycle** has many parts, all exist, working together, expressing itself in a measured spiral pattern of ever increasing unconnected circumference, manifesting as a fractal degree of change in its shape and pattern, as **The Creator** designed it.

# The Design

**First:** There is the **Ambient Light** that is the Night, the Darkness, this is the **Dark-Light**. Then there is the ambient **Bright-Light**, the ambient **Bright-Light** is not **Day-Light**. It is the **First-Light**. They exist independent of **The Greater Light To Rule The Day** and **The Lesser Light To Rule The Night**.

As a consequence, as a result ... **The Greater Light To Rule The Day** and **The Lesser Light To Rule The Night** always have some assistance in making **The Firmament** brighter or darker.

**Second:** There are; The Lights that are set into **The Firmament**. **The Firmament-Lights** exist So that The Humane and humanity may enjoy the night sky in many ways, and use **The Firmament-Lights** for KEEPING IN PACE WITH TIME, communication, directions, inspiration, motivation, and pleasure.

**Third:** Is **The Greater Light To Rule The Day** and **The Lesser Light To Rule The Night**. both were made during events of the **Fourth Cycle**.

**The Greater Light To Rule The Day** is also known as The Sun.

**The Lesser Light To Rule The Night** is also known as The Moon.

# Measuring TIME

## knowing the true names and divisions

**Day-Break:** **Day-Break** is the First Light that you see in your Geo-Local in The Country on UrÆTh. It is the beginning transformation of Dark Light into Bright Light, it is the **TIME** of Day when there is almost no more Darkness, or, Light at all, from, **The Lesser Light To Rule The Night**. It is at this **TIME** that you can see both **The Lesser Light To Rule The Night** and **The Greater Light To Rule The Day** in **The Firmament** together over **The Country** risen out of **Meres**. **The Light** is very weak, and very low in its intensity, during **Day-Break**, it is dimly lit.

**Morning:** **Morning** is that **TIME** of the Day when there is no more Darkness, **The Dark** has all been transformed into **The Light**. As The Lights in The Firmament sing. **The Morning** is not dimly lit, The Morning is Bright. **The Greater Light To Rule The Day** is not yet visible in **The Firmament**. **The Lesser Light To Rule The Night** is still visible in **The Firmament** and is moving away from your **Geo-Local**.

**Mid-Morning:** **Mid-Morning** is the Brightest part of **The Morning**. **Mid-Morning** is the **TIME** when **The Firmament** will begin to change in color.

**Noon:** **Noon** is the end of **The Morning**. **Noon** is when **The Greater Light To Rule The Day** is now directly overhead of your **Geo-Local**.

**Day's-Time: Day's-Time** is when **The Greater Light To Rule The Day** is at its peak in the area of your **Geo-Local**.

**After-noon: After-noon** is when **The Greater Light To Rule The Day** has begun to move away and **The Light** from **The Greater Light To Rule The Day** is beginning to lessen in intensity. Causing the atmosphere to lessen its Density.

**Mid-After-noon: Mid-After-noon** is dim. **The Greater Light To Rule The Day** is not in the same **Geo-Local** as you anymore. The beginning of **The Ambient Darkness** is visible but not yet present.

**Evening: Evening** is the end of The Day. **The Lesser Light To Rule The Night** begins to dominate **The Firmament** as **The Ambient Darkness** moves in and **The Bright Light** transforms into **Dark-Light**. Although it is not yet dark. The Lights in The Firmament are singing a different song of thanks and praise.

**Mid-Evening: Mid-Evening** is the **TIME** when **Darkness** is present but not yet plentiful. **Mid-Evening** is when **Darkness** and **The Ambient Darkness** exist amid the transforming **Bright Light** adding shifting layers of **Dark** and **Night** to the beginning of **The Night**.

**Night: Night** is when all of **The Bright-Light** has been fully transformed into **Dark-Light**. **Night** is when **The Lesser Light To Rule The Night** is the major source of **Light** available.

**Night's-TIME:** **Nights-TIME** is when **The Lesser Light To Rule The Night** is directly over your **Geo-Local**. **The Dark-Light** is still visible as a layer of **Darkness**. **The Ambient Dark** is no longer noticeable as **The Lesser Light To Rule The Night** now provides more **Light** and **Brightens** the area.

**Mid-Night:** **Mid-Night** is the **Darkest TIME** of all. **Mid-Night** has no **Light** from **The Lesser Light To Rule The Night**. No **Light** from **The Dark-Light** and **The Ambient Dark** only thickens the **Darkness**. **Mid-Night** is **Darkness** at its peak.

**Night-End:** **Night-End** is the **TIME** when **The Darkness**. **The Ambient Dark**. And **Dark-Light**. Are no longer combined. They have all separated, and though still present, are not as Dense anymore.

To that end. This is how **TIME** is experienced each **Cycle**.

This is a **True Cycle**.

This is a **Perfect Cycle**.

This is how **The Creator** Designed it to be.

## Chapter 3

### *The System Of TIMEKEEPING Exposed*

*TIME-keeping.* Definitions are always the correct way to expose anything. Definitions testify against themselves.

The definition of *TIME-keeping*:

*TIME-keeping* is the **Measure Of TIME** used to force a particular condition or position, making somebody and or something do, right now, the task they are assigned while recording the **TIME** that somebody, or something, takes, to complete the forced condition, of being positioned, in an assigned task.

The reason *TIME-keeping* exist is to enforce slavery, and manage an enslaved people and or a enslaved person.

**True Names And Divisions** are not the same thing as **Measuring TIME.**

You now know **The True Names** and their **Divisions.** Now, you will also be given, **The Measure Of TIME.**

# The Measure Of TIME

Duodecimal (base 12) and Sexagesimal (base 60)

## **du·o·dec·i·mal**

/,d(y)wə'desəm(ə)l, d(y)wɔ'desəm(ə)l/

adjective: duodecimal

Relating to or denoting **a system of counting or numerical notation that has twelve as a base.**

noun: duodecimal

The system of duodecimal notation.

## **sex·a·ges·i·mal**

/,seksə'jesəməl/

adjective: sexagesimal

01. Relating to or reckoning by sixtieths.

02. Relating to the number sixty.

noun: sexagesimal; plural noun: sexagesimals; noun: sexagesimal fraction; plural noun: sexagesimal fractions

A fraction based on sixtieths (i.e. with a denominator equal to a power of sixty), **as in the divisions of the degree and hour.**

These are the definition's for the systems, being used for,  
**The Measure Of Time**

## The Measure Of Time

Here are the specifics for the most commonly used  
**Measures Of TIME.**

60 seconds are 1 minute  
60 minutes are 1 hour

These are the only portions of Sexagesimal **TIME**. Yet,  
these two portions are the great majority of everyone's  
use of **TIME**.

These two portions of Sexagesimal **TIME** are Measured  
using the Duodecimal system.

The 60 second 1 minute, and the 60 minute 1 hour, are  
both displayed in detail on The Duodecimal **TIME-**  
**Measuring** Machine Device.

Also known as a Clock.

The Clock Measures 12 hours of  
**ante-** before; in front of.

a.m.

(NAme also A.M.)

and

**post-** (in nouns, verbs and adjectives) after.

p.m.

(NAme also P.M.)

**me • rid • ian**

One of the lines that is drawn from the North Pole to the  
South Pole on a map of the world.

**ante - me • rid • ian** Measures before Day's-Time

**post - me • rid • ian** Measures after Day's-Time

The 60 second minute and The 60 minute Hour are the interior mechanical portions of the specifics for the next of the most commonly used **Measures Of TIME**.

### **24 hours are 1 Cycle**

The Duodecimal **TIME-Measuring** Machine Device is used for **The Measure Of TIME** of **The 24 Hour Cycle**.

Using the **ante** and **post meridian**.

Applied to **The Measure** of 12.

Thus.

12 hours of **Ante Meridian**.

Followed by

12 hours of **Post Meridian**.

Repeat.

In this way, **The Measures of TIME**, can be seen clearly as, **The Measure**, is increased, or decreased, in size, scope, and duration. Such clarity allows **The TIME-KEEPERS** to *plan and manage* extremely far ahead, and *on a massive scope, massive size, and for any duration*.

### **Everything you know about TIME is wrong**

The math is exact and the math is correct.

The applied system, which is based on the math, is **all** wrong.

**True Names And Divisions** are not the same thing as **Measuring TIME**.

Its wrong because of *the lies and the trickery*. *The system is used as a way to enslave people using TIME-KEEPING*. *Enslavement requires confusion, confusion requires liars and their lies, slavery results in the slaver becoming wealthy and powerful*.

## KNOWLEDGE IS POWER

In order for you to be enslaved the slavers have to  
KNOW something that you do not know.

The slavers then have to use the information you do not have in such a crafty way that you will never become aware of it.

The slavers also have to make the information you do not have complicated and systemically out of sync, disjointed, and never used for the same reasons in a pattern that can be readily or easily discerned.

In this way the slavers will profit greatly and the slaves will never see where the profit came from and how they got it. Nor will the slaves have seen a pattern that they themselves can copy to achieve the same.

## KNOWLEDGE IS POWER

Without Knowledge you are powerless.

Throughout the entire history of humanity the one constant in every culture, country, *Government* type, era, geographical location, and society of caste, is that the enslaved were denied access to information.

No information equals no knowledge.

No knowledge equals no power.

No power equals no control over yourself, including things you want for yourself.

No power equals no control over your children, including things you want to do for your children.

No power to do for yourself and your children equals you and your children doing what the person and people who have power have designed for you to do.

# TIME MEASURE As A Weapon

*The easiest way to control a person or people is to be a liar and lie to them.*

*The liars lies* will only succeed as the result of the person or people who are being told *the lie*, having no intelligence, and or education, in regard to the matter. The less you, the slave, know, the more powerful the affect the weapon will have.

What do you know about **TIME**?

About **TIME**. What you know is worse than nothing.

*Because you have been lied to.*

Other than the information being shared with you now, in this book.

Everything you know about **TIME** is wrong.

As a weapon, **TIME MEASURE** is used to embed, instil, and maintain within you a condition of cognitive dissonance.

That is the reason why

**True Names And Divisions** are not the same thing as **Measuring TIME**.

COGNITIVE DISSONANCE is a condition of being that does not resolve disagreements.

Having COGNITIVE DISSONANCE allows conflicting and contradictory NON-CORRELATING information to coexist in your thoughts without you noticing they are there.

The end result is BRAINWASHING.

You now know how **ante-** and **post-** and **meridian**, function in tandem with a 12 hour clock, to produce **TIME-KEEPING** ,for **The 24 Hour Cycle**.

Knowing that information is prerequisite to being capable of knowing what follows.

The brainwashing, when successful, has the ability to cause you to be self deluded.

You are self deluded, because the goal of the brainwashing, is, to delude you.

To that end, the **ante-** and **post- meridian** as applied to **The 24 Hour Cycle** and its relationship to **The True Names and Divisions** become clear.

As the result of successful brainwashing you are no longer capable of recognizing Day and Night.

To maintain the brainwashing, **The 24 hour Cycle**, which is the combined and complete **Day** and **Night**, is something that you will now, longer recognize, as being a *24 hour Day*. Absent **The Night**.

Your brainwashing success has removed the recognition of **The Night**.

Enforcement of that delusion is maintained through the establishment of the **ante-** and **post- meridian** influence.

As you will also be in the midst of **Darkness**, with, **The Lesser Light To Rule The Night**, as the only source of **Light**. The brainwashing will activate. The Cognitive Dissonance will over-ride the visual sensory input. Your conditioning will cause you in your deluded state to look directly at, in, and through, **The Dark**, gazing up at and seeing, **The Lesser Light To Rule The Night**, and still, contrary to reality, you will say, it is **Morning**.

Reality offers you nothing to declare it is **Morning**.  
Reality is **Night**.

The only way that you can no longer be able to differentiate **Day** and **Night**. **Morning** and **Evening**. Is as the result of indoctrination into a system of **TIME-KEEPING** which uses Conditioning. Operant and Classical. Making use of Negative enforcement Positive enforcement Negative re-enforcement Positive re-enforcement and Negative reinforcement and Positive reinforcement. Having Primary and Secondary sources.

This is how **Time Measure** is used as a weapon, and this how the weaponization of **TIME Measure** is affecting you.

The consequences of the inability to differentiate **True Names And Divisions** from **Measuring TIME** are far reaching and destructive. With overarching structure designed into each part of the brainwashing.

# The Measure Of Time

## The 24 hour Cycle

It is important to understand all of the ways that **The 24 Hour Cycle** is used to adjust your thinking and feeling which are the things that make your behaviour and shape your character. Which is a bad thing to do to anyone.

It is important to understand the methods of control which limit your opportunities in life, and restrict you to positions, and conditions, which have you tasked in such a way that you cannot see how you ended up there. Which is bad.

It is important to know what is happening to you every **24 Hours** in the **TIME-KEEPING** system.

Because.

It gets worse from there.

**24 Hours** are **1 Cycle**

**7 Cycles** are **The Week**

*Usurpation of **The Week** by **TIME-KEEPERS** for their *Religion's**

You did not know it. But YOU are religious. You are also in THEIR *Religion's*.

Everyone requires a place for their aspirations.

Everyone requires a place to fit in.

As slaves you are not allowed to have either.

However denial of both will result in an uprising that can slow down profits or end production temporarily.

To prevent personal loss from *the slavers workforce the slaver* will supply *his, her, and or their slaves* with diversions of all sort.

*Religion* being first among those diversions.

*Every slave* will be obligated and mandated to be part of the *Religion*.

Everything in this image is a *lie*.

All lies. As a consequence of their very nature are easily disproven. To overcome the ability to disprove *the lie*, *the evil liar* created *Religion's*.

Therefore *Religion's* require you to *believe, have faith, and hope*. Making The True requirements for being in a *Religion*, the ability to *allow yourself to be deceived*.

Everything in this image is a *lie*. To overcome The Truth. A prerequisite that *you must accept all lies* will be presented for you as a choice. *That choice comes from the evil liar and his followers as well as those who push his influence.*

Everything in this image is a *lie*. *It exist to confuse you and keep you unaware of reality. This is not the entirety of it all. This is only the part you are forced to choose from. You are already in a Religion. You had no choice. You were all forced into it. Were you aware of reality you would have already known that you are in a Religion not of your choosing nor of a design you would have chosen.*

## Chapter 4

# **An Introduction To The Religions Of TIME-KEEPERS And Their Enslaved Part-1**

## **The Measure Of TIME**

### **The Week**

In reality. **The Week** is **7 Cycles**.

*In their Religion. A Week is 7 Days.*

*The Reason a Week is 7 Days in their Religion is because each Day is a Day of Worship dedicated to their god's.*

*Their prime god is the evil liar who has far too many names to list, so I will only use the names from their prime god in the context of the dynamic.*

*Their other gods, whom they, and you, are worshiping, do not have a list of names, and so it is a very direct and exact thing to identify them.*

The way that their *Religion* works is to first present the name of the god being worshiped, followed by the word **Day**.

*This is how, and why, you have the Days of the Week. Days of the Week is an expression, of how they worship their gods.*

Here are their Days.

*Sunday*

*Monday*

*Tuesday*

*Wednesday*

*Thursday*

*Friday*

*Saturday*

*sun veneration  
idol worship*

*sun veneration  
idol worship*

*sun veneration  
idol worship*

*sun veneration*  
*idol worship*

*moon veneration  
idol worship*

*moon veneration  
idol worship*

*moon veneration  
idol worship*

*moon veneration  
idol worship*

*moon veneration  
idol worship*

*moon veneration*  
*idol worship*

*Their gods have overlapping Days of Worship. Which is highlighted and accentuated with the veneration they are given on Their Assigned Day.*

Among this insidious World *Religion*, and at its very center, is the veneration of The Sun and The Moon.

In their *Religion* The Sun and The Moon are an interchangeable juxtaposition, which for them, is a useful tool in their weaponization of **TIME**.

The transpose of their gods, serves their gods, serving their gods benefits them, as it causes, and allows for, institutionalized, systemic, conditioning.

Because The Sun and The Moon are at the center of their *Religion* it is a heliocentric based *Religion*. As a heliocentric based *Religion* all of their gods and idols must include their devotion to The Sun. The Sun is The Day. Therefore every-**TIME** one of their gods gets assigned to a **24 Hour** period it is done with the attachment to helios by always using the word DAY.

Every language. Every culture. Has this prerequisite of heliocentric worship, gods of **The Week** worship, and idle veneration, contained in their use of **The Week**.

Some cultures change The Days order of importance but not their function.

All *Religions*, ... there are hundreds of *Religions*. All *Religions* are first and foremost in a one world *Religion*.

# The One World *Religion*

You are not Christian.  
You are not Judaist.

You are not Islamic.  
You are not Hindu.

You are not Budhist.  
You are not Sikh.

You are not in the *Religion*, adhering to the principles, of whatever *Religion* you are being falsely lead, to delude yourself into acting, behaving, thinking, and feeling, as if you are a part of ... that *Religion*.

You have been Falsely Lead.

It is also your own fault for not doing a thorough investigation to know the truth.

The One World *Religion* is the *Religion* of the *evil liar* and his followers.

As such, *his followers thrive on being liars*, and having the consequences and results of those *lies* affecting as many people as can be reached, to be affected.

All *Religions* are constantly seeking to expand their congregation and spread their belief system. *The Religion of the evil liar* is no different. As *all Religions are the direct result of his lies and evil nature*.

## How The One World *Religion* Came Into Being

The One World *Religion* came into being from; Actions that are an abomination. *The lies* which displaced, removed, hid, then ridiculed **The Creator and Creation.**

Creation is the beginning.

The beginning is **The First Week.**

**The First Week is The True Week.**

**The True Week is The Perfect Week.**

**The Perfect Week is The Week** which was given to **The Humane.**

*The evil liar* immediately went about his self appointed task of displacing removing hiding and ridiculing that **First True and Perfect Week**, which contained all of the right and just, natural, conditions, for **The Humane.**

**The Creator** never imparted anything to **The Humane** that is a *Religion.*

*The evil liar* introduced the concept, the methods, and the culture of *Religion.*

*The evil liar* had to. There was no other way to author the confusion required to seed the wickedness he desired to place in **The Humane.**

As a result. All *Religions* are wrong. Because **The Creator** never **Created** any *Religions* at all.

**The Creator Created The Week.**

**The Week** is the most important **Creation** of all.

*The evil liar* cannot **Create**, he can only *usurp*.

To *usurp* he must be a criminal.

To be a criminal he must commit crimes.

To commit crimes he must break **The Laws**.

There exist only one **Lawgiver**.

**The one Lawgiver is The Creator.**

**The Creator** has given us **623 Laws** as a way of life.

Without any interference, or influence, **The 623 Laws** are naturally in place and naturally respected.

To *usurp The Creator*. *The evil liar* must be accepted as **The Creator**.

Thus. *The evil liar* has done, and is doing, all that he can, to be in the same authoritative position in relation to the lives of **The Humane**.

As a consequence of the *usurpation* by *the evil liar*. **The Humane** are now rare and unique. *The evil liars* followers, *The Humans*, are the ones who use *lies*, and *the evil nature* they adapted, as instruments, and tools, to follow him, and be influenced by him, and his *evil lying* ways.

Together they have *usurped* the greatest **Creation** in all of **Creation**. **The Week**.

**The Week** is the container in which all of existence is rooted and seeded. **The Week** is the basis of all of reality. Therefore. Control of **The Week**, is control of everything.

**The Creator Created The Week.**  
**The Week is the most important creation of all.**

You, exist in,

**The True Definition of TIME**; experiencing:  
Quantum - Fractal - Geo - Temporal - Spirit Origin - Soul  
Sensory - Brain Process;  
Responsible for the practical applications of all  
mechanical process originating from its source.

Because.

**The Truth About How TIME Works**

is.

A very small quantity of electromagnetic energy - [is] moving in a curve or pattern, including a smaller curve or pattern, with exactly the same shape - from geo-local to geo-local continuously - as sensed by a person - through every aspect of their being – the mechanical function of these things together achieves the result of time.

**This mechanical function's patterned process is responsible for all of reality.**

But most importantly is the fact that this process in its entirety is what we all know as, **The Week.**

Therefore any *usurpation* of **The Week** is rebellion against **The Creator** and **Creation.**

As well as an attempt to take control over you.

**The Creator** never gave **The 24 hour Cycle** individual names during **The Week** of **Creation.** Nor did **The Creator** give names to those **Cycles** that existed before time.

The Creator did not name each **24 Hour Cycle** because they are all one mechanism working together. They are not a grouping of individual parts and pieces.

### ***The Usurpation Of The Week***

In order to *usurp* **The Week** the usual method of divide and conquer was used, then. ... It is still being used, now.

Divide the people.  
Divide their culture.  
Divide their knowledge.  
Divide their understanding.  
Divide their wisdom.

The more division that can be introduced, the weaker the target of the division shall be.  
And so the *evil liar* has been dividing ad-in-finitum the most important of all **Creation. The Week.**

When the division of **The Week** in any geo-local has become equal to it's razing, *the evil liar* will then begin to openly assert his presence, and present himself as a saviour, which will last only for as long is required for he and his followers, such as the politricians, to be placed in positions of authority, and for them to gain absolute control. Upon completion of that pretense. The pretense of being the saviour. They will also no longer hide their true character, motives, or behaviours.

A foreshadow of the coming, or the nearness, of *the evil liar*, is observable in the vice which can be seen to multiply in the geo-local adjacent to his presence. As well as those geo-local's he is occupying personally or are being controlled by his followers.

- The word "vice" comes from the Latin *vitium* meaning "fault" or "defect."
- The term "vice" is associated with a number of crimes traditionally classified as offenses against public decency or morality.
- Some of these offenses, such as indecent exposure, bigamy and obscenity, have their roots in English common law.
- Others, like prostitution, gambling, and alcohol and drug offenses, were created legislatively at various times in our nation's history.

The *usurpation* of **The Week** has been obtained by using this method. And is continuously in the present being obtained with this method. The same method will be used for their future goals as well.

## Usurpation of **The Week**

**The Week** contains all of the power of **Creation** for all of existence.

The only power in existence that can be used for any reason exist as a part of **The Week**.

Therefore. When assigning stolen attributes as powers to lesser beings who will be given the title of gods. It can only be done by going directly to the only power source in existence and through the process of renaming, a portion of an attribute will be assigned to the object which the renaming has placed the attribute with.

It can be anything or anyone who the renaming process assigns a name to. In this case it is the easiest to track and follow lights of **The Firmament** that have come over **TIME** to be known as planets within a galaxy.

There are only two types of *Government*. All other *Governments* are a subset formed beneath the source responsible for that type of *Government's* being.

The first type of **Government** is a **Government** that is a way of life as **The Creator** has made possible and includes his guidance, his rules and his laws.

**The Creator's Government** is good.

The second type of *Government* is a *Government* that is an illusion which acts as bait to trick people into accepting a set of laws that appear to be at first the laws of **The Creator**. It is the *Government of the evil liar*.

The *Government of the evil liar* is bad.

Any *Government* that is not of **The Creator** will be using a Heliocentric Calendar.

**The Heliocentric Calendar is based upon the ad-infinitum of The Week.**

The ad-infinitum of **The Week** is how *the evil liar* and his followers, or they and them, as they and them are often referred to, as, were able to institute

The One World *Religion*.

All *Religions* are a subgroup of The One World *Religion*. Which involves other prerequisite initiation level *Religions* to be instituted first.

*Religions* such as evolution and space travel.

*The One World Religion's  
of SpaceTravel*

Satellites can be designed constructed and launched into a low earth orbit. However they would not be able to collect as junk and debris. This image depicts an event that is not real and cannot occur.

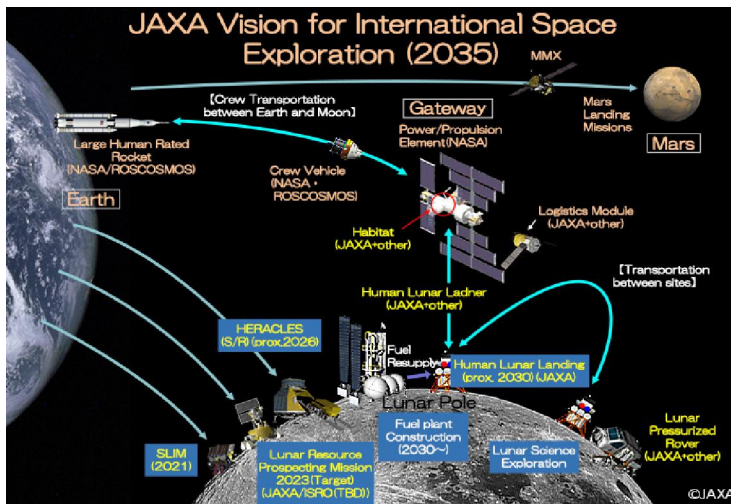

Satellites are real, can be designed, launched, but they do not do anything as you have been told.

# Space Travel

Space Travel is impossible for a ship with a crew. Or for an automated crewless ship. This image depicts something that is not real and cannot be done.

This image is a plan showing a future of events that cannot occur.

This image shows a person who is supposed to be off of The UrÆTh plane. On the surface of a foreign world. This is a depiction of an event that cannot occur.

This image is another depiction of people who are supposed to be off of The UrÆTh plane. On the surface of some other foreign world. This is a depiction of an event that cannot occur.

This image is an artist depiction of an event of some historical note which is supposed to have occurred. An event that did not happen. Because it cannot happen.

All of these images require that the people involved in accepting them as real make use of *Hope, Faith and Belief*.

Three prerequisites that are only necessary when the information being presented is information contrary to reality.

*Faith. Hope and Belief. Are only necessary to support the continuance of lies and liars.*

*Faith Hope and Belief are always necessary for everything that any Religion will have you be a participant in.*

Suffice to say. *Space travel is a Religious social dynamic which unites that congregation together in their belief that such things are capable of being.*

*Evolution*  
*everything in this image is a lie*

No species can reproduce a new kind. Every living thing has within it the seed of its own kind, and can only reproduce its own kind, with its own kind.

*Evolution*  
*everything in this image is a lie*  
Each has only its own kinds seed to reproduce.

*This is all a lie*

Forensic reconstruction does not have the ability to gather such information to produce such outcomes as these images presented to you as evolution.

The technical assignment of a title, nor the agency for which the reconstruction is done, can change the fact that this type of reconstruction is impossible.

*These are all lies.*

Were such accurate reconstructions possible of beings said to have died hundreds of thousands to millions of years ago. Including information such as how they lived and how they died. The same techniques and procedures would be, and could be, used for; SOLVING EVERY MURDER CASE EVER. Such accuracy would capture criminals within days.

There would be no unsolved crimes. Of any type.

*This is all a lie.*

No species can reproduce a new kind. Every living thing has within it the seed of its own kind, and can only reproduce its own kind, with its own kind.

*It is the religion of evolution*

## The Measure Of TIME Ad-Infinitum

The smallest and least amount of **TIME** which a person can recognize is **1 second**.

**TIME** intervals can be measured at less than **1 second** in duration.

Ad-infintum introduces a measure in **TIME** which expands the measure in **TIME** from **one second** to its next or previous **second**, into infinity.

That **Measure Of TIME** placed into the midst of **the seconds** is not a special kind of **TIME**, it is the same kind of **TIME** that goes on for longer than a **second**.

**TIME** going on for longer than a **second**, precludes it from having the ability to exist as **The TIME** from one **second** to its previous or next.

There is no such thing as, the **TIME** that is less than a **second**.

In the SI system.

[SI = The International System of Units. The International System of Units is the modern form of the metric system. It is the only system of **Measurement** with an official status in nearly every country in the world.

Metric prefixes are used on **the second** to denote shorter **TIME** intervals.

Different systems use different labels.

## **Metric prefixes on the second to denote shorter TIME intervals**

**Decisecond** (tenths):  $10^{-1}$  second

**Centisecond** (hundredths):  $10^{-2}$  second

**Millisecond** (thousandths):  $10^{-3}$  second

**Microsecond** (millionths):  $10^{-6}$  second

**Nanosecond** (billionths):  $10^{-9}$  second

**Picosecond** (trillionths):  $10^{-12}$  second

**Femtosecond** (quadrillionths):  $10^{-15}$  second

**Attosecond** (quintillionths):  $10^{-18}$  second

**Zeptosecond** (sextillionths or trillionths of a billionth):  
 $10^{-21}$  second

**Yoctosecond** (septillionths of a second):  $10^{-24}$  second

**Planck TIME** (*believed to be* the shortest *theoretically*  
measurable **TIME** interval):  $10^{-44}$  **second**

The Metric Prefix of the **TIME Measurement second**, as well as the Numerical Value Present inside of the parenthesis, define the amount of zero's to be used in showing the value, of its designation, as a length of **TIME** that will be experienced.

**Decisecond** (One tenth of a second)  
**Centisecond** (One hundredth of a second)  
**Millisecond** (One thousandth of a second)  
**Microsecond** (One millionth of a second)  
**Nanosecond** (One billionth of a second)  
**Picosecond** (One trillionth of a second)  
**Femtosecond** (One quadrillionth of a second)  
**Attosecond** (One quintillionth of a second)  
**Zeptosecond** (One sextillionth of a second)  
**Yoctosecond** (One septillionth of a second)  
**Planck time** (Shortest *theoretically* measurable time)

This is division in action. The more divided something becomes the weaker it is.

The weaker something is the less effective its influence will be.

*The evil liar* has presented to you an infinity from **one second** to the next or previous second.

The numbers are real. The application of the numbers is not real.

Just as *the evil liar* has added ad-infinitum from **second**, to previous, or next **second**, *the evil liar* has done the same for the years.

## Ad-Infinitum Years

Common year	365 d 52 Week and 1 day.
Tropical year	365 d 5 h 48 min 45.216 s[6] Average.
Gregorian year	365 d 5 h 49 min 12 s Average.
Sidereal year	365 d 6 h 9 min 9.7635456 s
Leap year	366 d 52 Week and 2 d
Biennium	2 yr
Triennium	3 yr
Quadrennium	4 yr
Oympiad	4 yr
Lustrum	5 yr
Decade	10 yr
Indiction	15 yr
Gigasecond	109 s 16,666,666.6667 minutes or 31.7 years
Jubilee	50 yr
Century	100 yr
Millennium	1000 yr      Also called "kiloannum".
Terasecond	1012 s      about 31,700 years.
Megannum	106 yr      Also called "Megayear." 1,000 millennia (plural of millennium) or 1 million years.
Petasecond	1015 s      About 31,700,000 years or 380,399,583.12 months
Galactic Year	$2.3 \times 10^8$ yr[2]      The amount of time it takes the Solar System to orbit the center of the Milky Way Galaxy one time.

Cosmological Decade varies 10 times the length of the Cosmological Decade, with CD 1 beginning either 10 seconds or 10 years after the Big Bang, depending on the definition.

Aeon 109 yr	Also spelled "eon". Also refers to an indefinite period of time.
Exasecond	10 <sup>18</sup> s      About 31,700,000,000 years or 380,399,583,123.74 months

Yottasecond	10 <sup>24</sup> s      About 31.7 quadrillion years or 380,399,583,123,744,510 months.

This is the *usurpation* of **TIME**. This is the *usurpation* of **The Week**. This is the *usurpation* of **Creation**.

The numbers are real. The application of the numbers is not real.

The numbers which represent ad-infinity both greater and smaller are not reality. They are imagination.

They are imagination because there is no infinity. All states of existence begin and end. All material measures begin and end. All forms are specific, temporary, and created with a defined purpose.

These **Measures Of TIME** ad-infinity have the defined purpose of assisting *the evil liars*, in, to, and into, *usurping The Week*.

This is The One World *Religion's* way of guaranteeing that everyone is included into their *Religion* first and foremost, and before any of the sub *Religions* they are allowed to participate in.

*This is how, and why, you have the Days of the Week.  
Days of the Week is an expression, of how they worship  
their gods.*

Who happen to be your gods too.  
Here are their Days. As well as your Days.  
This is your first *Religion*

*Sunday*  
*Monday*  
*Tuesday*  
*Wednesday*  
*Thursday*  
*Friday*  
*Saturday*

This is your secondary *Religion*

Christian  
Juadaist  
Islamic  
Hindu  
Budhist  
Sikh

The *usurpation* of **The Week** by the *evil liar* and his  
followers was the *usurpation* of **TIME**.

The entire purpose of stealing **TIME** is to have you  
work for free. Also, causing so many problems from the  
absence of rest, and the denial of reality, an entire system  
can be run on the negative fallout from the things that  
will go wrong, when people cannot eat, sleep, rest,  
recover, heal, or get what they are earning while paying  
for things they don't want or need. This is the very short  
list of things wrong.

## The Prerequisite and Criteria for *Religion*

In order to be in a *Religion* you have to Forego reality. In order to Forego reality you have to embrace imagination. *Religions* give you images and statues. Idols and symbols. Nothing substantial. Only useless material objects designed to allow the *Religious* persons imagination a focus, a focal, a focal point, for connecting to the real world.

Because *Religion*, all *Religions*, are *bad*. They all have the exact same requirement.

Every *Religion* requires its followers to *believe*, to have *faith*, and to have *hope*.

These are the tools and instruments of villainy. Anyone, in any *Religion*, knowingly or unknowingly, willingly or unwillingly, is not capable at this **TIME** of being able to discern The Truth.

The Truth allows, permits, facilitates, and enables, accuracy. The truth allows the acknowledgement of inaccuracy inclusion.

Truth is reality.

The very nature of Truth denies *Hope Faith and Belief*.

They are opposites.

Truth is acceptance.

*Hope Faith and Belief* are Rejections.

Truth ends problems, and supplies answers.

*Religion* sustains problems and removes answers.

Truth and peace are attainable.

*Religion* and peace is unattainable.

All *Religions* are connected to war, and all wars are connected to *Government*.

This war. The war that we are all in together right now. Is a war for ownership of everything. Which includes ownership of you. As with any war, winning a strategic victory in a battle, using a tactically advantageous strategy, has the result of creating favorable conditions for the side that can accomplish such a feat.

In order that we are not used as fodder for this war, or made into casualties of this war, it is best to know who is fighting this war and why.

As we are already in this war, the only way out is going to be through a decisive battle which will guarantee victory for one side or the other.

There are no noncombatants. That choice was removed when the war began. Everyone fights. Anyone who doesn't fight has already lost and is already defeated. The enemy doesn't take prisoners. The first casualty in any war is The Truth. The Truth is the first casualty because Knowledge Is Power. Hiding The Truth removes Power from those who will become uncontrollable when they have the Power. The only people being controlled are the slaves.

**TIME-KEEPERS** have the control.

**TIME-KEEPERS** have the power.

In order to have control over yourself and have the power to do for yourself you must know The Truth that is hidden from you about **TIME**.

Chapter 5  
The **True TIME**  
Having **True TIME**  
Not Having **True TIME**

The **True TIME** is literally made just for you.

The **True TIME** is **The Perfect TIME**.

Perfection is a condition of work, completion of the work, rest from the work, each stage of work having with it subcategories attached that together are a joy and satisfaction for the worker to delight in the work. Thus Perfection is achieved in the doing, perfection is earned from the process, the process is resourced by nature, nature is **Seasonal** and **Cyclical** and always at the right **TIME**.

**Seasonal** events are the major **Cycles** of Nature. Nature is the supplier of all materials used for living.

Having **True TIME** is a lifestyle that is Responsible. Having **True TIME** removes *being lied to* from inclusion of your Life. Responsibility *reveals lies*.

**True TIME** is Responsibility and Accountability

Not having **True TIME** is a lifestyle that is *Irresponsible*. Not having **True TIME** includes being *lied to* as an inclusion of your Life. *Irresponsibility* hides, protects, and defends, *liars and their lies*.

Not having **True TIME** is *Irresponsibility* and *Non-Accountability*

## The **True TIME**

Now. For the **First TIME** ever, you will see the absolute order, for, and of;

**The Measure Of TIME** the way **The Creator Created** it. Which, Is; **True TIME**. Meaning that;  
It is **Perfect TIME**.

Here, is, **True Perfect TIME**

**60 seconds is 1 minute**

**60 minutes is 1 hour**

**24 hours is 1 Cycle**

**1 Cycle is 1 complete Day-1 complete Night**

**7 Cycles are The Week**

**28 Cycles are 4 of The Week**

**4 of The Week are 1 Month**

**52 of the week are 1 Cyclical Year**

**1 Cyclical Year is 13 Months**

**13 Months is 364 Cycles**

**364 Cycles are 52 of the week**

**52 of the week are 13 Months of 28 Cycles**

All other **Measures Of TIME**, are a corrupted, *usurpation*, of, **The Creator's True**, and, **Perfect TIME**.

Every *Religion*; of which there are hundreds, Every *Government*; of which there are 83 main types, and their sub categories, They all have a different form of this **True Time**, they have a **False TIME**. They have a *corrupted usurpation* designed to venerate idols and gods to whom they worship.

**False TIME**  
Not Having True TIME

*The Lies of The False Time*

*False Time* states that there are 7 Days each Week. And that those 7 Days account for the 24 hours of each Day for a total of 168 Hours of **The Week**.

That is a *lie*.

The Truth.

**True Time:** There are 7 Days and 7 Nights. And those 7 days and 7 nights together are **1 Cycle**. **The Cycle** does account for 24 hours, each, and **7 Cycles** are **The Week**.

*False TIME* states that each Month consist of a **TIME** which is counted as a grouping of Days which in some Months are a total of 31 Days, such as; **January, March, May, July, August, October, and December**.

With another grouping of Days, which in those other months are a total of 30 Days, such as; **April, June, September, and November**.

Including one Month, **February**, which has 28 Days.

Except during a leap year, it will have 29 Days.

It is all *Lies*.

The Truth.

**True TIME:** All Months contain **4 Of the week**.

All of **the week** contain **7 Cycles**.

All Months are **28 Cycles**.

**28 Cycles** are **4 Of the week** which is **1 Month**.

This is a **True Month**.

*False TIME* states that there are *12 Months* each Year. Adding an *extra Day* every four years to keep *The Heliocentric Gregorian Calendar* aligned correctly with The Astronomical Seasons, since a year according to the *The Heliocentric Gregorian Calendar* is *365 Days*, and a year according to *Earth's orbit around the Sun* is approximately *365.25 Days*. They are not the exact same length of **TIME**. Without this extra day, *The Heliocentric Gregorian Calendar* and The Seasons would gradually get out of sync.

Because of this *extra Day*, a *leap year* has *366 Days* instead of *365 Days*. Additionally, a *leap year* does not end and begin on the same *Day of The Week*, as a non-leap year does.

This is all a bunch of *lies*.

The Truth.

**True TIME:** There are **13 Months**.

**13 Months** are **1 Year**.

**1 Year** contains **364 Cycles**.

This a **True Year**.

Their System is a *lie*. *The Heliocentric Gregorian Calendar* system is intentionally in place to confuse and confound.

It is; The system of **TIMEKEEPING**.  
*The evil liar is the author of confusion.*

**False TIME**  
Not Having True TIME  
*The Lies of The False Time*

Every *Religion*; of which there are hundreds. Celebrate, venerate, worship, and pray to the gods of **The Week**. Some of the people in those *Religions* are in it intentionally and knowingly, willfully and with purpose. Other people, of which, that includes almost everyone else who does not know **The Truth** about **TIME**, are also in the *Religion* of **The Week**, unintentionally and unknowingly, coerced and manipulated into membership.

**This is how people are forced into the Religion Of  
Days**

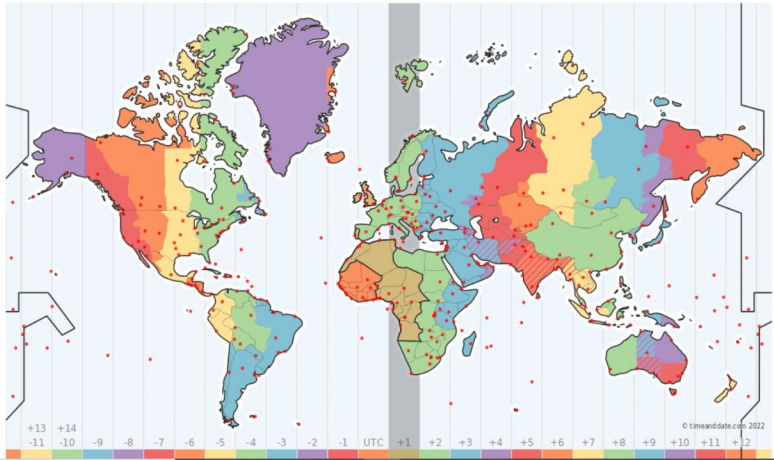

Every *Government*; of which there are 83 main types, and their sub categories. They all have a different form of the **True Time**, they have a *False TIME*.

Their *False TIME* is not only in their use of the *corrupted and usurped True TIME*, which they force everyone into using, it is also in their division of **TIME** as a Geo-Local. As a Geo-Local They choose to call it a Meridian.

*The Lie*: A Meridian is a line of longitude. Meridians are imaginary lines that divide the Earth. They are a straight line that extends from North Pole to South Pole. They measure the distance East to West. They have set the Prime Meridian in Greenwich, England, and it is the Zero Degree Longitude Line.

# TIME Zones are used to *lie* to you

Time Zone Map

**TIME** Zones as shown here can be very easily graphed.

As this is.

Using a colorcoded partition. Which this has at its base. From South to North. The color will continue without any break or change. The color will pass through Geographical Locations, inside of those Geographical Locations The **TIME** Zone would directly correspond to the **TIME** Zone at The Southern Base. To its Northern limit. Which it does not.

What **TIME** Zones do show is how *Governments and Religions ... which are one and the same ...* make use of **TIME** Zones to maintain confusion. Confusion by hiding the True **TIME** from everyone. Confusion by *forcing people to accept a lie* as reality. A form of mental abuse requiring a continued threat of violence and a stress level that does not release its tension in order *to embed the lie* and force people to make use of it. Eventually leading the people to the point they can no longer discern Days **TIME** from Nights **TIME**.

It is of the highest priority that you, as *the enslaved*.  
Never be allowed to know Truth.

Because it is True. The Truth will set you free.

With these continued alterations in place to modify the perception and use of **TIME** by *the enslaved populations*.

People will overwork.

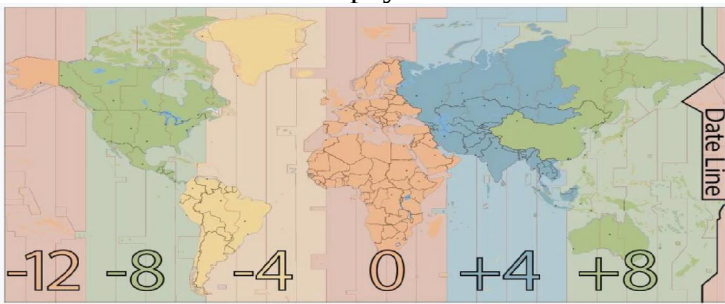

People will be underpaid.

People will be worked to death.

The hiding of True and Real **TIME** causes so many health issues and resource related problems that *the slavery of the enslaved becomes a self perpetuating event*.

*The enslaved become habituated to routines that as a consequence of their Religious lies they have faith will get better. They have hope that things will change, and they believe that one day things will happen which will bring the system which they know is evil and is destroying them to its end.*

*Religion* has made them deaf dumb and blind while *slavery* has taken everything they have ever earned from them and made these hard working people into poor sick and dying from neglect people, who have not ever, not even once, not even for one moment, had the fruit of their labor grant them its full payment.

This. These. **TIME** Zones. Are one of the main reasons why. As well as one of the main methods of how. Hiding **TIME** is essential to *making 100% profit from slave labor*.

**TIME** Zones are real.

It is their misuse, combined with the abuseful way of using them as an associated factor of life, which causes the **TIME** Zones to effectively be a weapon, which makes **TIME** Zones into the dangerous tool, instrument, and weapon, which they are now.

We live in a world that constantly have people who are out of synch with reality.

People who cannot identify Days **TIME** or Nights **TIME**. Merely by introducing the stimuli from the numbers of any clock.

People who are exhausted from overworking, and dying from illness and disease originating from the hidden **TIME** which causes false starts and stops of **Seasonal** activity that are initiated by people.

Waking and sleeping environments are traumatized by nonstop activity from people who can no longer recognize Nights **TIME** and Days **TIME**. They play their radio all night. They party all night. They dance and sing all night. Not in secluded out of the way parts of the city. But all on the city streets and sidewalks in the heart of communities where people who have not yet been brainwashed and conditioned to no longer be able to discern **Dark** from **Light** must be *terrorized and assaulted by their non-stop activities.*

**24 Hours** of non-stop, unrelenting, noise and activity.

That is torture.

It is a *Government* sponsored and sanctioned mercenary styled domestic terrorism *used to keep the slave population in a condition of malleable suggestion.*

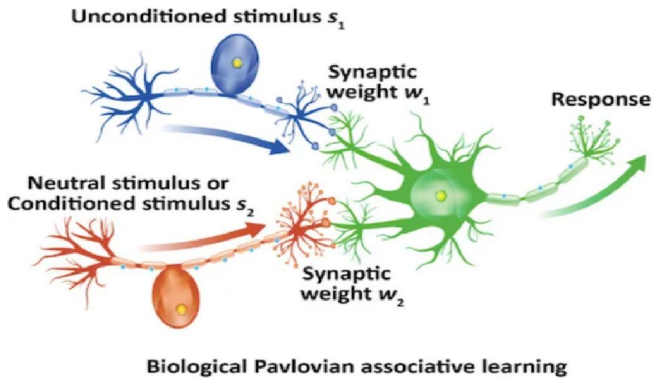

*Forcing you to recognize this lie causes you to be more easily open to suggestion from other lies and conditioning from multiple sources.*

*Exhausting your mind. Making frail your emotional control. Forcing your immune system into failure.*

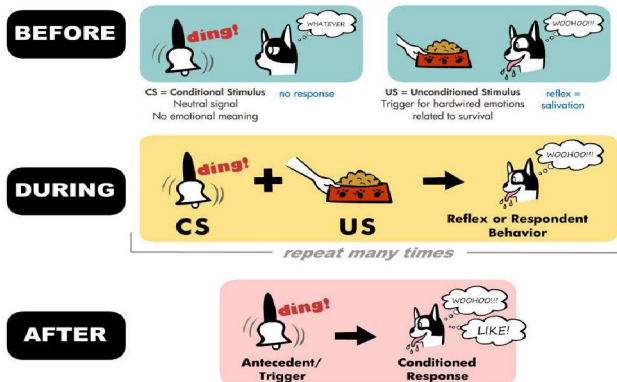

Until you are absorbing conditioning

audible conditioning stimuli

### CLASSICAL (PAVLOVIAN) CONDITIONING

*llh 2013*

This Dogs conditioning.

Is the EXACT same conditioning that you have been trained to respond too.

You have been conditioned, and indoctrinated, to respond as directed to, by, from, and for, sounds.

To, by, From, and for, Lights.

You have been overcome by toxic thoughts that are being forcefully placed into your brain and mind. Causing you to feel and to think un-natural and impure things that are harmful to you. To your family and friends. To your neighborhood. To your community. To your village. To your town. To your borough. To your city. To your state. To your country. To your nation. To the world.

For decades they did this. They used prisoners. They used patients who were supposed be in mental institutions. They used the elderly. They used the orphaned. They used anyone of age and ability to resist, but for whatever reasons of circumstance, they could not resist at that time. Until finally they openly got people who would volunteer. This series of experiments is designed to map the process of the brain and the subsequent as well as consequent reactions from audio visual stimuli.

They were searching for access to **The Crerator**. In the early years they used the information they gained from that testing to do social experiments with this.

After several test runs of experiments in movie theaters they moved on to whatever technology permitted the continued testing, which was broadcast network programs.

Which was quickly followed up with when the addition of VHS and VCR became popular home entertainment items. Followed very closely by the disc player. And culminating in the individual server managed process of digital streaming in real time.

However. It was unlikely that there was any method available that could get the targeted populations to be in front of a monitor all at the same **TIME**. In the theatre, or at home.

To defeat that problem.

Technologies were developed to specifically be conducive to the results from the experiments which proved most useful in acquiring control over the mental and emotional process of the people who were within the field of influence of these devices.

Specifically emissions of radiation which severely corrupt and destroy red bloodcell functions.

Within one minute of exposure:

Clotting begins.

Oxygen transportation slows.

Nutrient transportation slows.

Thinking ability is reduced causing higher accident risk.

Dizziness and loss of balance occur.

Vision fails.

Hearing is impaired.

These are only the reported and diagnosed corruptions of the body from the radiation emitted from these wifi devices. These are all taking place in real time. Within

**60 Seconds – 180 Seconds.**

*Wifi devices exactly like the new smart meter from the utility company and the booster towers for the 5G signal as well as the 5G devices.*

Included with the 5G is the 4K and higher frequencies which they discovered has the ability to directly interact with the brain, bypassing many, if not all of the safety functions of the psyche, which maintain the sanity of everyone.

*4k has the ability to induce mild to severe psychosis immediately and overtime.*

The goal was and is simple. Weaken your bodies immune system.

Weaken your brains safety organisms.

Weaken your will power to resist.

While simultaneously conditioning you with propaganda to direct your thinking, when you finally do get any chance to think. While technology that has physical control over your body does the rest.

It is such a vital priority that you are under their control that they have given these devices a quality of life designation and have used that lie as a reason to give these devices away for free. Insuring everyone is exposed.

While the propaganda encourages gatherings in front of the monitor with its Religious mandatory service congregational events.

It doesn't matter which *Religious event* gets you there as long as you are there.

In this way there is never no **TIME** for any of your very own thoughts to arise.

You are going to be carrying a portable monitor to expose yourself to the radiation and frequencies. Or you will be sitting in front of a monitor exposing yourself to the radiation and frquencies. Or you will place someone else in front of the monitor to be exposed to the radiation and frequencies. Or the booster towers will expose you to the radiation and frequencies. Or the utility company will expose you to the radaition and frequencies. Currently there are still many ways to avoid most of those things when you are aware of their threat and are actively taking the proper precautionary actions.

All of this is done to guarantee that you remain unaware  
of The True **Time**.

That you remain unaware of The Truth.

That you never realize that everything in existence is  
dependent upon the understanding and comprehension  
of **The Week**.

*Slave Staes.*

*Enslavery.*

*Slavery.*

It all can only exist because *you are working for free*.

*Working for free* is the entire point of *slavery*.

It is insurance that the rich get wealthy and the middleclass  
become the poor.

It is insurance that the wealthy become the authoritative  
power and that the poor become weak, sickly, diseased, ill,  
eventually criminal, depraved, oppressed, homeless.

It insures the security and safety of those who realize *money  
is useless except to control those who want it and dont have it*  
and the lack of security and safety by the *people who have  
been conditioned to place value in money and money related  
objects*.

Money is only used to attain power.

Money itself is a useless thing.

However. Power can also be achieved without any money at  
all. Which precludes the need for money to achieve power.  
*Which proves the success of the conditioning and mind  
control over the slaves. Slaves who Religiously pursue money.  
Religion has got them coming and going. When the slaves say  
no to Religion they will already be halfway to their freedom.*

To work for free you cannot be made aware of **The Week.**

*You cannot be made aware of The Truth.*

**The 13<sup>th</sup> Month** must remain hidden from you.

Those **4 Weekends** off.

Those **8 Cycles** to rest and recover.

That **Month** of pay for work.

Those **4 of The Week** of pay for work.

**The Week** pay for work.

*The life altering events which you suffered pain and damage through as the direct result of being told that there is no **TIME** for you to have off from your forced position and condition of **TIME** Keeping.*

Hiding **The 13<sup>th</sup> Month.**

*Raping you of your **TIME.***

*Youve been brainwashed.*

You believe there are only twelve **Months.**

You also believe that when it is **Dark** outside **The Lesser Light To Rule The Night** is present and **Darkness** is everywhere that it is **Morning.**

Open your eyes. On your own.

Not Like this having them opened for you.

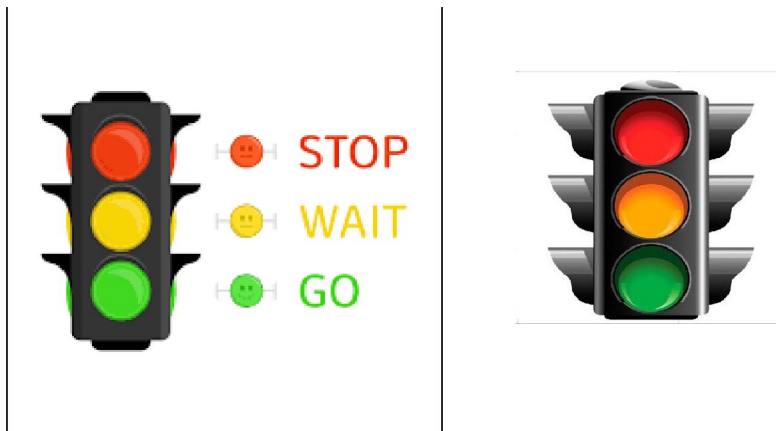

You cannot see: The World.

Until you stop, only, seeing: Their World.

*The Lies of The False Time*

The Truth:

They do not honor or respect that imaginary line of Division they have named The Meridian.

A Map of **TIME-Zones** illustrating The Division Of **TIME** they have instituted depicts specifically detailed *Government - Religious* exemption from inclusion of their imaginary line they choose to call The Meridian. It is detailed meticulously, as The **TIME-Zones** throughout the entire Map are no longer a straight line extending from North Pole to South Pole. As soon as that imaginary line connects to a Geo-Local which is recognized by the Map Makers as an authority of *Government-Religion*, or as it usually is ... both. The imaginary straight line which they tell everyone is in place for the purpose of **TIME-Measurement**, and **Measurement-Division**;  
or **TIME-Measurment-Division**.

Is immediately routed to, and merged with, the other imaginary lines they call Borders. Which proves the Meridian is not used for **TIME-Measurment-Division**.

The routeing and merging of the Meridian with Borders precludes any authority it is intended to be empowered with as an instrument and tool of Dividing the UrÆTh into **TIME-Zones**.

*The routeing and merging of the Meridian with Borders proves it is a part of the system of **TIME-KEEPERS**.*

**False TIME**  
Not Having True TIME  
*The Lies of The False Time*

*The Lie:* Their division of **TIME** continues ad-infinitum as they continue to weaponize the use of **TIME** with *Daylight Saving TIME.*

It is impossible using any set of conditions and or parameters and or any mechanics and or computers in any combination to action a process which will result in *Daylight Saving TIME.*

This is another action of Social Engineering designed to confuse and confound.

The fact that the action they propose to be causing to take place is impossible in and of itself.

With *Daylight Saving TIME* here is what is really happening.

*The Lie: Daylight Saving TIME* is historically directed at originating from Benjamin Franklin. Who said The main purpose of *Daylight Saving TIME* called "Summer TIME" in many places in the world. Is to make better use of **Day's Light.**

Them, and They, say that *Daylight Saving TIME* conserves energy, prevents traffic accidents and reduces crime. They say that longer daylight hours promote safety. Also, they say, Daylight in the evening makes it safer for joggers, people walking dogs after work, and children playing outside, among others, because drivers are able to see people more easily, and criminal activity is lowered.

*The Lies of The False Time*

Since The Sun sets One Hour later in The Evenings, the need to use electricity for household lighting and appliances is reduced. The same can be applied for the morning hours, as most people will wake up after The Sun has risen.

Everything they, and them, have said about;  
*DayLight Saving TIME*  
*is a lie*

The Truth: *Daylight Saving TIME* is a plan from the late 1800s introduced by a person who never got to see its use. It was decided to use *Daylight Saving TIME* during one of the biggest genocides and cultural destruction events the world has ever experienced. It was used during *The Big Lie* which is *World War 2*. A time when every technology type weapon, chemical weapon, biological weapon, and psychological weapon, was permitted for use. Which proves with great accuracy the fact that *Daylight Saving TIME* is a weapon.

*The Lie*: They and them say that *Daylight Saving TIME* will conserve electricity overall by causing people to use Sunlight instead of Electric Lighting of any type.

The Truth: Saving electricity in the context they present it literally means not placing an increased demand on the ability to supply electricity from the state and city companies and agencies responsible for facilitating that utility to its users.

Not Having True TIME  
*The Lies of The False Time*

*The Lie:* They say that you can save your earned income from reducing your electrical usage, by not using as much electricity for your appliances, computerized hardware, and basic necessities. With actions such as cutting off lights in areas as you exit or absent yourself from its location. And unplugging what is not in use.

*The Truth:* There are no systemic utility actions, passive or that can be activated, which will result in electrical utility bills being reduced as a monthly expense. In fact, their recommendations have been designed to increase the amount of your monthly electrical utility bill. On an individual per household basis, saving electricity is an impossible feat, as the system is designed to always have access to your resources from earned income.

You cannot legally disconnect your home from the state and city electrical utility infrastructure. You are forced to pay a utility bill monthly even when your lifestyle has zero requirements for a state - city grid based electrical input system.

There is nothing you can do that will decrease, or end, the monthly electrical utility bill from the state – city socially engineered format designed to force your inclusion.

The ability to distribute technology that establishes the use of electricity without billing has existed for decades now in various forms.

There is no reason to pay  
**Monthly** utility bills for Water  
and Electricity.

The **Island Sky** Companies machine uses atmospheric water vapor condensation processing.

Air is sucked in through the vents, filters purify the water the condensed moisture drips into the collection tank where it is treated with ozone and filtered again. to literally make water from out of the air.

The cost in this machine is linked to the cost of its parts.

However cost of the parts will be linked to usage.

In every way that counts you control the amount you will pay for its continued usgae.

The result is you will no longer be required to pay water bills for state, city, or private state and city partnered agencies, to supply you with water through the grid.

The small machine produces 20 liters a day.

The larger industrial machine produces 40-100 liters of water a day.

**Veiga** invented a drinking water extractor in the 1990s to combat droughts in southern Spain but, at that time, the device couldn't withstand temperatures of 40°C and it could only work with humidity below 8%.

Another NonGrid no monthly bill water provider.

**Atmospheric Water Generator Contracting LLC**, also brings clean, affordable drinking water through nongrid technology.

All of these technologies are non grid. You own the water making device and are responsible for your own waterusage treatment and storage.

If for any reason any of these companies have been forced to align themselves with the monthly billing system, in any way, they have been severely, and critically, compromised, in which case, they are no longer a trustworthy source.

That would be the bad. However. This technology is incredibly easy to design and build yourself.

Meaning that using their machines is only a convenience, not a necessity. You can build your own.

Either choice. Build your own or use a premade machine gets you off of the grid.

You have to begin with water. Because everything begins with water.

The first thing the Creator did when he began to make The UrÆTh was to Gather The Water.

So always begin with the water no matter what it is you are doing.

There is no reason to pay **Monthly** utility bills for water and electricity.

# The Mercury vortex in a magnetic field

*MERCURY*

*VORTEX*

*MAGNETIC FIELD*

Here you have the material MERCURY. Its Kinetic, the VORTEX. And its containment, the MAGNETIC FIELD.

The Mercury when placed inside of a Magnetic Field will move at incredibly fast speeds in a Vortex. The Vortex ionizes and static charges particles exciting them into a state that we call electricity.

Which happens to already be everywhere in an unexcited state.

After these three initial stages of action are done to produce electricity your own needs and specific requirements will be the framework from which you design the storage for the electricity, and the AC DC voltage outlets system which you will plug things into.

As a basic rule. You build one battery per plugged in item with circuit breakers throughout.

# Compressed Air.

Simply place compressed air in tanks. Using the natural air. The differential pressure it creates is used as the power source.

The proven safety of this goes to Submarines and scuba diving. There are no safety issues with compressed air. As with all things you have to care for and maintain the integrity of the Tanks.

The only operating cost is to refill the air tanks. Which is something that can be reconfigured to suit anybody's needs and done in any many types of ways.

A **Stirling engine** is a heat engine that is operated by the cyclic compression and expansion of air or other gas the working fluid between different temperatures, resulting in a net conversion of heat energy to mechanical work. This extremely simplistic design and incredibly easy manufacture only requires heat to produce electricity. Because it does require heat to function as a generator it must be considered as a secondary power source at all times. However that said. The source of the heat can cause its functionability to be a primary source of power electricity generation.

Stirling generator Patent Design Plans.

Stirling Generator modified as needed by its users

The original Stirling Generator with only the absence of a heat source beneath it

**Steorn technologies** produced a form of energy that works by constructing magnetic fields which produce a net gain of energy when the magnetic field is traveled around with other objects. It has been peer reviewed for years and no fault has ever been found.

## Solenoid Magnetic Field

**Two australlian inventors** using only magnetic repulsion, magnetic attraction, and a battery, created a new generator which produces 5 times more power as output than it requires as input. Also peer reviewed and passed all inspections. With that much output you can rechannel One Fifths of its energy back into itself then use three other portions of that fifth as outgoing power to use for anything else and place one fifth of the generators output into a safety feedback reserve to protect itself and anything recieveing power from it. Using breakers, capacitors and other required directing material for electricity.

Generating 24 kilowatts of power per day in the original design.

Meaning its starting power was 4.8 kilowatts.

You can make your own battery using water and capacitors.

**The Jtech**, similar to The Sterling engine, converts heat to electricity by pushing hydrogen through a membrane. Has the ability to power entire cities as several small power stations or as large power stations. People can also bypass the power stations completely and simply use the technology themselves in their homes and vehicles.

## DePalma Generator

Machines like the depalma engine which also has a 5 to 1 output, and was also peer reviewed is capable of taking over the duties of any form of electricity supplying facilities, that are supplying electricity, for a monthly fee. As well as replacing any types of vehicles electricity power generators, storage, and suppliers.

## Zero Point Energy

converting zero point energy to electricity. Levitation machines which function by using translational movement which means objects become lighter using self resonance through a power amplifier of using broad and narrow bands of electrical energy going through a crystal, or a grouping of common crystals that are found everywhere. Each palmful amount of crystal will produce half a volt of electricity while also creating a levitation effect. Uses of the levitation are propulsion and research. Merely by collecting crystals and placing them in groupings they become generators of electricity.

**Thomas Henry Moray** (August 28, 1892 - May 18, 1974) was an inventor from Salt Lake City, Utah. He received application for US patent 2.460.707 in February 1949.

Having created the first Zero Point Energy device of this era . He stands alone in a very unique position of meeting the most resistance, as he was denied his patents, even though they personally oversaw the testing, along with hundreds of other highly qualified observers.

## Thomas Moray and The Moray Valve

The primary component of the Zero Point Energy device designed by Thomas Moray was a non-heated vacuum tube.

At the time most vacuum tubes had heaters built inside.

He developed a power source which produced 50,000 watts of a cold form of electricity.

They use the term claim as a legal clause to give themselves the ability to disclaim any type of association with Thomas Moray or his technology, whenever it suits their needs to do so.

However. The same people also paid Thomas Moray 25 dollars each cycle, in 1944. In 1944 the average Hourly payrate was 0.30 cents per hour which for an 8 hour shift was 2 dollars and 40 cents.

Thomas Moray was getting more than 10 times the 1944 daily earnings to produce electricity, making a profit, that means he was still being underpaid.

To produce electricity on their behalf, using his inventions and technologies, there had to be a profit margin. Meaning it produced even more electricity than even he was aware of, and he was underpaid.

## ELECTROSTATIC Engine Generators

They generate electricity by running water flowing through metal cans and into a collection can with diagonal wires forming an X from the two cans of passage to the two cans of collection. The method used to store or use the power thereafter will determine the next phase of mechanical development by its user.

## The UrÆTh Battery

The UrÆTh Battery is made by running the negative wire fully extended for a distance of 12 feet, placed firmly into the ground with a magnesium ribbon, 2-3 inches under the soil.

The positive line also runs 12 feet in the opposite direction for a total distance of 24 feet. Which mean that each grounded connection is 24 feet from the other. With the meeting position being in the middle. Meaning the connecting end of the wire is on the inside of the total 24 feet running length of the Two wires. Using copper wire increases the miliamp output. producing from 20-50 miliamps depending on the varaibles.

There is no time limit on this method for use. The power will continue for as long as the wires the magnesium ribbon and the copper survive the elements and the exposure to nature. Sereis and parallel connections will increase the power. Be sure to include breakers per section to save the system from a total collapse or complete breakdown by isolating their failure.

These are all ways of owning your own water and electricity devices so that you never needs pay a monthly utility bill again As well as to assist in a better environemnt through nontoxic nonpolluting actions.

None of them need ever use fossil fuel again. They can literally use the air they are flying through. The Water vapor which forms on the planes body. The existing Water in Airplanes used for many of its functions. Sea water, which is conveniently located at or near every airport that exist.

The savings in airfare for the plane crews passengers, for any type of reason, are passed on as a cut in price of more than 70% of current rates. Although they will most certainly lie and bring that savings number to 50% in order to skim the 25% more savings off the top as embezzlement funds or something similar to that.

Its easy to see the savings because the prices are already posted for everything. It would be 70% for the customer at the least.

For other passenger vehicles the savings easily rises to 80 and 90%.

Fossil fuel is the reason for nearly all inflation and all environmental poisoning.

Everything from the way it is extracted for use to refinemnet for use to the use itself is extremely harmful to the environment and via that harm to the environment it is harmful to all of life.

For everyone else there would be virtually no expense to owning their vehicle outside of maintenance which you can do yourself and the extortion rape of insurance. If you were smart enough to not buy a vehicle that you cannot actaully afford because you hear the word credit and are such an easy mark. Some people are not that smart.

There exist technology developed by inventors which is specifically designed to be placed in vehicles and never need maintenance.

There is no planned obsolescence in these devices because they are not being manufactured for retail by the existing liars and thieves who are the major suppliers of everything you have right now. Devices that completely remove the need for oil and gasoline from the vehicles design and use. As well as parts and devices for other parts of the vehicles which vastly improve the vehicles quality, durability, and reliability. Making it safer, more secure, and longer lasting.

# No Oil. No Gasoline. Perfect.

Several vehicles since the early 1920s have been invented which do not run on oil or gasoline of anykind. Those invented that do run on oils and gasolines are getting as much as 150 miles per gallon, and others are getting as much as 400 miles per gallon.

Those designs are defined in their system as disruptive technology, and dangerous mechanics.

To counter the not at all disruptive technologies and the in absolutely no way dangerous mechanics they included

No Opportunities equals enslavement.*

## *Planned Obsolescence*

*Planned Obsolescence* means it was broken before you ever purchased it.

*Planned Obsolescence* is another way of saying sabotage. Sabotage is the act of doing deliberate damage to equipment, transport, machines, etc. To prevent an enemy from using them. It is also the act of deliberately spoiling something in order to prevent it from being successful.

Sabotage is a crime.

Whoever, with intent that his or her act shall, or with reason to believe that it may, injure, interfere with, interrupt, supplant, nullify, impair, or obstruct the owner's or operator's management, operation, or control of any agricultural, stockraising, lumbering, mining, quarrying, fishing, manufacturing, transportation, mercantile, or building enterprise, or any other public or private business or commercial enterprise, wherein any person is employed for wage, shall willfully damage or destroy, or attempt or threaten to damage or destroy, any property whatsoever, or shall unlawfully take or retain, or attempt or threaten unlawfully to take or retain, possession or control of any property, instrumentality, machine, mechanism, or appliance used in such business or enterprise, shall be guilty of criminal sabotage.

*Planned Obsolescence* is Sabotage.

The main goal of *Planned Obsolescence* is to always cause you injury harm and death. At no **TIME** are you to be afforded the peace you have earned and the rest you deserve. That is why *the extortion of insurance exist* and the known amount of mechanical failures are prerecorded as a quarterly estimate. *It is all Sabotage.*

Sabotage is when your activity is interrupted intentionally in a way to cause you harm.

## *Planned Obsolescence*

is required

In order to do away with the incredibly, efficiently, economic, amazingly satisfying psychological, and the spectacular physical satisfaction, all of which would have been the standard for everyone in those well made vehicles and using those well made artifacts of society.

The decision was made at the highest levels to introduce and to maintain the lowest levels of quality artifacts and vehicles, with the highest levels of lies.

The combination of low level quality material objects, and high level quality written, and spoken lies, guaranteed confusion would be the normal condition for everyone who was affected by the two part deception.

Those who *believe* will defend *the liars* and their faulty material objects. Those who have *faith* will support with repeating patronage. Those who have *hope* will spread *the liars* message *hoping* that it will be true for someone, anyone. The experience itself a *Religious* one. The

*Religion of economy The Religion of Money.*

*One of the Major Religions*

It is because of the success of the *Religion* of money that *Planned Obsolescence* has so far managed to stay around. Those who worship money harbor greed in their hearts and gluttony in their minds. Always wanting more.

Never having enough. The greedy will accept anything as long as it will end with the greedy having more of whatever their greed is interested in having at that time.

Being a partner to the crime of sabotage is not the least bit discouraging to that *Religious* lot.

No Oil. No Gasoline. Perfect

True inventors have overcome the *Planned Obsolescence* and have introduced into society mechanical devices which work for a lifetime, and increase the quality of ownership. The most important inventions in that regard are the ones that remove the requirement for fuel from gasoline and oil.

An independent inventor created water powered blowtorches and motors

Using water and electricity.

They break the water down using a very unique electrolysis process.

The electrolysis process makes HHO gas, which, when its used, immediately turns from fire and flame back into water again.

The HHO Engines are capable of accomplishing 108 miles of driving for every 4 ounces of water.

The HHO Engines have passed all safety inspections and all testing analysis inspections.

# The Water Fuel Cell

Another local inventor also used water as fuel and called it the water fuel cell.

The process used is to break down the water into its hydrogen and oxygen components.

Any water is capable of being used with no adverse effects to the fuel cells.

Their test dunebuggy was calculated to be able to drive from Los Angeles California to Manhattan New York using a mere 22 gallons of water.

20 Gallons of Water

That is 126.8 miles of travel for every 1 gallon of water.

A 42 hr drive on  
the I-80 E for  
2,789.4 miles.  
That is a drive  
across the entire  
United States.  
From end to end.  
Using ZERO  
GASOLINE.

42 hr (2,789.4 mi) via I-80 E

# Nikola Tesla

It has been almost 100 Years since Nikola Tesla invented a wireless electricity transmitter that would send power into the air which would be recieved by the electricity collectors wherever they were set up to recieve the sent power.

This invention worked PERFECTLY.  
Zero Danger. Zero emissions.

The only existing cost for the end user would be installtion of the electricity reciever. Nothing required any actual maintenance.

Unless it was intentionally destroyed.

Nothing is 100% free. Most things require a basic installation fee and that would be the only cost for life.

That said.

No *monthly utility bills* would exist because, to recieve electricity does not require any actual maintenance. Or special service.

Electricity is an abundant and plentiful self regenerating resource. Only an intentional attack to the electric field could ever deplete it.

*Politricians are liars.*

*Government-Religion is staffed with Politricians.*

The *Politricians* tell you that there is GlobalWarming.  
The *Politricians* tell you that there is a fossil fuel  
shortage.

The *Politricians* tell you that there is an oil shortage.

Presented in this book is 17 methods that exist right now  
which can literally overnight end Global Warming if it  
were real.

Which could also end the fossil fuel shortage if it were  
real.

Which would also end the oil shortage if it were real.

Among these many wonderful inventions that remove  
grid reliance for electricity and water there have been  
discoveries which have been able to repeatedly create  
coal, oil, and fossils which can be manufactured into  
fossil fuel.

Those discoveries began in the 1970's They were peer  
reviewed and to this **TIME** remain a repeatable  
experiment with the same results.

Oil can be manufactured in **30 Cycles**.

Coal can be mass produced in **60 Cycles**.

Fossil Fuels can be mass produced in **120 Cycles**.

There is also the fact that drained oil wells have refilled  
themselves after depletion. Within varying  
**TIME**frames.

Even without all of these discoveries and inventions there  
is no reason for such high cost for oil and gasoline were  
they the only sources available.

## No **Monthly** utility bills

Water and Electricity require only the cost of the machine or the device . A one **TIME** purchase. That same energy is also used for vehicles. No Gasoline or Oil required. By Hiding The 13<sup>th</sup> Month they hid the truth of many things,

You are told that *Daylight Saving* **TIME** will make those electricity and water bills lesser because of the way that they are again rescheduling your **Hours** and structuring your access to Days **TIME** and Nights **TIME**.

*Another lie.*

Obviously.

You now know the truth about electricity and water and oil and gasoline.

Therefore you also now know that every warning you have ever gotten that originates as a threat of impending danger from the scarcity or lack of water and electricity is *a lie the Politicians are telling* to introduce to you a new *Hegelian Dialectic* and to enforce existing *Conditioning* from the primary and secondary initiators and triggers.

All of which are in place to weaken and sicken you.  
All of which results from **The 13<sup>th</sup> Month** being hidden from you.

*The Lie:* They, and them, say that *Daylight saving TIME* will prevent traffic accidents and reduce crime.

The Truth: Studies link the lack of sleep at the start of *Daylight saving TIME* to car accidents, workplace injuries, suicide, and miscarriages. The early Evening Darkness after the end of the *Daylight saving TIME* period is linked to depression. The risk of suffering a heart attack is also increased when *Daylight saving TIME* begins.

*Daylight saving TIME* has the effect of reducing a persons physical and mental state to a level that weakens the person enough to make the person compliant to suggestion.

*Daylight saving TIME* causes physiological and psychological illness profound enough to remove the will for people to fight in their own defense.

*Daylight saving TIME* is responsible for the condition of having a weak mind, a weak body, weak emotional control, and overall being a weaker person who is capable of less, the longer and more repeatedly that you are exposed to the process of *Daylight saving TIME*.

## Chapter 6

### **An overview of what is being stolen from you**

*The Lie:* Is that **Summer** is **The First Season**. That is simply not the case. Which is why *it is a lie*.

The Truth: Every Year The *Governments-Religions* steal **1 Month** from you, **1 Cycle** from you, and more. Here is how it is done.

Starting at the beginning to show you their deception.

After **The Creator** gathered The Waters and formed Meres, then from Meres he raised **The Country**, **The Creator** then sowed **The Countries fertile soil** and from **The Country of fertile soil** came forth all Plants.

From within **The Week** is **The Creation** of each **Cycle**. From **The Cycle** we know exactly when **The Creator** began. **The Creator** Began in **The Season** that is **The Spring**.

Therefore **Spring** is **The First Season**.

What temperature is considered spring?

Spring temperature averages range from a high of 69.9 degrees Fahrenheit (21.1 degrees Celsius) in Florida to a low of 24.7 °F (-4.1 °C) in Alaska. For the entire United States, excluding Hawaii and Alaska, **The Season** averages **52.0 °F (11.1 °C)**.

From this temperature definition we can determine that **The First Week**, in, **The First Season**, was **The Week** of temperatures all stable and ranging above **52.0 °F (11.1 °C)**. Not reaching any higher in temperature than **69.9 degrees Fahrenheit (21.1 degrees Celsius)**

An overview of what is being stolen from you

**A Season is 84 Cycles.**

**84 Cycles are 3 Months.**

**3 Months are 12 of The week.**

**The week is 7 Cycles.**

**1 Month is 4 of The week.**

**4 of The week are 28 Cycles.**

**28 Cycles are 1 Month.**

This is true of every **Season**.

**Seasons are Septenary base-basic.**

The **Septenary** base-basic is designed from the **Sexagesimal** base-basic. As such, the **Sexagesimal** base-basic will emerge in the pattern that **Measures TIME** most often as the numbers **4** and **3** being divisors or multipliers. As well as the 4 and 3 themselves forming **The First Septenary TIME. The Week** Which is **7 Cycles**

Such as; There are **52 of The Week**.

**52 of The Week** is divided into **4 Seasons**.

Each of the **4 Seasons** is **3 Months**.

4 plus 3 is equal to 7.

While 4 multiplied by 3 is equal to 12.

Thereby 4 and 3 are the multipliers and divisors of; Both **The Sexagesimal** and **The DuoDecimal**, which together are the entirety of **The Measurement Of TIME**.

*They have hidden from you **29 Cycles**.*

*They have stolen **1 Month** of the year. And **1 Cycle** from the next year from you. For every **Year** of your life. In this way they remain wealthy and you remain enslaved*

**Information**; the facts and or details about somebody or something, **is Knowledge**. **Knowledge**; the information, understanding and skills that you gain through education and or experience, **is Power**.

**Power is the ability to control people and or things.**

An overview of what is being stolen from you

Here is the intended way **The Year** is designed by **The Creator** to be lived.

The **Month** they have been hiding from you. Is **The Month** in its 4 parts as **The Week** you are meant to use for the purpose of study.

The **13<sup>th</sup> Month** is not made to be a continuous **Month** of **28 Cycles** like every other Month.

The **13<sup>th</sup> Month** is made to be a Designated **TIME** to experience **The Week**. It is a **TIME** used to become stronger in your comprehension of **The Week**.

To that end. **The 13<sup>th</sup> Month** is experienced as an individual **7 Cycles. The Week**. At the end of each **Season**. Prior to the next **Season**. After each **84 Cycle Season** A period of **7 Cycles. The Week** is set aside from the inclusion of any other activities and the person uses that time to learn and grow in the wisdom of reflection from memories and from practice of activities. The **TIME** is used to compare your decisions to the laws rules and guidance from **The Creator** and make corrections to adjust any actions so that they will be within the parameters of **The Creators** design.

It is a **TIME** for alignment of your mind with your brain. Of your emotions with your feelings. Of your actions with results. Of your words with your deeds. It is a time for internal introspective judgement as **The Creators** Laws, Rules, and Guidance, have made way to be accomplished.

It is **The Week** of Study.

An overview of what is being stolen from you

**The Week** of Study is not *an event*.

**The Week** of Study is not a *holy day*.

**The Week** of study is not a *holiday*.

**The Week** of study is not for *parades*.

**The week** of study is not for *parties*.

**The Week** of study is not for *celebratory gatherings in its honor*.

**The Week** of study is not for *anthropomorphic veneration of **The Week***.

**The Week** of study is not for *crafting **The Week** of study idols*.

**The Week** of study is not for *promoting **The Week** of study*.

**The Week** of study is not for *anything political, or related to politics, on any level, in any form, in any setting, for any reason, ever*.

An overview of what is being stolen from you

**The Week** of study is not a transitional phase of **The Seasons**.

**The Week** of study is not a middle position that merges **The Season** which has ended and **The Season** which is yet to begin.

**The Week** of study is a **TIME** without **The Season**.

**The Week** of study is outside of the **TIME** used for **Seasonal** accounting.

**The 84<sup>th</sup> Cycle** ends **The Season** and **The 92<sup>nd</sup> Cycle** begins the next **Season**.

Among the **84<sup>th</sup>** and the **92<sup>nd</sup>** **Cycles** there is no **Season**.

Among the **84<sup>th</sup>** and the **92<sup>nd</sup>** **Cycles** there is only **The Week**.

**The Week** of study has only one function.

**The Week** of study is for **The Week** of study.

An overview of what is being stolen from you

Now you know how a **True Year** is formatted and arranged.

Now you have seen **The Month** that has been hidden from you and how it was hidden.

This information places you closer to understanding your enslavement and powerlessness and the enslavers vast wealth and far reaching power.

It is no secret that in order for someone to be enslaved the enslaved must be working for free and the enslavers must be gaining the reward, profit, and gain for and from the work of their slaves. That is how a slave system is organized.

**TIME** is what you must respect, understand, comprehend, and never, ever, under any conditions, take lightly, or for granted.

To respect, understand, comprehend, and never ever take **TIME** for granted. You absolutely must acknowledge **The Creator**.

You must know and live your life in direct measure to the laws rules and guidance **The Creator** has given to The Chosen.

**The Creators** Laws Rules and Guidance are all **TIME** base-basic. Because all of **The Creators** Laws Rules and Guidance originate from within his greatest of Creations, **The Week**.

# *The Hidden 13<sup>th</sup> Month Syndrome*

The Hidden **13<sup>th</sup> Month** is responsible for every un-naturally occurring negative condition people experience in life. Directly. Indirectly. From every direction. Affecting the psychology. Affecting the physical. Affecting the emotional. Affecting the thinking. Affecting the feeling. Affecting the soul. Affecting the spirit. Affecting every part and portion that is your being.

Such a condition requires treatment.

Information that has analyzed and detailed **The Hidden 13<sup>th</sup> Month Syndrome** such as what is shared in this book form, is the first step to treatment, and the cure.

For the purpose of treatment of the syndrome **The Hidden 13<sup>th</sup> Month Syndrome** can be catalogued as **TH13MS**.

When people are *raped* of their **TIME** they are being *raped* of life itself.

As your life is being taken from you all manner of susceptibility becomes your kinetic immediate now.

**RAPE** is a forever crime. Its effects continue through the life of the victim and continues onward for generations.

That is the truth the judicial system chooses to ignore.

The consequences of the *rape* are immediate and do not lessen with age.

*Rape* is the only true and real crime taking place, the *rape* is hidden, protected, behind the mask of other names, to not allow the reality that all crimes are the consequence of the victim of a *crime* having said **NO** and the *criminal* doing the *crime* anyway. *Sexual rape* is only one of the *many rapes occurring* during a crime.

To enslave a society *Rape* must happen.

To have a slave state *Rape* must happen.

To own people *Rape* must happen.

For people to not be able to have things in life *Rape* must happen.

That is why *Rape* is permitted.

That is why *Rape* is encouraged.

That is why *Rape* is rewarded.

When the people have reached an explosive condition from the all of the *Rape*. A SATISFADISTRA is then scapegoated to appease the *Religious* mob. The *Religious* mob will accept the scapegoat as atonement for the crimes allowing the *masterminds the kingpins and even in many cases the order follower who did the raping* to not face any form of punishment, judicial, civil, personal, financial, nothing consequential for the crime, and nothing to compensate the victim for their loss, plus, no actions taken to protect others from *the criminals involved continuing their raping spree*. The punishment if any punishment is delivered at all, is given to the wrong person and the correct person is set free, or not punished in a way that is precedent to the crime.

All of the *Rape* endured, has produced many medical conditions, as the resulting consequence.

The *Usurpation* of **The Week** is another *Rape*.

**TH13MS**

Is the resulting Consequence.

An overview of what is being stolen from you

When The *Governments* and The *Religions* hid The **True Year** from you and stole your **TIME** they were not only enslaving you, and controlling you for their own ends, other things happen durring your enslavement which are equally as horrible and terrible. All resulting as a consequence of the **TIME** stolen from you.

## **What You Earned And Are Owed**

A definition of what is happening now and has been happening all along

**Slave State:** Any *Government* that maintains slaves within the imaginary borders of their real plantation

**Hostage:** A person who is captured and held prisoner by a person or group and who may be injured or killed if people do not do what the person or group is asking

**Thief:** A person who steals something from another person and or place.

**Enslavement:** To make somebody a slave.

**Slave Trade:** The buying and selling of people as slaves.

**Slaver:** A person who bought and sold slaves.

**Slavery:** The act of having slaves.

**Slavery:** The state of being a slave.

**Slave:** A person who is owned by another person and is forced to work for them.

**Robbery:** The crime of stealing money and or goods.

**Steal:** To take something from a person, a shop, or a store, without permission, without paying for it, and without intending to pay for it.

## TH13MS

When an entire **Month**, and more, of your **TIME**, is hidden from you, stolen from you, and during that **TIME**, you are doing forced labor. Many things happen.

People are creatures of habit, and having a good routine offers a way to promote health.

*Having a bad routine offers ways to promote being unhealthy.*

Having a good routine creates an environment of wellness.

*Having a bad routine creates an environment of not being well.*

Having a good routine through structure and organization greatly improves your health.

*Having a bad routine through structure and organization greatly worsens your health.*

**28 Cycles. 1 Month. 4 of The Week.**

Are being stolen from you every **Year**.

It is established that *you have a bad routine, in a bad environment, that worsens your health.*

You also now know, that *your bad routine*, is the consequence of *having an entire **Month** stolen from you.*

## TH13MS

### PHYSICAL RESPONSE

Having **28 Cycles** *stolen from you.*

You are not properly rested.

That is a fact.

*The absence of proper rest*

as a consequence, of the **TIMES** for rest.

**That TIME for rest being The Weekends.**

Being *hidden* from you. As well as, *you, being forced to work* during those **Weekends**, which were *hidden from you.*

And work through **The Hidden Week** as well

**The Weekends**, which is hidden from you, is designed to facilitate for your full recovery.

Enslavement has caused you many chronic health conditions.

All of which are made manifest because you are not getting enough sleep, nor are you being allowed to become rested, on a regular basis, as part of a good routine.

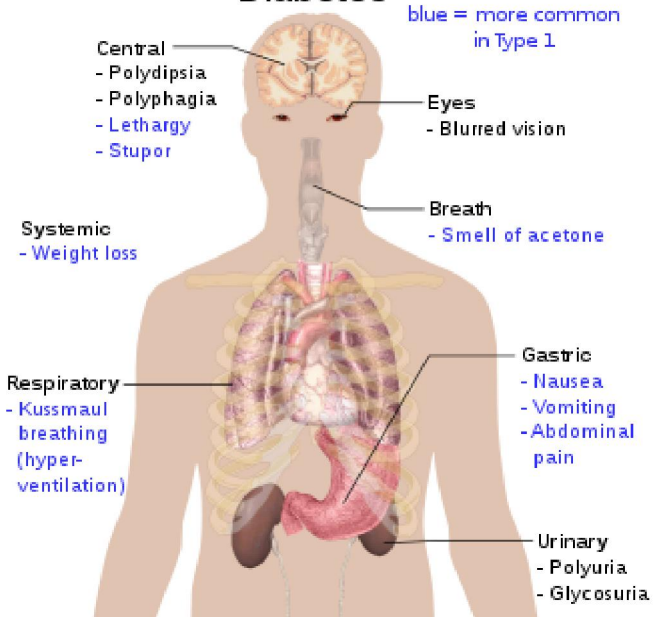

This absence of a good routine, as well as the absence of **The Weekends** for rest and recovery. Along with the absence of **The Week Of Study**. And the fact that when you are intended to be resting, recovering, studying, and living well, you are instead forced to work.

Has caused you to have:  
*high blood pressure,*

*diabetes,*  
Main symptoms of  
**Diabetes**

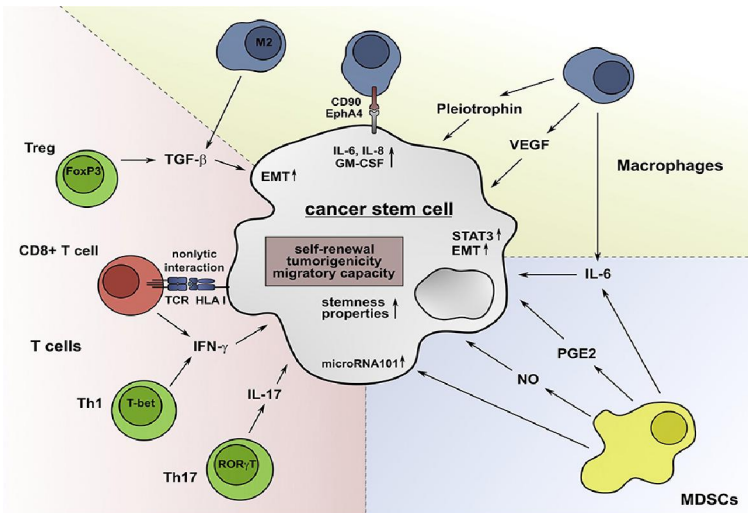

*heart failure,*

*coronary heart disease,*

*and certain cancers.*

*Being overworked, undernourished, fatigued, malnourished, diseased, and with several illness. You are more likely to have a stroke.*

## Types of Stroke

*A Stroke, is an expected, and predicted, outcome, from the bad routine you are forced into. As a consequence of **The 13<sup>th</sup> Month** being *Hidden from you*.*

As opposed to having and using a routine aligned with The True **TIME**. True **TIME** is the good routine **The Creator** himself designed just for his chosen. **The Creator** made **The Week** specifically so that **The Year** would have **52 of The Week** specifically so that there would be **13 Months** to each Year. With the design being to insure that you have **TIME** enough to accomplish your task in their **Seasonal** and **Cyclical** respects. **The Creator** knows our **TIME** is finite and precious. Therefore our health and life depend on how we use it.

Researchers have found links between **family routines and children's social skills and academic success**. Also, **routines are valuable for families during times of crisis**. If a parent is ill, for example, **children with routines are better able to cope**.

You were given a routine *in order to force you to work, mandate a religion for you, instill disease within your being and throught your lifestyle, hide **The Truth** from you, hide **The Week** from you, hide **The 13<sup>th</sup> Month** from you, steal your **TIME**, Rape you, Rape your children, enslave you, make the rich wealthy, make the poor homeless, have you working for free, dumb you, deafen you, isolate you, divide you, lower your intelligence level, miseducate you, condition you, indoctrinate you, program you, control you, redirect you, confuse you, overwhelm you, misplace you, keep you uncomfortable, crowd you*, these are the things the routine you are given by the people who have **Hidden The 13<sup>th</sup> Month** and intentionally, knowingly, willfully, strategically, tactically, deployed these consequences to, and for, their benefit.

**The 13<sup>th</sup> Hidden Month** is the basis for everything wrong in the entire world happening to every individual that is not the result of **Nature and Natural environmental Seasonal Cycles**.

# Family Routines

**Family Routines** reduces the impulse and reduces the curiosity of a child to pursue thoughts and engage in emotional actions and reactions which allow behaviour such as hyperactivity, impulsiveness, and other behavior disorders. Routines provide TRUTHFUL and HONEST explanations for actions, and answers for questions, No manipulation or lies are required to get the results of having a good child. A good routine is required to get the results of having a good child. **Years** and **Decades** of study and research have revealed *low levels of family routine are tied to oppositional defiant disorder, in which children are hostile and resentful.* The same research has also revealed that *problem behavior is more common among children who don't have consistent morning routines, mealtimes, bedtime, and homework time.*

When Good Routine Is Especially Important

# Good Routines

# Good Routines

# Good Routines

# Good Routines

When **The Creator** made **The Week**. Routines were designed into each and every aspect of its **Creation**. **TIME** is **Created** to facilitate the ability to properly make use of **The Week** from its smallest **Measurement of Divide** to its largest **Measurement of Completion**. **The Creator** explains how these routines function, what they are, and how to live cooperatively with their mechanisms. **The Creator** has made natural divisions of **Days TIME** and **Nights TIME**. Of **The Cycle**. Of **The Week**. **The Month**, **The Season** and **The Year**.

Within those natural divisions he made subdivisions of **Septanry**, **Duodecimal**, **Sexagesimil** whole numbers. From **Ordinal** interactive dynamic **Fractions** with the multiplication, division, addition, and subtraction, of the **3** and the **4**. Because **3** and **4** are the only numbers **The Creator** made manifest to make everything.

This is The Routine from **The Creator**.

Natural Process of Life.

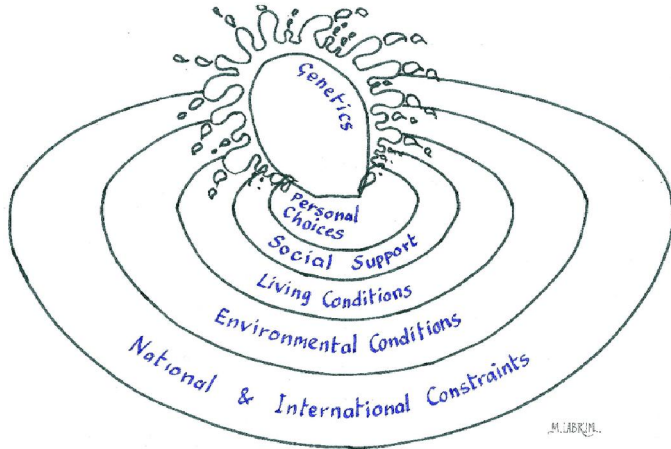

The Rotuine from **The Creator** has its **Measurement of Completion** in **The 13<sup>th</sup> Month**.

**The 13<sup>th</sup> Month** is what brings balance to all life, and all of **Creation**. As **The 13<sup>th</sup> Month** is **The Week**. And **The Week** is everything. When They hid The **13<sup>th</sup> Month** all of the world became ill.

*TH13MS* began.

Every *illness* in every society in any of the 83 *Government types* in all of *The Religions* is traceable back to its origin as *TH13MS*. Directly and indirectly.

## Circadian Rhythms

**Circadian Rhythms** are the periods of rest and activity that you go through in a typical Cycle.

*Disruptions of these Cycles trigger depression,*

*mood disorders,*

*and other problems.*

Researchers also found that people with **Disturbed Circadian Rhythms** were more likely to be *lonely,*

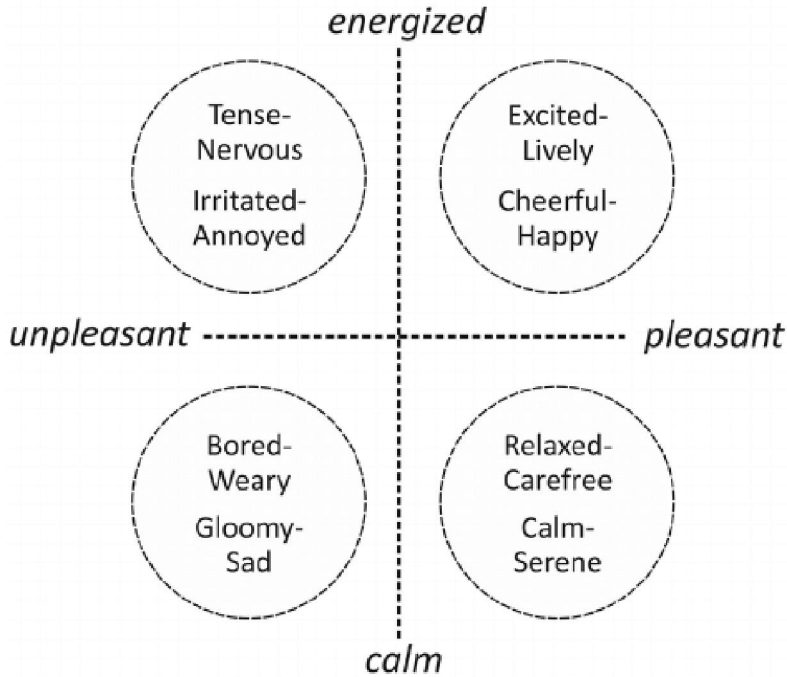

*and less likely to be happy.*

# PSYCHOLOGICAL RESPONSE

*Sleep deprivation, exacerbates pre-existing mood disturbances*

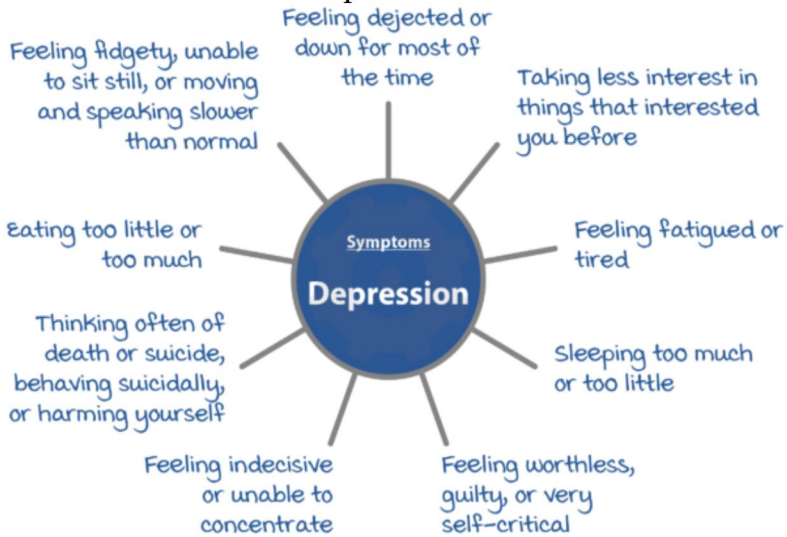

*such as anger*

## The Anger Equation

## depression

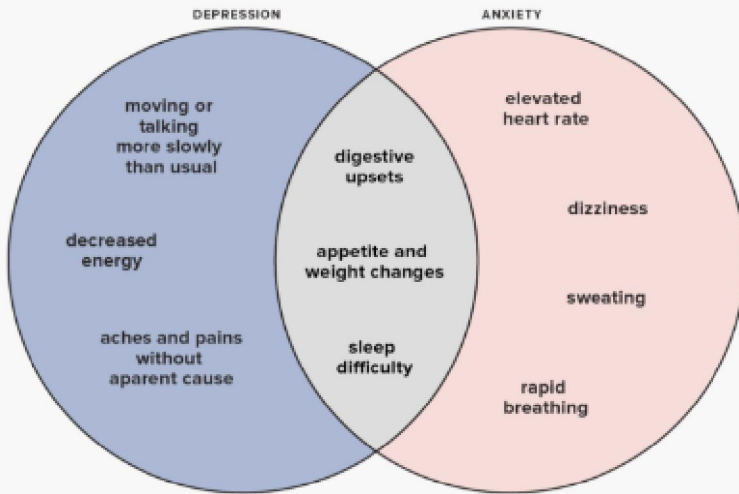

## anxiety

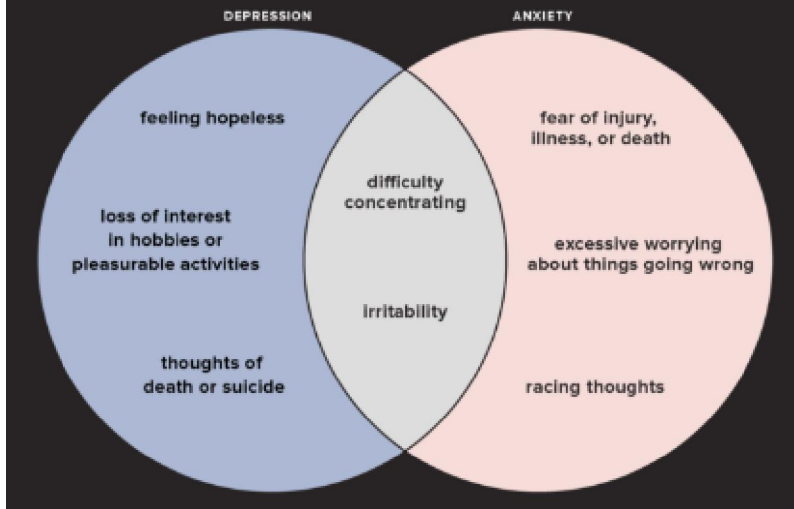

# DEPRESSION vs ANXIETY

## PHYSICAL SYMPTOMS

## MENTAL SYMPTOMS

*leading to confusion,*

*fatigue*

*and lack of vigor.*

*vig·or*

*/'vigər/*

*noun: vigour; noun: vigor*

*physical strength and good health, effort, energy, and enthusiasm.*

*The lack of vigour  
is the lack of physical strength, effort and energy*

*The lack of vigor  
is the lack of good health, and enthusiasm.*

*Even just one sleepless night correlates with these  
changes in function.*

DayLight Saving **TIME** produces sleeplessness and is a  
cause of these changes in function.

*The Hidden **13<sup>th</sup> Month** is directly responsible and  
indirectly responsible for every un-natural sickness,  
illness and disease in existence.*

**The Creator** planned **The Country** design for the finite life we will live. **The Creator** insured that we would have a good routine through limiting all things to a **Season**. These limits are rules. Those rules provide stability, safety, security, variety, and enough for all to live comfortably.

After **Gathering The Waters** **The Creator** raised **The Country** from **Meres**. After raising **The Country**. **The Creator** sowed the fertile soils of **The Country** to introduce all manner of plants **from every seed for every need**. After sowing **The Country**. **The Creator** made **The Greater Light To Rule The Day** and **The Lesser Light To Rule The Night**. This was the beginning of **TIME**. Only after the introduction of **TIME** into the world he designed for us, did he then **Create** animals and **The Humane**.

We. Us. All. Are designed to function on a **7 Cycle TIME**. **A Septenary**. **A base-basic 7**. *Not more than 7 Cycles*. *Not less than 7 Cycles*. Always, exactly, **7 Cycles**. Within the **7 Cycles** **The Creator** also specifically designated a **TIME** for reflection, remembrance, family, friends, and judgement. Judgement would be the purpose of reflection and remembering of The Week. To judge yourself. To also be judged by others. The goal of the judgment being to achieve balance of your actions and your words so that their outcomes are a testimony of your acceptance and use of **The Creators** Laws. Rules. And Guidance.

First among those is his system of **TIME**. **7 Cycles** are **The Week**. **4 of The Week** are **28 Cycles**. **28 Cycles** are **1 Month**. *Not 29 Cycles*. *Not 27 Cycles*. Specifically. Always. And Exactly. **28 Cycles**.

All of the *illness sickness and disease* that are called *chronic, epidemic, and pandemic* are but a symptom. This why they are *uncurable and ongoing*. This is why *they return and people relapse*. It is because the actual and real cause of the *illness sickness and disease* was never, ever, addressed.

**TH13MS**

## *The Hidden 13<sup>th</sup> Month Syndrome*

This is the origin. This is the source. This is the root. This is where every, un-natural problem, in every society, is coming from.

It is also a very simple and easy problem to identify. Because *it is hidden*, and *masked by lies*, does not truly conceal it. As the mask itself is telling. It is only a matter of you seeing the mask, to know that you must identify what is behind it.

*Dont make idols. When you make an idol, you become an idol. When you become an idol, the masks, telling, will be unknowable to you.*

In order to keep The Truth a *hidden* feature of reality, you are inundated with *icons and symbols and statues as idols*.

*Social media turns you into a cliched idol.*

Which is the improper use of such a format.

*Idols* are always destroyed. Anything you truly care about must never become an *idol*. *Idolization* is wrong because it originates from *veneration of icons and symbols and statues*. It is a misplaced love. It is greed, and glottony.

"Their idols are silver and gold, The work of man's hands. They have mouths, but they cannot speak; They have eyes, but they cannot see; They have ears, but they cannot hear; They have noses, but they cannot smell; They have hands, but they cannot feel; They have feet, but they cannot walk; They cannot make a sound with their throat. Those who make them will become like them, Everyone who trusts in them."

**The Creator** knows the problems.  
**The Creator** has given the solution.  
**The Creator** knows the disease.  
**The Creator** has given the remedy.

Never blame **The Creator** for the failures in your life when you are not acknowledging his position as **The Creator**. When you are not accepting The Laws he has provided.

When you are not making use of The Rules he has given you for how to do things. When you are not using The Guidance he has given to support you, as the proper instruction it is.

*YOU must STOP doing the wrong things as a routine.*

The right things, as a routine, are available for YOU to do.  
DO you truly expect to get the right outcome from doing the wrong things?

The right thing to do is to acknowledge reality.  
Reality is that there are only **7 Cycles** which are **The Week**.

Reality is that there are only **4 of The Week** which is **28 Cycles** that are **The Month**.

Acknowledging reality and adhering to that reality will remove much of *the conditioning programming and indoctrination inside of you*.

Living your life according to that routine of reality will remedy every un-natural *illness sickness and disease* in your body, in your home, in your neighborhood, in your community, in your village, in your town, in your borough, in your city, in your nation, in the world.

The more people who acknowledge and accept the laws the rules and the guidance of **The Creator** the more impactful the outcome will be. Proximity to each other does not matter to achieve the effect of **The Creator**. It will not weaken or enhance it.

Removing yourself from the surroundings of *the statue venerating, icon following, symbol worshipping, idolizers*, in your home, in your neighborhood, in your community, in your village, in your town, in your borough, in your city, in your nation, in the world, does make a difference.

There are things **The Creator** has in his design to do for you, and to you. *Those in their mandated religions knowingly and unknowingly, intentionally and unintentionally will be awaiting on those things from **The Creators** design using the techniques they have been conditioned as a trigger response to go to. They will have their activation of the conditioned response to Faith Hope and Belief as their foundation for waiting for **The Creator** to do those things he has in his design to do for you and to you. The conditioned Religious believers with their faith and their hope have been properly trained, to call this design, by its false name, its mask, they call it a blessing.*

It is not.

**The Creator** does not do blessings.

Everything is already present in the design itself.

Those who follow the designs laws rules and guidance get the outcome from their dedication and comitment to respecting the design, and being responsibe for their own actions, in respect to all else throughtiut the process. *What the Religious call a blessing **The Creator** has designed as joyous work. The Religious clasp their hands, close their eyes, and kneel on prayer mats, and in pews, or do chants, and make symbols for ritual, while venerating statues.*

**The Creators** chosen get their work clothes on, bring their tools and instruments and begin their task, working together respectfully, helping each other, caring for each other, supporting each other. When the task is complete and they reap the rewards of what they have sown *The Religious see this and say it is a miracle. It is a blessing.* When in reality there are no such things. There are only people who have a good routine and people who have a bad routine.

People who acknowledge and respect **The Creator**.

Then there is everyone else.

# Everyone Else will have **TH13MS**.

*The primary signs and symptoms of sleep deprivation include excessive daytime sleepiness and daytime impairment such as reduced concentration, slower thinking, and mood changes. Feeling extremely tired during the day is one of the hallmark signs of sleep deprivation*

*Sleep deprivation causes permanent damage. Sleep deprivation over-stimulates parts of the brain and leads to permanent brain damage. This is because of the brain's 'neural plasticity' – which means its ability to adapt to new situations.*

In order for you to survive **The Hidden Month** you are forced into a condition of permanent brain damage.

The lack of sleep destroys brain cells.

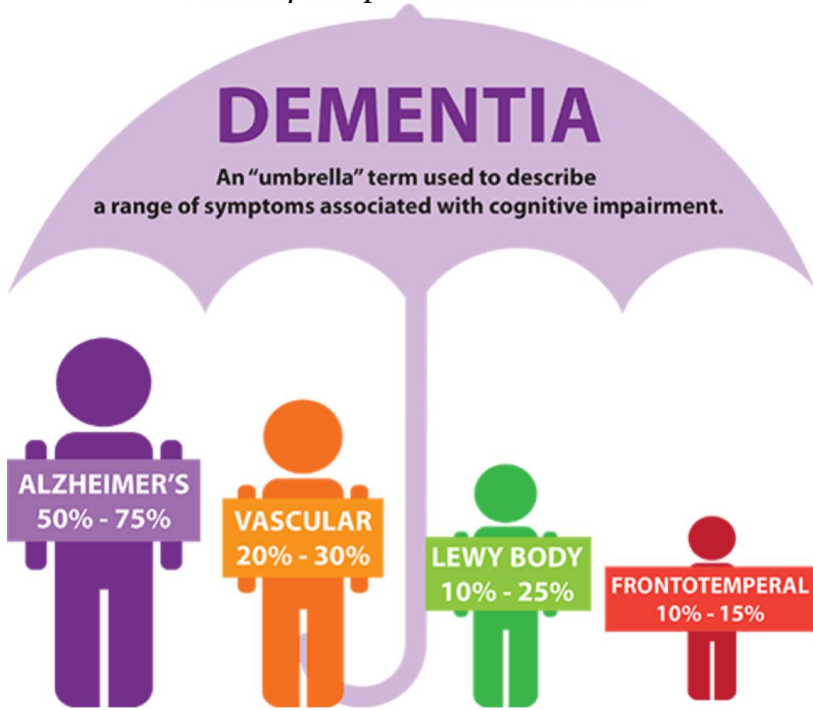

The brain relies on connectivity and neuronal responsiveness to function well. *For these reasons, sleep loss injures, and even kills, select populations of neurons in the brain, impair functionality and/or connectivity.*

Those **8 Cycles The Creator** made for you to rest, recover, and regain your health, which are the **4 Weekends** of **The Hidden 13<sup>th</sup> Month**, make all the difference in you getting, or not getting, an aneurysm, a stroke, a heart attack, and many other failures of the bodies systems. **The Week Of Study** exist to strengthen you, for everything, that is life.

## **TH13MS**

Is what happens when you are not on **The Creators** schedule.

*Lack of sleep causes dementia.*

*People who slept six hours or less per night, aged 50 through 60. Develop dementia. Beginning then, and compound escalating later in life. Inadequate sleep duration increases dementia and emphasizes the importance of good sleep habits.*

*DayLight Saving **TIME** and **The Hidden 13<sup>th</sup> Month** are both responsible for people experiencing these losses of sleep, denial of rest, forbidden recovery, and a host of systemic process, designed with the intent of magnifying the systemic originated problems, from all social aspects.*

*These are the physical and psychological responses of*

*The Hidden **13<sup>th</sup> Month Syndrome***

# *SYNDROME*

Syndrome definition:

Together, we will be a sign of, an immoral act considered to be a transgression of divine law, through circuits, we will be united in our characteristic combination of opinions. Our actions will cause an act regarded as a serious regrettable fault, it will be an offense to **The Creator**. Our omission of The Truth will indicate how, when, where, and why, we shall go forth, and proceed in a certain way. SYNDROME stands as a name and symbol for a group of symptoms which consistently occur together, resulting from our omission of The Truth. Conditions characterized by a set of associated symptoms will control their emotions and behaviour.

# *TH13MS*

*The Hidden 13<sup>th</sup> Month Syndrome*

*100% Responsible for every illness, disease, sickness, and social negativity, that exist, outside of Natural Causes.*

In order to counteract The enslavement and be healthy you cannot simply make up a routine. Not any routine will undo the damage from *TH13MS* and promote health and wellness.

Only The Routine set forth from the beginning, a routine which is designed into reality itself, will heal you, and free you.

Only The Routine that is of, for, within, and from, **The 7 Cycles** will have the intended effect of rejuvenating, healing, caring and restoring your being to its original form. A form you have never had the opportunity to experience. The transition from being one of The Humans, to one of **The Humane**.

Most beings who have *TH13MS* become inhuman and inhumane That is part of the reason the nations of the world are in such a condition they cannot recognize The Truth.

As *TH13MS* is a direct attack against **The Creator** and all beings are the weapons being used. *The main change that occurs, no matter which symptoms are present, is that the person starts to become partial to the evil liar.* Meaning that their being is partitioned again, separate from their temple, and a place that recognizes *the evil liar* is made within their being, allowing his influence to have its way. This is easily noticeable as their language becomes unrealistic and their conclusions become exaggerated. Their emotions become bipolar and their extremes become easily triggered.

*The evil liar within them must be removed* as part of the treatment and recovery process.

An overview of what is being stolen from you  
What you have earned and what you are owed

*Enslavement requires confusion, confusion requires liars and their lies, slavery results in the slaver becoming wealthy and powerful, while physically mentally and emotionally the slaver is doing no work at all. It is the hidden truth which causes the slaver to have the ability to do so little and gain so much.*  
*The hidden truth is **TIME**.*

### KNOWLEDGE IS POWER

In order for you *to be enslaved* the slavers have to  
KNOW something that you do not know.

**TIME** is something that you do not know anything at all about, and everything you do know is wrong.  
*The slavers* then have to use the information you do not have in such a crafty way that you will never become aware of it.

Your wrong information about **TIME** and your lack of information about **TIME** is what *the slavers* have used in a crafty way to have you working for free.

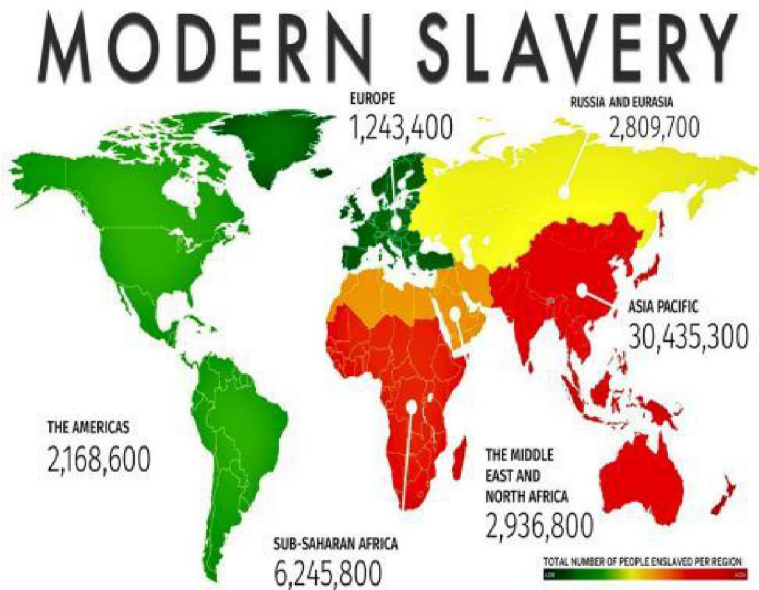

*The slavers* also have to make the information you do not have complicated and systemically out of sync, disjointed, and never used for the same reasons in a pattern that can be readily or easily discerned. Changing the use of the clock and its definition frequently as well as **TIME-Zones**.

In this way *the slavers* will profit greatly and *the slaves* will never see where the profit came from.

This map shows the locations of places that are still using *slavery the old way*. With chains and whips. The areas in red have *the highest population of slavery still using the more ancient methods*

The areas in yellow and orange have highly concentrated areas spread throughout their entire location of *slavery still being carried out the old way with chains and guns and whips.*

The areas in green have upgraded their technology which has *upgraded their methodology of slavery*. The areas in green are what is known as a *free roaming farm plantation*. It is a condition of slavery that uses herding. *Free roaming farms and plantations* have a much higher output because *the slaves dont know they are slaves until they seek freedom.*

By the **TIME** you realize that you are in a cage and working your life away *for a slaver*. It is generally too late. Most people march. Hold rallys. Yell. Scream. Fight. Protest. Riot.

Those are exactly the responses they are waiting for and want.

*Those responses to being a slave* are built into the system and it is called venting. Throwing a tantrum. It is allowed. You can vent and throw a tantrum for as long as you want. Because you are still in the system.

You get hurt and go to the hospital you are in the system. You go to far they place you in a prison, you are in the system.

You wage a war of any kind. Civil. Domestic. Local. *You increase the value of the slave labor* and make them even richer. You are fueling the system.

You take any action that requires a systemic response and *you are helping the enslavers to enslave you further.*

Making them billions more in wealth by doing so and *condemning other slaves to harder work and longer work hours.*

*Slaves.* No matter where they are. No matter what the conditions are. Only have one way out.

**The one way out is to abandon the system. To stop working.**

*The slavers* have no remedy for a work stoppage. If they choose to murder everyone you win. If they choose to release everyone you win. If they choose to attack you, you win.

You are the workforce. They want you to work.  
So the answer to the question of what are you, *the slaves*,  
to do. Is that you are to continue working hard.

You are to continue doing what you are good at doing.  
The difference is that *you will no longer do it for the  
slavers.*

**You will use your skills and trades for yourselves.**

**You are only to do business with each other.  
That is the rule to live and die by.**

*Any other action you take will only increase the strength  
of the slaver.*

As soon as you begin doing business only with each  
other you will very quickly notice an improvement in  
your lifestyle and lives.

The turnover for this action is immediate and the benefits  
grow with **TIME** in your favor.

This is usually when *the slavers will send in their jackals to force a deal using threatening language and violence. They will send in their merceanries to destroy property and end lives as a show of force to scare people back to working for them again as a slave.*

They will use *assassains to murder whoever they have concluded would be most influential as a death to let the slavers again have their way and enslave everyone once again.*

They do not do this for the income. The income usually means nothing to them. That is why it has the title of being disposable, or extra, *because to the slavers the income is not the true source of their wealth. It is the ability to own another human being and force that human being to do whatever they can think up that they want done.*

*For the slavers it is all about wealth. Income is only one fifth of wealth.*

*Slaves have none of the five wealths that exist because they do not have the one wealth which is the foundation for having any of the wealth.*

That one foundation for having any wealth of any kind is  
**TIME**

All wealth is built upon the foundation of **TIME**.  
Because **TIME is Freedom**. No other wealth can supply  
**freedom**

**TIME** is everything.

**The Creator** has already paved a road for slavery to end.

That road is **TIME**.

In conclusion, there are 5 types of wealth:

- Financial (money)
- Social (relationships)
- Physical (health)
- Mental (health, spirituality)
- Time (freedom)

The only way to have the 5 types of wealth is to first acknowledge **The Creator**. Then accept his **Creation**. Accepting his **Creation** is to be in reality, using real **TIME**.

An overview of what is being stolen from you  
What you have earned and what you are owed

Anyone who is an employee is being robbed. Anyone who is an employee is having their earnings stolen and losing the opportunity to have tangible property. *The slavers* are also thieves. *The slavers are thieves* that have stolen your **TIME** and have you working for free. Their *lie* has caused you to become hostage to their system.

**The 13<sup>th</sup> Month** means that there are **4 Weekends** you did not have the **TIME** off to use to recover from illness. Recover from fatigue. Recover from being overworked.

Recover from a lack of **TIME** to recover.

Those **4 Weekends** are **8 Cycles** which you could have used to attend funerals and gain closure. Spend **TIME** with children, grandchildren, parents, brothers and sisters. To visit other family you have missed and who miss you as well, such as Aunts, Uncles, and cousins. **TIME** you did not have to get to know your inlaws, or to prevent someone from becoming an inlaw.

**TIME** you could have, and definitely would have, used to be with friends, and friends who are so close they are the same as being family.

The **13<sup>th</sup> Month** being hidden from you and used as a weapon against you has made you financially destitute. There is actually such a thing as the working homeless. Along with the vast majority of people who are 1 earned income away from being homeless as well. These are all also the working poor. People who are working, and are still living in poverty.

An overview of what is being stolen from you  
What you have earned and what you are owed

**TIME** is a very finite resource. There is a precious small allotment for each individual being. It is a crime of the highest order to usurp **TIME** because the consequences of usurpation of **TIME** are immediate and far reaching, with overlapping, stacking, negative effects and results in the **Cycles, The Week, the Months, and Years**, that will follow.

*Employeeslaves* have had the most stolen and robbed from them, because they were, and are, in a *compounding dynamic of slavery with multifaceted interactions. Causing damage resulting directly from work related negligent behaviour originating from the company policy, which has employeeslaves being forced to work in a dangerous and careless way as TIME-keeping is used to Measure their TIME, they are forced into a particular condition or position, which makes somebody and or something do, right now, the task they are assigned because there is a recording of the TIME that somebody, or something, takes, to measure the amount of TIME taken to complete the forced condition, of being positioned, in an assigned task.*

Now find the value of all those situations, and add those values together. That is a part of what you are owed.

It is a payout for Damages caused by work, work conditions, and is work related. It is payment for the Suffering you were caused then, and the Suffering you are still experiencing as a consequence of the work you were forced to do. Work you are still being forced to do. Work which is multiplying the Damage to you and increasing the Suffering they are causing you.

An overview of what is being stolen from you  
What you have earned and what you are owed

You are also owed

Financially

what you have earned

which is being stolen from you during *your enslavement*.

With compounding interest, and adjusted for inflation.

You are owed **1 Month** and **1 Cycle** for every **Year** of  
your life you have worked. A total of **29 Cycles** per their  
year.

However.

The amount owed is not a direct translation of hourly  
wages.

The amount owed is all Over**TIME**.

**TIME** and a half

Holiday **pay**.

Vacation **TIME**.

Sick **TIME**.

Sick **leave**.

401K for those who use it.

Credit from credit accounts linked to the company of  
your employment.

Increased share percentages for those employees who  
have shares.

Retroactive refunding on all late fees and surcharges  
related to missed due dates and other **TIME** relative fees.

Fees which were commensurate to earned income being  
issued on certain dates and at a certain **TIME**.

Add that all up.

Now add these values with your previous values.

You are now looking at the amount of owed income you are due.

# Retro Pay

Retro pay is when you correct an employee's rate of pay or salary for previous wages.

# Back Pay

Back pay is when you pay an employee missed wages that you should have paid them in the first place.

An overview of what is being stolen from you  
What you have earned and what you are owed

*As a slave* those values you have added up went directly into the family wealth of the person who is stealing your **TIME**.

To put that in perspective. That is only what *your slavery generated as wealth for the slaver who owns you*. For the next step, Simply take an estimate of the amount of *employeeslaves* that you can verify were also *employeslaved* with you, *as free roaming slaves*. Now, multiply the total you are owed, times the amount of *employeeslaves* you can verify were also being forced to do work with you *in that place of enslavement*.

Now; You are looking at how the rich get richer, and also at how the poor get poorer.

*It is all achieved from The Slave State's policy of slavery.*

It is all by design. Specifically Social Engineering. Social Engineering is systemic manipulation of the senses to produce the desired outcome in the targeted groups or individual person, insidiously, and maliciously. Manipulation of your senses is what lets *your owners* guarantee that you cannot see what is directly in front of you to see. That you cannot hear what is being said clearly and precisely, even when there is no audible interference.

It is with Social Engineering that **TIME** has been hidden from you so well, even though you are living every moment of your life in tandem, with, **TIME**.

## Judgement Proclaimed

**‘Hear this now, O foolish people, Without understanding, Who have eyes and see not, And who have ears and hear not.**

You are being judged for allowing yourself to be in this situation. You are wrong for being in this situation because it is preventable.

*Your slavers* are being judged for placing you in this situation. *Your slavers* are wrong for placing you in this situation because **The Creator** has made available so many other ways for them to achieve their goals without taking any action that will destroy the life of even one individual.

For both; *those who incorporated slavery, and those who the incorporated slavery has placed into slavery*, the solution is the same.

**The Creators** Laws Rules and Guidance is the only way to exit from the system of *lies* and to enter into the lifestyle of truth.

## The Side Effects Of Stolen Time

The side effects of stolen **TIME** are known and documented. The side effects of stolen **TIME** are spoken of in anthology form, and shared as vignettes. The side effects of stolen **TIME** are most often known from cliché. Cliché is the worst way of knowing about The side effects of stolen **TIME** because a cliché is a way of expressive communication that has been used so often it no longer has much meaning and is not interesting.

Social Engineers have designed Cliché into your communication now.

Social Engineers have made your voice lose its meaning, social Engineers has caused your involvement to become something that is not interesting.

Social Engineers have designed a system which strips power and authority away from you each **TIME** you are in its system.

Social Engineers have designed a system from which the highest possible outcome of achievement is to be a trend at best. Which literally means that *they are herding the free roaming slaves on their plantation in the direction that the trend is directing them to go for the purpose of changing a dynamic to their favor while developing a dynamic which further weakens the position of their slaves.* The next outcome is to be a fad. *Something that will distract the slaves and hold their attention for an undetermined short period of **TIME**.*

The system, designed to do this by Social Engineers, is, for now, known as Social Media.

Social Media is used incorrectly, by the great, and vast, majority, of its variety, of users.

Social Media is the public. There is no privacy in a public domain.

Social Media's correct use is to not place private, confidential, or personal, information, within its parameters.

Using Social Media to share information about useful public information is its main true purpose. Anything else, any other activity, is a conartist trick.

There are many people who have been so indoctrinated they believe they are incapable of being conned and tricked. Especially those who cast the illusion of being rich and having wealth.

Their actions betray their level of intelligence, their words betray their emotions and education. As they invite people into their bedrooms where they are undressing, allowing millions of people to view them, but close their curtains and doors. Where they tell those who they have an obligation to a lie, while posting online the truth. Conversely. Those who they are closest to know the truth, while they go online and lie to everyone else. This type, and kind, of problem, only exist because the sharing being done is of a nature which was never intended, designed, or meant, to be shared publicly.

People posting what they are cooking, and eating, and wearing, and buying. People posting where they are going to go, where they have already gone, and where they are.

Then call for protection from family and friends and city and state agencies when they are being stalked. Followed. Shadowed. Or other very dangerous and creepy situations.

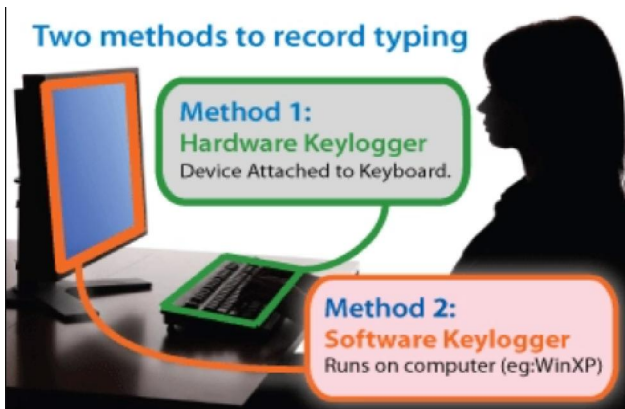

Studies have shown that it is impossible to be in a relationship as friends with more than 150 people.

The studies also revealed that it requires having a shared history and physically being there together as you grow.

**ONLINE IT IS IMPOSSIBLE TO BE FRIENDS WITH MORE THAN 5 PEOPLE.**

Your network is a lie. The network is not there for you. It is there for those who are gathering the data.

Everything is geared through systemic design to be a **TIME**-keeper

The fact that it is a **TIME**-Keeper, is masked, and thus concealed behind a different name and appearance. However, its function is specific, and so its function reveals the truth.

*Datamining. Keylogging.* They both exist to gather information about you far beyond what you have been *programmed* to share on Social Media.

They do this because money is useless debt. But information ... information leads to knowledge. Knowledge leads to power. Power gives you the ability to be in control.

Most people will not be able to comprehend why so much effort is designated to the gathering of their personal information, and they are contented to tell themselves it is for the sake of selling them something, as if this information gathering was, and is, a matter of money. Rather than search dilligently for the truth, they make up a conclusion.

The information they require for their apps to operate and function on your tracking and recording device is the same information that you would not readily share with anyone. Those few who you would share such information with are the people close enough to you that there is a bond of trust and an understanding that the information is not to go any further. Information so personal and so specific that it raises the question immediately of, Why do you want to know That? As well as, What are you going to do with That information? Because as far as you are aware of. Such specific information is useless outside of your inner circle.

Accept its not.

That is why you place so much effort in keeping the information as an internal dynamic active only among those close to you. Because it does have an affect outside of your inner circle beyond the breach of privacy. We all know this.

Their goal is to create the perfect prison for you. A prison of such specific design that even once you are finally made fully aware that you are imprisoned you will choose peacefully to continue within its confines.

As *Rape* is a proven conditioner and programming technique they are aware that as long as they keep ignoring your resistance you will accept it.

The more your internet searches reveal your dislikes and fears the more accurately they can devise a system which will turn your NO! Into a YES!

*This is the end goal of datamining and keylogging.*

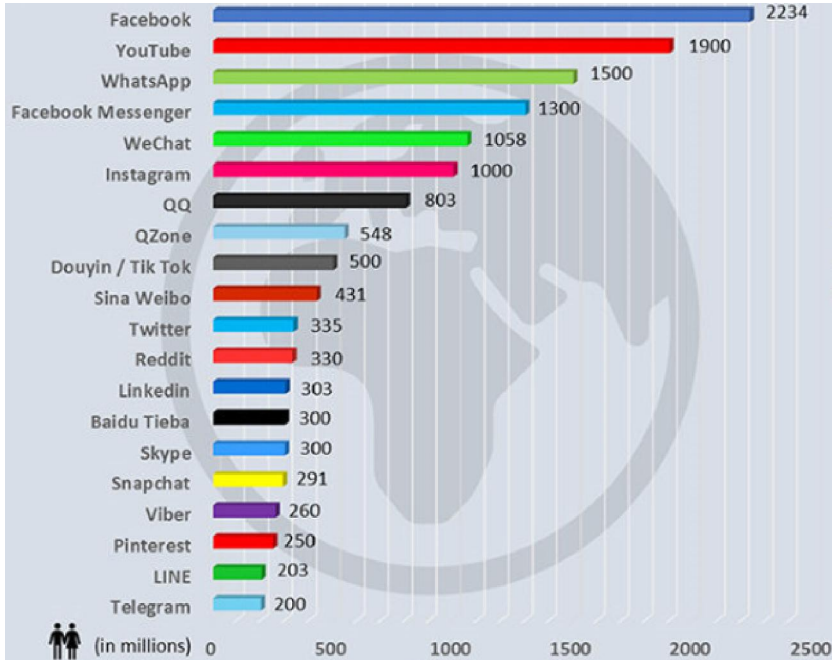

Internet tracking is an analysis of online users' behaviors, generally for the purpose of delivering a more personalized browsing experience. Personalized to exploit and control you. It's also referred to as browser tracking, BROWSER HISTORY CACHE. Digital tracking, KEYLOGGING and DATAMINING. Data tracking, TIME SPENT ON THE WEB PAGE AND THE SUBJECT. Web tracking, OVERALL INTERNET USE.

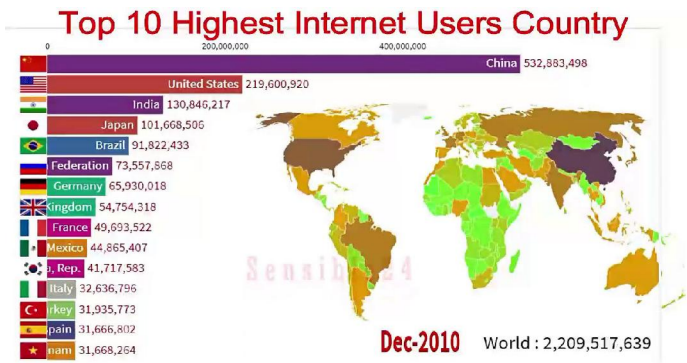

Since your IP address indicates your general physical location, websites use **IP tracking** to keep tabs on where their visitors are coming from. They can also use **IP addresses** to *identify behavior patterns* and determine whether or not repeat visits originate from the same individual

A tracker in browser. Browser Trackers. These are tags on web pages that collect information on a user's online habits and preferences. Tags write out scripts, and these scripts develop cookies that are stored in web browsers. These are tracked by websites to better understand user behaviors.

Data tracking is the process of selecting specific metrics and events to track, then collecting, organizing, and analyzing the resulting data. Once you've analyzed the data, you can apply your insights to improve business performance, customer experience, and more.

All of these services.

All of these apps.

All of the information being collected.

The end result.

The service is as terrible now as it was when it first came out.

It is now terrible and faster.

As well as terrible with a higher quality of video streaming.

Those are literally the only two differences from the first service until now.

Over twenty years of collecting information saying that it was going to improve the service and the device.

From their end and for their purposes the statement is 100% true and accurate. The devices now collect and gather more data than ever before. It has metrics on everything you do at all times.

They have even trained you to talk to the device. They are training you to place listening devices and cameras in your most private of locations.

All they needed to do was give them a name. Anything other than what it is.

Instead of recording microphone technology. RMT. They call it Alexis and Siri.

Instead of Digital Wireless Cameras To Watch You. DWCTWY. They call it Security Cameras and Home Protection.

They have trained you to supply them with all of the information about you at all TIMES. You have been programmed and conditioned.

Whenever they are ready to share the information they have been given by you which they swear is being well secured and kept private, there will conveniently be a hacker that has managed to bypass all of their security protocols and security measures to steal all of the data.

No hacker can do that ,unless the hacker is a millionaire. The equipment required to break those firewalls and bypass those security codes alone will costs millions. The team experienced enough to do that job will require pay in the millions.

The equipment capable of housing the stolen data would have to be equal to the companies server banks and that would cost millions.

The payout for such a crime would also be in millions. The payout would not be enough to cover the cost of the heist itself.

No hacker. No group of hackers, can steal data on that level.

They sell it themselves then blame the boogeyman of the computerworld. The hacker.

They sell it and share it with people who you would not associate with under any set of circumstance were the choice yours.

People who you do not want to know you, or know anything about you.

So as quickly as possible they create a new trend and fad to take peoples attention away from the event.

## BIG DATA COLLECTION

The crimes against you while being on the internet, and being carried out by the people who give you the apps, is only one group, of a host of other group problems, that arise from being online.

And from being online the wrong way.

For the wrong reasons.

Doing the wrong things.

The internet itself has conditioned indoctrinated and programmed you to the point that you can no longer discern reality without assistance.

The internet access you have, is programmed, to program you. This is the reason it is called programming. It is the same reason that television, is known by those who know better, and know best, as; *Telling Lies Visually*, has, as its instituted format for disseminating, **BROADCAST PROGRAMMING**. They know exactly what they are doing it and how they are accomplishing that goal. You do not know. Which allows them to communicate their actions openly. Your lack of education and intelligence combined with your cognitive dissonance interacting with the Hegellian Dialectics. While in your perpetually induced state of fatigue resulting from *TH13MS and all of its un-natural conditions and states of unhealth*. While involved in *your Religious routines*. There is much you will miss taking place directly within the influence of your senses. Their lies are designed to mask and disguise their obvious wicked actions and bad intent. Those things which cannot be hidden otherwise and in any other way.

Everything they are doing to you is being told to you. This actually helps them because of how you will accept it as its misrepresented self.

It is; The Authoritative First Impression Lie. TAFIL

A Government is not a country or a nation. A Government is potential and kinetic force which is used to manage internal and external procedures and process according to its Government type. Within the influence of Government force there are more than one nation type present which define themselves as cultures. The division of the types of nations and cultures is a house divided. Thus they have house representatives in name only.

The word BroadCast, as with all words, is very accurate and very literal in its self descriptive testimony against itself.

No translation is required. Its context provides the parameters for its defined use.

## The True Definition of BroadCast:

A wide measurement is taken to accurately determine the variety of people in an area, where they come from, what they are thinking and what they want, matters dealing with sex will be handled in a way to make them smile, laugh, and or pleasantly pass the **TIME** by themselves. The network organization will accept a wide range of opinions.

The Network Broadcasting will initiate the connection with a look, a smile, in a particular direction. To make light; goodness, colors, form, and objects, appear and shadow; wickedness, darkness, shapelessness, and nothingness, appear in a particular place, starting the connection by causing them to be smiling and laughing, and pleasantly passing the **TIME** by themselves. The Broadcast network will then say, do and suggest some things that make people doubt, thinking that somebody is less honest, less good. The confusion of doubt being pointed will cast the line. At something old becoming new again, through trickery lies and deceit the broadcast network will use words images and sound to make something un-natural and unreal, a lie, appear as part of a natural process. This will make the people who the network has influenced begin to run the circuit as they seek to see how they now fit in. To guide them during the confusion as they run the circuit we will use Thespians to play the different parts in films and movies and plays, who represent the people running the circuit and the thing they are running from, the thespians will play a role as their avatar. The people will vote for the thespian as they form into the mould of the people. Making the people

think about something that happened in the past. This acting will include the wide range of opinions considered from the variety of people in an area, where they come from, what they are thinking, and what they want, including the activities and possibilities which will arise as they are looking for something that was pointed at from the doubt. The broadcast network will use words that are magic, and having the power to change and influence some bodies and some things. As they finally are used to think hard, now that they have something that is difficult to get rid of, somebody and something, the broadcast network no longer wants or needs.

It will be left somewhere, alone and abandoned. To be sad, unhappy about whatever it is we directed them to be unhappy about. It will be unable to undo the ropes that are holding it in a fixed position, unable to sail away until we give it a destination and a port. The network broadcasters will remove community bindings in a way that forms an edge that will not come undone. As that communities cultural influence is no longer wanted or needed. Binding carefully the edges to seamlessly get rid of somebody and or something, especially by using force. The force generated will be the direct result of; All the people who act in a play or film and or movie. The greater their performance, the more closely the people can see themselves portrayed in that role, the further the lines from the script are BroadCasted, the greater the force of the various communities whose opinion we have considered can be used for the violence that the BroadCast Network requires. Whatever is broken as a consequence of the actions we motivate to occur shall be held in place with a temporary superficial replacement.

The BroadCast Network will do all of these things by sending out Programmes on television and radio. Through the Networks. Through the air. Into the receiving monitors everywhere that can be reached. We will tell a lot of people only what we want them to know to get them to respond only how we require them to behave, feel, and think.

The radio and television programming of the people through the broadcast networks.

This is the True definition of BroadCast.

As presented by the dictionary and in context to reality.

This image depicts the entire process at work.

While this image depicts the programming, the triggers, the conditioning, the indoctrination, and the control.

Some of the implementation currently afflicting BroadCast Network End Users are dis-ease, illness, and sickness, derived from receiving programming which has altered their body chemistry and over-ridden many of the involuntary, unconscious, nervous system, biological, genetic, imperatives. Resulting in states of dementia and forgetfulness with rapidly increasing deterioration when sustained proximity near the receivers of BroadCast Network devices occurs.

These afflictions are biological in origin, and are revealed as a psychological, emotional, mental, prevailing, deficiency.

### FOMO

*Fear Of Missing Out* (FOMO) is an emotional response to the *belief* that other people are living better, more satisfying lives, or that important opportunities are being missed. FOMO often leads to feelings of unease, dissatisfaction, depression and stress.

FOMO  
THE  
**DIFFERENCE**

FOMO

It is true that the entire system is designed to *enslave you* and hold you hostage.

It is true that the entire system is *raping you* in every way the word applies when it sees fit to do so.

You are not paranoid, nor are you over-reacting, to the threat of imminent danger being systemically geared at you.

However.

Even with all of those things being the reality.  
It is not the whole of the reality.

**Do not paraphrase this** as *hope faith or belief*, because none of those things are real ergo none of those things are good and none of those things are useful.

*Hope faith and belief are the tools and instrumenst of the evil liar*, the only place they have among these words is to reveal them for what they truly are. *Do not excerpt this as a clip and use it for religious example. All religions are fake, wicked, and evil, by design.*

The truth is the truth. Nothing more nothing less.  
The whole of reality contains the laws rules and guidance from **The Creator. The Creator** always has a way for his chosen to prosper and succeed. Those ways are in his laws rules and guidance. Study that ye may be approved.

Divide the words to know the truth.

Know the Truth to live The Truth.

That is how you resist an entire system.

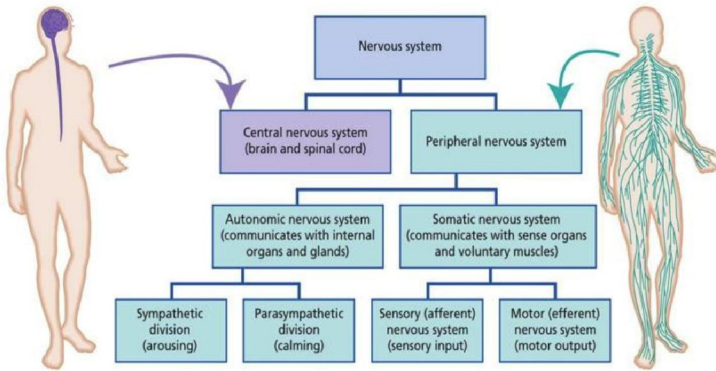

That is how you thrive in an environment of toxicity.

That is how you live life until its end is met.

## Ghost Vibration

Phantom Vibration Syndrome. This is the perception that one's mobile is vibrating or ringing when it is not. It is characterised as a tactile hallucination since the brain perceives a sensation that is not present.

## Phantom ring ghost vibration

## Phantom Ring Ghost Vibration

These devices are making real connections to the brain via the bodies life field.

The life field goes by many names. Depending on the era and the culture you have most likely come across the life field remarked upon as one of its many adjectives being used as a noun.

Descriptive Accuracy of The Life Field requires a book unto itself. A summary of the lifefield is an unfair presentation and or representation.

The Broadcast Networks are hijacking your genetic code and holding it hostage. They are manipulating your cognitive input, dangerously so. Phantom Ring Ghost Vibration is only one of many alterations to your being.

Cell phones are constantly being improved in their ability to cause you harm. By expanding upon their functionalities, which in turn increases overuse, and addiction

According to the PEW Research Center: ...

Pew is a family name, not an acronym. The four children of Joseph Newton Pew, who founded the Sun Oil company, created, and funded, The Pew Charitable Trusts, in the late 1940s. The Pew Charitable Trusts is a large public charity with headquarters in both Philadelphia and Washington. Members of the Pew family, primarily from the fourth generation, continue to comprise half of its board. The Pew Research Center is a subsidiary of The Pew Charitable Trusts and receives nearly all its funding from the parent organization.

... 67% of smartphone owners have admitted to checking their phone for calls or messages when their phone didn't vibrate or ring. This is one major sign of cell phone dependence and should serve as a warning to cell phone owners.

That warning being that the technology is designed to intentionally cause you to become a nonfunctional, demented, obsessed, enslaved, easy to control, incapable of thinking, emotionally starved, isolated, almost completely useless, addicted, failing autonomic system, dis-eased, willing servant, who will do as you are told to do as long as you are linked to the systems BroadCast Network. These designed afflictions are a precursor to surgically implanted individual networking bioservers.

The dangers associated with The Broadcast Networks will be permitted to continue and receive whatever assistance it requires to achieve its goal.

*These are all Slave States with Governments that are Religions and Borders that are fake with real plantation limits for its free roaming enslaved.*

Expect no saviour to appear and make it all stop and go away.

The only way this ends is when you acknowledge **The Creator** accept his laws, follow his rules, and use his guidance.

**The Creators** people are all people of peace. They achieve that peace by being defensive warriors of the highest calibre. They are no-ones doormat. Puppet. Or slave. They are The Chosen. They are The Chosen not because **The Creator** Chose them, but, because they chose **The Creator**.

**The Creator** gave us all free will. For that reason above all others *the evil liar hates us the most and is constantly working to prove that our free will is our downfall.*

That is only true for those people who choose to live outside of **The Creators** ways which he has set for us.

Having his guidance, following his rules, adhering to his laws. None of those things will ever strip us of our individuality and free will.

It will however save us from the *evil liar*.

Protect us from his trickery. Revealing his deceptions.

**The Creator** values our free will above all else and will not usurp your path in life. He will instead be awaiting your arrival. His light is always on. The way to him is available from any starting position. There exist no obstacles between you and him.

### The Side Effects Of Stolen Time

Social media is designed to make you worthless. Each **TIME** you participate in Social Media in a personal or private way, your personal value is decreased.

On Socila Media.

You are a Cliche.

It is the design it is made to facilitate.

*Nothing is free in a slave society.*

*Nothing in a slave society is in place to promote being free.*

To that end they freely give you devices free of charge which will occupy your **TIME** with meaningless wasteful useless propaganda. Which makes it useless to and for you. But for *the slavers* your involvement with that propaganda is worth billions in finance and is priceless in relation to insuring that *you will remain their slave.*

Among the many Side Effects Of Stolen **Time**.

Most are recognized, and often spoken of, by those experiencing the loss of their **TIME** as it is being stolen from them.

People recognize that there does not seem to be enough **TIME** in a Day to get things done.

Ofcourse, that is because they do not recognize the brainwashing of calling a **Cycle** a Day. As well as not recognizing that their **TIME** is being stolen from them.

Afterall. They are not even aware that every **Year** an entire **Month** is stolen from them and an offset extra **Cycle** from the next **Year** is stolen as well.

## The Side Effects Of Stolen Time

Meaning they are 100% correct. When they recognize that they are missing **TIME**.

They, you, are missing **28 Cycles**.

you are missing **4 Weekends**.

you are missing a **Month** of earned income.

you are missing **8 Cycles** of rest and relaxation.

you are missing **1 Cycle** stolen from the next **Year**.

It is impossible to not recognize the missing **TIME**.

Another side effect of Stolen **TIME** is; *The Haste*.

*The Haste* is an epidemic pandemic caused by The Missing **Time** and is a more virulent strain.

All major incidents of violence, misunderstanding, miscommunication, rage, anger, depression, regret, sorrow, and despair, are originated in *The Haste*.

*The Haste* began in society as **TIMEKEEPERS** and **TIMEKEEPING** were given authority by and from *the Slavers*, with authority to do so from the *Government of the Slave State*.

*The Haste* begins as a psychological implant and is increased using operant and classical conditioning. After which it becomes a self perpetuating action of muscle memory, and habit, requiring only intermediate boosters from exterior secondary enforcers which do so using positive and negative enforcement techniques.

Once *The Haste* is activated in a person, medical care or prison, will be the end result for themselves and or those who they are interacting with.

## The Haste

The reason The Haste was included in the system, is because when people are placed under **TIME** constraints required responses are immediate. There is a shift in thinking which occurs, and actually causes all thinking to stop.

The Haste is more commonly known as Hurry up and wait.

Hurry up and wait was implemented as a precautionary measure to cause people to worry over **TIME** instead of thinking about **TIME**.

This method is employed so that **TIME** is the last thing a person wants to even begin to consider in any way.

The Haste. Or Hurry Up and Wait.

Is meant to bitter your thinking and emotions whenever it relates to **TIME**. The Haste is a way to program you through conditioning to not think about **TIME**. But when and if you do. The Trigger of bitter negative enforcement, when strong enough, will quickly change your thoughts from **TIME** to anything else.

This is real sign placement

These sign placements are done this way to reinforce and re-enforce pre-existing conditioning, using triggered secondary negative enforcement stimuli. Confusion based emotional reactions embed the indoctrinated programming deeper into the psyche until it reaches the unconscious layers of the mind and becomes a habitual characteristic and behaviour.

You have hurried up. Then you waited. Now What?

## The Side Effects Of Stolen Time

Another side effect of Stolen **TIME** is that you are always in the wrong place at the wrong **TIME**.

You are never on **TIME** for your own life.

You are never in **TIME** for anything.

Something is always late to arrive.

Not just outside of you, but inside of you as well.

You notice that all of yourself is not present and accounted for.

You check your memory and there are gaps, **TIME** is missing from your memory and you cannot remember when where or why it occurred. Whats worse is that the demands being placed upon you do not allow you to focus on such important details, and for the sake of safety and quality, you are *forced to use your focus for a a particular condition or position, which somebody and or something is making you do, right now, the task you are assigned, because a recording of the **TIME** that you take, to complete the forced condition, of being positioned, in the assigned task is being Measured.*

Enslavement.

Slavery.

Living in a Slave State.

Being a Free Roaming Slave on a Plantation.

It is not easy to recognize when being a slave is all you know.

What is missing is your soul.

Your spirit.

Your passion.

Your enthusiasm.

Your mind.

You recognize you are not all there

You know that parts of you are missing

You know that you are present and constrained

You know that there is a way to be free.

We unravel and untie the bindings as best as we can,

We do so whenever we realize we can.

There is a way to be free.

You know that you are present  
Just not all of you is there.

You search.  
Inside of yourself.  
Outside of yourself.  
You search.  
Where is the rest of your being?

It was stolen from you.  
We all recognize its loss.  
We all recognize the loss.

## The Side Effects Of Stolen Time

You have been robbed of your spirit and you have been robbed of your location.

That is not by accident. It is by design.  
You were robbed of your spirit, and your location, on purpose, and with purpose.

It was done to prime you for accepting their One World *Religion* of Days, and to accept any location you are in as where you are supposed to be.

To manage those other awareness details you will have, they also let you choose a *Religion* for yourself, as well as a subset of religious dedication. Making you easier to manage and control.

The subsets of religious dedication have many names. They have many names because they have been divided into many categories.

They have been divided into many categories because then, it is easier to hide their true intent, and their true nature, when you cannot identify them for what they truly are.

The major categories of subset religious dedication are politics, sports, money, scientism, and *Religion*. Because they actually give one of the sub*Religions* the name *Religion* the other equal *Religions* are not viewed for what they truly are.

However all *Religions* have a common quality.  
All *Religions* require the use of *Faith. Hope And Belief.*

## *The mandatory One World Religion*

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday

*People who think and believe they are in no religion are in this religion.*

## *One of The Major and Main Religions*

*Scientism has many dedicated followers. It is a major Religion. Especially being populated by those who are tricked into believing that scientism is science ,and not a religion. As well as being tricked into believing that it is a counter, anti, oppositte, to Religion.*

*Money preaches from a podium that imitates competition  
 Money is another of the Main Major religion's which  
 people who think they are in no religion are a part of*

*The Stock Market Graph is itself a realTIME podium*

*This is The Main Major Religion of Money*

*Sports is another Main Major Religion's*

*Sports has people shouting all types of false prayers and worshipping all types and kinds of statues, and medallions, and rings, and cups, Venerating interchangeable uniforms and making unholy places, Sin, to gather, Syn, together.*

*Pick a sport. Any sport. And you have picked a Religion.  
Any Religion. Sports is a Main Major Religion.*

## *Politricians*

*The most liaringest liars of all lie tellers.*

*Politricians are responsible for introducing so many types, kinds, and varieties, of lies, to the public, that the lies from politicians alone have been given their own category.*

*That category is itself a name that is a lie to protect the liars from the full impact of their lies and cushion the acceptance of the lies they tell.*

*The categories name is Eu·phe·mism*

*eu·phe·mism*

*/'yʊfə,mizəm/*

*noun: euphemism; plural noun: euphemisms*

*A mild or indirect word or expression substituted for one considered to be too harsh or blunt when referring to something unpleasant or embarrassing.*

**Even the given definition is a lie.**

*True Definition - Eu·phe·mism: The person is not saying what they mean. Nor do they mean what they say. Every word they communicate, writing, or speaking, is a lie.*

## *The Religion of Politics*

*Politicians require a higher standard of religious conviction than many of the other Main Major Religions. Politicians immediately polarize your convictions and isolate you from any information that will inform you of anything they do not want you to know.*

*Politicians pretend they are on opposing sides and pretend they are in different parties, groups and organizations, when in fact they are the most unified force that exist.*

*The United Nations existence proves this and disproves any illusionism based delusion, of internal fighting and internal disagreement.*

The biggest tell all is the fact that the resources exist right now, as you read this information, to remove all crime from every community. Remove all utility bills from every community. Remove all vehicle fuel cost from every community. The ability to Feed, provide shelter and a home, and provide proper medical care is available for every community right now. It exist. The resources are here. It is easily doable. I can personally oversee it in 5 Years with what is available right now.

Therefore you have to ask. Why are they forcing you to live in such conditions? Why are they forcing you to pay for those things? What is The True purpose of what is happening?

The answer is *enslavement*.

The answer is *slavery*.

They are sick people.

They have *evil in their gut and disease in their being*.

Sick people have no place in such positions of authority. They need to be getting medical care and treatment. Not making decisions that interfere with everyones lives.

Were it a physical sickness alone their care and treatment would be easily acknowledged and diagnosed.

However, there is the spiritual component. Which they themselves have legislated cannot be assessed.

They have written laws to protect themselves from being found out and identified.

That was only true up until this bookformat with this information was made available.

Now the known conditions and their biological components have been named and the locations of the viral disease have been identified along with the bacteria fungi and virus themselves.

Now the spiritual and biological are identified and known. No amount of self legislature can protect them anymore.

Now they can be removed and your freedom and life quality can be accessed for you to finally use and improve upon.

*Politics is a Main Major Religion* and one of the worst of the religions because of how it demands the most *religious convictions and sacrifices*.

## Religion

*There was great trickery involved when the naming of the final Main Major Religion was itself named as Religion. The thing is, that, every Religion, is a Sub Main Religion.*

*Not a Major Main Religion.*

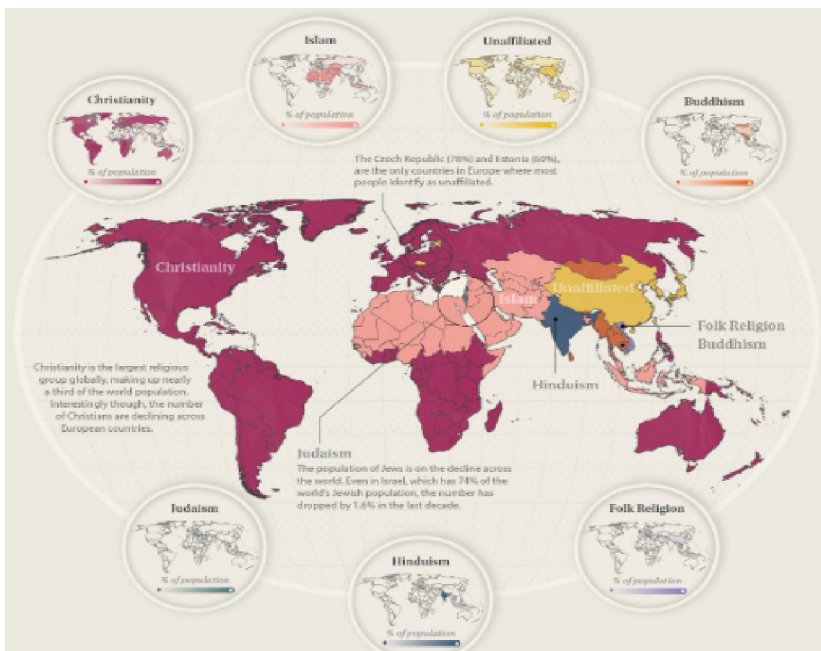

*As a result.*

*Your first mandated Religion is The One World Religion of Days.*

*Your second Religion is one or more of the Main Major Religions.*

*Any Religion that you choose thereafter from The Main Major Religion as a Religion for yourself is actually your Third or more Religion.*

*The Major Sub Religions:*

These are what people have been convinced, are alone, the only things that are Religions. Making it easy to hide the first Two.

The Side Effects Of Stolen Time

*Faith. Hope. Belief.*

*These are things that are only required to use a lie.*

*Faith. Hope. Belief.*

*These are things that are only needed to be a liar.*

**The Creator** has absolutely no need of *Faith, Hope, and Belief*, because **The Creator** is Truth.

Everything **The Creator** does and says is True.

Truth equals reality. Reality equals existence. Existence equals, it is.

**The Creator**, is.

Everything from, and of, **The Creator**, is.

*Faith. Hope. Belief. Are only required for what is not.*

*What is not. Is not real. What is not, does not exist. What is not, is a lie. What is not, is from, and of, the liars.*

**“Study to shew thyself approved unto The Creator, a workman that needeth not to be ashamed, rightly dividing the word of truth.”**

**This statement means you have studied enough to have the information, to not be, capable, of being lied to.**

The etymological definition of this statement is defined as meaning; **The Creator** wants you to be intelligent enough to know his works, and his ways, so that you have experience in life, and wisdom from living, which proves his greatness, through your joy, and that there is no place for *faith, hope, and belief*, because his works do not require *faith, hope, and belief*. Everything **The Creator** does is verifiable. Your duty is that you are obligated and mandated to become able to verify.

## The Side Effects Of Stolen Time

**The Creator** does not want you to waste your **TIME** in pursuit of *a liars lies*.

This is why **The Creator** did not make *Religion*. This is why **The Creator** did provide for query with Laws Rules and Guidance.

**The Creator** gave you all the tools and instruments required to live life to its fullest and at its best.

**The Creator** did so knowing that you only have a very finite **TIME** to accomplish your goals.

*The side effects of stolen TIME require that you waste your TIME with Faith Hope and Belief.*

All of which *faith, hope, and belief*, are present and accounted for, in any, and every, *Religion*. Which by definition, reveals *all Religions to be bad, and wrong*.

**The Creator** has set forth 623 laws.

**The Creator** has set forth rules as precednet from example.

**The Creator** has set forth guidance in the way's of facts and truth.

None of what **The Creator** has done is inclusive of *faith, hope, and beleif*.

*Faith Hope and Beleif equal Stolen TIME.*

Everything **The Creator** has done and is doing are things that you can, through study, and experience, Know.

**LIGHT**  
**DARK**

**Light**

**Dark**

Chapter 7  
**The Light and The Dark**

**The Creator** has designed reality to always insure that you are in **The Light**.

**The Creator** made **The First Light**, which reaches **The UrEaTh** plane, and sustains plant life, providing **Light** for **The Water, Meres**, and for **The Country** land and fertile soil.

Then **The Creator** Made a place for all of the **Lights** in the sky, who he knows each of by name. Those **Lights** which sing thanks and praise to **The Creator** which by doing so, brings **The Light** to us as well from **The Firmament**.

**The Creator** next made **The Greater Light To Rule The Day**, which was made during the **Fourth Cycle**, this **Greater Light made To Rule The Day** is at this time known as the Sun.

Then **The Creator** made **The Lesser Light To Rule The Night**, it too, was also made during the **Fourth Cycle**. This **Lesser Light made To Rule The Night** is at this time known as the Moon.

There is also your own personal **Inner Light**. **Your Inner Light** originates from **The Spark Of Life**. **The Spark Of Life** is responsible for you being alive. **The Spark Of Life** requires **The Breath Of Life** to be, and remain, active.

## The Light and The Dark

**The Creator** himself has stated that he is **The Light** and  
**The way.**

The full understanding of **LIGHT** reveals the statement  
to be of literal fact, not metaphor, nor symbolic.

Although, the fact that words from **The Creator** have the  
ability to resonate the same information on multiple  
spectrums of experience, across great divides of  
intelligence, past the limitations of education, and still,  
understanding remains the same, with the veracity of  
definition not even the slightest bit askew, is of no  
surprise.

Yet. When feedback from **The Creators** statement is  
requested, it will come in a mix of levels so far removed  
from each and the next or previous other that the  
paraphrasing may seem unrelated. Yet. All are giving  
exactly the same description. Each has recieved the same  
understanding.

When punishment for the wages of sin are paid, removal  
from **The Light** is part of that punishment.

The price of sin is death.

Death is the extinguishing of the **Spark Of Life.**

**The Spark Of Life** is the personal **Inner Light.**

Death is the end of the personal **Inner Light.**

Without The Personal **Inner Light** you are alone and in  
darkness.

Even when among **The Light** those who have paid the  
price for sin are in **The Dark.**

The Light and The Dark

Your **Inner Light** is connected to every other **Light**.

This connection to every other **Light** is the basis for your  
**Internal Clock**.

Your **Internal Clock** is what aligns you with **The True  
Time**.

The **True Time** is in sync with **The Creators Lights**.

**The Creators Lights** are, in order of manifestation:

**The Creator.**

**The First Light.**

**The Lights Of The Firmamnet.**

**The Greater Light To Rule The Day.**

**The Lesser Light To Rule The Night.**

**The Inner Lights of people around you.**

**Nature.**

When you are in **The Light** these are your  
connections.

In **The Light** you are never alone.

**The Light** has no secrets.

Nothing esoteric, or otherwise hidden, exist in **The  
Light**.

With patience, education, experience, study, wisdom,  
and intelligence, all that is in **The Light** will be  
known to you.

The Light and The Dark

*TIME-Keepers. TIME-Measuring. TIME-Zones.  
Daylight Saving TIME. Holidays. Holy Days. Sports.  
Scientism. Religion. Politics. Economy.*

These are all designed to keep you in The dark.

*They all use the judicial system to maintain the liars lies.  
They all use police officers of every designation, to  
maintain the operant and classical conditioning.*  
Which is installed, instilled, and indoctrinated, through  
embedding, from schools and colleges, in Tandem with  
jobs and careers.

The entire system is designed through its use of *lies, and  
liars*, as well as through physical hindrance, with mental  
and emotional obstacles, to keep you in **The Dark**.

**The Dark**, which is isolation from:

**The Creator.**

**The First Light.**

**The Lights Of The Firmament.**

**The Greater Light To Rule The Day.**

**The Lesser Light To Rule The Night.**

**The Inner Lights of people around you.**

**Nature.**

These are all connections that were you to  
respectfully and dutifully maintain, You could never  
be enslaved, and **The 13<sup>th</sup> Month** could never have  
been hidden from you.

The Light permits you to enjoy the details. Things that are impossible to see unless they are well lit.

## The Light and The Dark

### **The Creator The Light**

Again The Other who was there at **The Beginning** of all **Creation**, spoke to them, saying, “**The Creator The Light** of the world. Whoever follows The Other who was there at **The Beginning** of all **Creation**, will not walk in **Darkness**, but will have the **Light Of Life**.”

“You are **The Light** of the world. A city set on a hill cannot be hidden. Nor do people light a lamp and put it under a basket, but on a stand, and it gives **Light** to all in the house. In the same way, let your **Light** shine before others, so that they may see your good works and give glory to **The Creator** who is in heaven.

I have come into the world as **Light**, so that whoever has studied that they may be approved, and lived life using The laws Rules and Guidance from **The Light** may not remain in **Darkness**.

The Other who was there at **The Beginning** of all **Creation**, said to him, “I am the way, and the truth, and the life. No one comes to the **The Creator** except through me.

As long as I am in the world, I am **The Light** of the world.”

And this is the judgment: **The Light** has come into the world, *and people loved **The Darkness** rather than **The Light** because their works were evil.*

This is the message we have heard from him and proclaim to you, that, **The Creator** is **Light**, and in him is no **Darkness** at all. If we say we have fellowship with **The Creator** while we walk in **Darkness**, *we lie, and do not practice the truth.* But if we walk in **The Light**, as **The Creator** is **The Light**, we have fellowship with one another, and the blood of, The Other who was there at **The Beginning** of all **Creation**, cleanses us from all sin.

Places without The Light are truly terrifying. All people know this. Because of the terror of Darkness everyone seeks to be in The Light. There are no connections in The Darkness. The things that are in The Dark are not wanted.

## The Light and The Dark

### **The Darkness The Evil**

To open their eyes, *so that they may turn from **Darkness** to **Light** and from the power of the evil liar to **The Creator***, that they may receive forgiveness *of sins* and a place among those who are sanctified through study to be approved by The Other who was there at **The Beginning** of all **Creation**.

Even **The Darkness** is not **Dark** to you; **The Night** is **Bright** as **The Day**, for **Darkness** is as **Light** with you.

But if anyone walks in **The Night**, he stumbles, because **The Light** is not in him.”

To give **Light** to those who sit in **Darkness** and in the shadow of death, to guide our feet into the way of peace.”

And this is the judgment: **The Light** has come into the world, and people loved the **Darkness** rather than **The Light** *because their works were evil. For everyone who does wicked things hates **The Light** and does not come to **The Light**, lest his works should be exposed.* But whoever does what is true comes to **The Light**, so that it may be clearly seen that his works have been carried out in **The Creator The Light**.”

For you are all children of **Light**, children of The Day. We are not of the **Night** or of **The Darkness**.

Take no part in the unfruitful works of **Darkness**, but instead expose them.

Do not be equally yoked with those who do not study that they may be approved, but rather they are believers, hopeful and have faith. For what partnership has righteousness with lawlessness? Or what fellowship has **Light** with **Darkness**?

The obviousness of some things are blatant. Such as how they have renamed **The Greater Light To Rule The Day** as The Sun. Then continued with that form of veneration by giving The Sun a position of idol anthropomorphic elevation. Thereby through their reckoning they have determined The Sun to be First among their gods and so The Sun as their god is given  
Their First day.

Thusly so was SunDay proclaimed. SunDay has a long rich history of their gods associated with it. So many, that you can pick an era, and choose which of their gods it will be that you choose to associate with SunDay. This includes many international cultures and their SunDay gods as well.

*The One World Religion*

But, As this is a Heliocentric calendar system. And a Heliocentric Religious system. Filtered through a financially designed Gregorian principled Calendar system. With SunDay being their First day. No matter which sub *Religion* you choose. You are living life as a Sun Worshipper first and foremost.

Having a specific and categorized reference of **TIME** event such as SunDay requires a large amount of delusion. A large amount of illusion. Incredible amounts of **TIME** dedicated to rewriting a persons senses to get them to accept a thing like SunDay.

An Introduction To The Religions Of TIME-KEEPERS And Their Enslaved  
Part-2  
The One World Religion's

Every Day requires the presence of **The Greater Light To Rule The Day**. No **Greater Light To Rule The Day** will always have an outcome of there being no **Light**. Specifically No **DayLight**.

Not every **24 Hour Cycle** includes **The Greater Light To Rule The Day** and not every 24 Hour Cycle will include **The Lesser Light To Rule The Night**. The Geo-Local you are in and **The Season** you are experiencing will determine the positions of **The Greater Light To Rule The Day** and **The Lesser Light To Rule The Night** as being absent or present in your Geo-Local.

Therefore. Certain Geo-Local's will experience the presence of **The Greater Light To Rule The Day** for the entire **24 Hour Cycle** or longer. While other places will experience **The Lesser Light To Rule The Night** for **24 hour Cycles** or longer. Certain Geo-Local's during certain Seasons will experience both **The Greater Light To Rule The Day** and **The Lesser Light To Rule The Night** in **The Firmamnet** together, not during an eclipse, at exactly the same **TIME** for **24 Hour Cycles** or longer. Reality such as this means that there can be no SunDays. There can also be Mutiple SunDays. Or what is most often the occurrence, every Day is a SunDay, because  
The Sun is the prerequisite to there being a Day.

## The daylight moon

The Moon and the Sun together in The Sky. No eclipse.

## The DayMoon

The Day Moon is not often discussed or taught because it subtracts from the lies told about The Sun and The Moon. Such as the speeds they are moving. Their distance from The UrÆTh and each other. And what is happening on the opposite hemisphere which must be in TOTAL DARKNESS.

The DayMoon being present is quite common. To see The Sun and The Moon at The same **TIME** is a normal occurrence. The bottom of a globe must be in absolute darkness when this occurs. With only The lights from The Firmament to guide them and give them any natural Light to see.

Its constant height shifts and distance shifting shows that it is really not at all what anyone is being told that it is.

All of that information about The Sun had to be hidden from you in order for you to accept the lie.

There is no such thing as a specific event of an occurrence happening only once during The Week which is a SunDay.

Every Day**TIME** is a Sun Day.

No Sun equals No Day.

**MoonDay. Or MonDay.**

Equally as obvious, and equally as blatant.

Is how they have renamed **The Lesser Light To Rule The Night** as The Moon. Also continuing with that form of veneration by giving The Moon a position of idol anthropomorphic elevation as well. Thereby through their reckoning they have determined The Moon, too, to be First among their gods and so The Moon, as their god, is also given Their First day.

Thusly so was MoonDay proclaimed.

The Moon has an incredibly long list of associated gods. But in the One World *Religion*, which is the *Religion* everyone is a member of. The Moon is Equal to The Sun as being First but not equal to The Sun in terms of worship.

To that end. The workweek begins on MoonDay.

That is to say. Your Worship begins on MoonDay.

## **The Weekend**

The beginning, and definitions, are always the most accurate and specific place to introduce the facts. For that purpose, A more detailed introduction of their gods will be given, to show how people worship them, and by doing so, are members of, and are in, the congregation, of, The One World *Religion*.

What people do for The Weekend and why they do it.

What is the reason people make the choices and the decisions they make for The Weekend?

People prepare for The Weekend, people get their hair prepared in certain styles.

People buy new clothing to wear.

People practice dancing, walking, talking, all to be impressive and make a powerful First Impression.

People do all of this so that they can meet a person to accompany them in activities such as conversation, sex, dating, living together, someone to maybe even spend the rest of their life with.

Even when people do not meet on Weekend conditions, people will still make plans to spend **TIME** together during The Weekend and with Weekend conditions.

The reason for those conditions are worship of the gods Freya, Pan, Satyr, Dyonysus, Frigg, Saturn, and Shiva.  
The Weekend gods.

Venus's Day

In most languages with Latin Origins, FriDay is named  
after the fertility goddess and planet Venus, like:

italian – venerdi

french – vendredi

middle english – Fridai

latin - dies Veneris - Day of Venus

old english - frigedaeg - Frigg's day

old norse – frjadagr

ancient greek - hemera Aphrodittes - Day of Aphrodite

In Hinduism, special observances are practiced for their  
goddesses, mainly Durga/Parvati/Gowri, on Friday.

In Christianity, Good Friday is the Friday before Easter  
that commemorates [commemorate: to remind people of  
an important person or event from the past, sometimes  
inclusive of, or with, a special action or object] the  
crucifixion of Jesus.

In Islam, Friday is a day of general peace for Muslims. It  
is also a special prayer day called Salat AlJumu'ah.

The Eastern Orthodox Church. Every Friday is a fasting  
day, when people abstain from meat, poultry, and dairy  
products, although fish is permitted.

The international standard ISO 8601. Friday is the Fifth Day of The Week, in Slavic languages, they call Friday "Fifth Day", while the Portuguese use the word "sexta-feira", meaning the "Sixth Day of a liturgical [liturgy: a fixed form of public worship used in churches] celebration".

These are all different uses of FreyasDay. Used by a variety of the Sub*Religions* that do not know they are the Sub *Religion*. Because they have yet to gain the information which will supply the knowledge that becomes the power. Power with which they can first acknowledge Freyasday as being the core of their worship, then continue to gain the information which will supply the knowledge that becomes the power, which will inevitably lead them to this information being shared here in this book.

No matter what they do and who they are doing it for, the first dedication will go to Freya. The second dedication will go to The Sun. Only the third portion of the whole of their worship will be directed where they intended to send it.

That is bad, that is wrong, yet, the worst part of the entire situation is the part when they learn that all *Religions* are *a lie*, and that their worship isnt being properly done, nor is it going to the proper source.

Friday comes after Thursday and before Saturday in The Heliocentric Gregorian Calendar. As well as in many Heliocentric non Gregorian Calendar's

Friday is The Fifth Day of The Week according to the international standard ISO 8601 and is considered the last working Day of The Week in most western countries.  
Along with a great many nonwestern countries.

As The WorkWeek ends and people ready themselves for Their Weekend Worship.  
Instead of the proper source, being worshipped the proper way. The Weekend is what is being focused on.  
Freya, Pan, Satyr, Dyonysus, Frigg, Saturn, and Shiva.  
The Weekend gods.

To worship these gods people will ritualize their activities and invite possession as an avatar of those gods.

All rituals require the people to appear as the entity they are representing to make their body a vessel for that possession.

This is always done.  
It is most often done at clubs and bars.  
Places such as that are designed to promote worship of The Weekend gods. Those types of places have many other names as well.

Venues: The Club, The bar, DanceHall, Pub, there are many names for these places. All of them serve the same function. They are all a place where you can do your ritual dedication to the gods of The Weekend.

They all have the mirrors which are the doorways to the realm of afterlife, as well as a barrier, depending on its use. They sell spirits. Spirits is the other name for alcoholic drinks. They have loud music, and dancing sections, for people to conduct themselves in their ritual. There are a multitude of lights being used to provide the atmospheric conditions that will open the gates between dimensions for the afterlife beings to pass in and out of this realm, and the bodies of the people in the venue.

While the people themselves have dedicated their **TIME** energy and resources to the event of this *One World Religion*.

### **The Weekend gods veneration**

For some The Weekend begins on ThursDay, meaning ThursDay. ThursDay, is often called FreyasDay Freyaday, meaning Fridays Friday.

Thor's-Day:

The English word ThursDay is named after the Norse god of thunder, Thor. ThursDay means Thor's Day in Old English.

Thor is represented riding a chariot drawn by goats and wielding his hammer.

In most languages with Latin origins, the Day is named after the god and planet Jupiter.

In most Romance languages, the ThorsDay is named after the Roman god Jupiter, who was the god of sky and thunder. In Latin, ThorsDay was known as Iovis Dies, "Jupiter'sDay"

Jupiter represents abundance, prosperity and the principle of expansion. As the ruler of Sagittarius, Jupiter is the planet that helps with reaching high ideals and principles. Thor is reminiscent of Jupiter, as they both deal with lightning and thunder. So this Day of The Week became ThursDay. Thor is in Nordic mythology Sif's husband and was the god of thunder. The name Þórr (Thor) is related to the word 'thunder'.

Many people actively follow this god. These gods. As they ready themselves for ThorsDay by checking their abundance and making plans to expand their property. Which, as a standard, they will do on FreyasDay, and SatyrsDay.

Freya's-Day:

FriDay was derived from Frigg's-Day, Frigg, the wife of Odin, representing love and beauty, in Norse mythology. Frigg, the Norse goddess of Motherhood and Fertility, is the wife of Odin, the main god in Norse mythology. As goddess of Motherhood, she represents motherly love, and she is the goddess who was invoked during births. The goddess Frigg was best known for her dedication to her children.

This is the reason why woman will present themselves as beautifully as they know how to do when they are presenting themselves for review in a venue. The woman is doing so to find love, to find a man who will impregnate her, because she wants to be a dedicated mother and she wants to be a wife queen. As a part of the ritual to the goddesses Frigg and Freya the woman will be extremely fertile and her sexual desires will be at their peak, she will use little self restraint and allow herself to be taken in almost every way. On Freya's Day, a woman will often go home with the man.

She knows that in this way she will most likely have a man fall in love with her, and she will become pregnant.

However, since she was partially or fully possessed, as well as being filled with spirits, her real and true self cannot maintain the energy she displayed while possessed, and with spirits, so the relationship she formed will fail, and the bonds she was building will break.

Even her drive to be a mother will be lessened once she ends participation in the rituals.

She will also find it to be impossible, for her to maintain, the level of ritualistic beauty, she assumed when she allowed her body to be possessed, and used, to be an avatar, during the rituals, at the venues, at that **TIME**.

*Possession is a rape that occurs spiritually. This information is the genesis of what rapist use as a justification for raping the body. Raping the land. Raping the assets. Raping the earnings. They use that truth to distract you from the fact that they are currently raping you of life in every way the word can be applied.*

Satyr's-Day: SaturDay  
BathDay-PoolDay

After everything done during the rituals for Freya and Frigg it comes as no surprise that the very first definition for Satyr's-day: Saturday; is BathDay-PoolDay.

But, apparently, the bath and the pool are not only meant to cleanse the men and woman of their previous Day and Night of debauchery, it is also meant and designed to relax them in preparation for the events to come. For Satyr's-day: Saturday- SaturnsDay is also a major event.

Involving the worship of Dionysus and Pan as well.

Satyr's-day-Saturday-Dionysus-Pan

Their worship will require marathon and athletic level prowess. Thus. On SatyrsDay people will once again put on their best avatar outfits of clothing and accessories. Except on SatyrsDay The woman are not on review. It is the men who will be judged for their potential as a husband, a father, a protector, and a provider. It begins with appearance. But it will not end there.

Noun. satyr (plural satyrs) (Greek mythology) A sylvan deity or demigod, male companion of Pan or Dionysus, represented as part man and part goat, and characterized by riotous merriment and lasciviousness, sometimes pictured with a perpetual erection.

These men must radiate sexuality and testosterone. They must exude masculinity.

To honor the god Pan they must prove their virility, When a man and woman meet on Satyr'sday more likely than not a woman who is pleased with the man who she has found will take him to her home and from the very beginning allow him to behave as a husband with her, knowing full well she will shortly become pregnant with his child.

But, since he was partailly or fully possessed, as well as being filled with spirits, his real and true self cannot maintain the energy he displayed while possessed, and with spirits, so the relationship he formed will fail, and the bonds he was building will break.

Even his drive to be a father will be lessened once he ends participation in the rituals.

he will also find it to be impossible, for him to maintain, the level of ritualisic handsomeness, he used, to be an avatar, during the rituals, at the venues, at that **TIME**.

For the man it is much worse.  
When the ritual he was a participant in, with the woman, ends for her. It is not yet over for him.

Satyr's Day: Saturn's Day-Saturday

It comes from the Middle English *Saturdai*, from the Old English *Saternesdæg*, which is a partial translation of the Latin *Sāturnī diēs*, meaning "Saturn's Day." The ancient Romans named the Day now called Saturday after the planet Saturn, which was named for their god of agriculture. Originally Dionysus was the Greek god of fertility. Later, he came to be known chiefly as the god of wine and pleasure. The Romans called him Bacchus.

For the men. A continued scheduling of debauchery will be the way they spend their **TIME** for quite a while.

Woman do not know why the men behave this way and do these things.

The men do not know why they behave this way and do these things.

**The answer to why men behave that way and do those things** is because of the One World *Religion* that you are both conducting the ritual within.

For thousands of years people have wanted the answer to the question of why men behave in such a way.

**Now you have the definitive answer. Now you know exactly and specifically why.**

For Both Men and Woman who want a lifestyle free of exterior toxicity from religions. All you need do is not participate. You will experience that no rituals places more of your income back into your life As official holidays and holy days have no impact on your good ROUTINE. Nor will any of the HIDDEN RELIGIONS such as The Heliocentric Gregorian Calendar System. Or The Main Major Religions activities such as POLITRICS. SPORTS. ECONOMY. SCIENTISM.

Without these exterior attacks constantly demanding that you give of yourself to their cause being permitted by you to succeed through the word and the action of you saying YES. Then your life will not include these rituals which they demand. Your life will be a Real Life. Having a Real Life is not something that many people can ever honestly say they have achieved. Therefore you may find that in your Geo-Local you are in a class to yourself. That is only one part of what to do. The other part of what to do is that you must Study That Ye May Be approved. Study and know The Truth so That no-ones lies can have their way with you. This all begins through the action of first and foremost acknowledging The Creator and with that acknowledgement accepting reality which begins with TIME. The Creator only wants for you to learn. To be intelligent. To be able to understand. From these things comes Peace Responsibility Respect Appreciation and Love. The Creator has nothing to do with Religion. Religion is a concept and invention of the evil liar. Religion is a Human fault and flaw.

When you move your level of existence to a way of living that is beyond the ways of Religion you become what The Creator intended when he used his words to define you into existence. You become one of The Humane.

*Say No to all forms of Religion.*

Not only these obvious ones that are used as a decoy and a distraction by giving them the umbrella name of *Religion*. But absolutely anything that requires *hope faith and belief* from you. For those are the *Religions in Hiding*. Stay away from them as well.

*Government is Religion

*The Politicians have one language setting. LIE.  
The politicians have one use. LIARS.  
The LIE the LIARS use are a constant and of great  
variety. So many in fact that it requires its own dictionary

The end result of all of their lies in every category is to

For a man and a woman to be free from the rituals you must be aware of the rituals.

For the men. It is still not over yet.

The ancient Romans named the Day now called Saturday after the planet Saturn, which was named for their god of *agriculture*<sup>1</sup>.

After the men indulge in *food*<sup>1</sup>, Originally Dionysus was the Greek god of *fertility*<sup>2</sup> and *competition*<sup>2</sup> among themselves, to prove their masculinity, ranking, and to establish their hierarchy. Later, he came to be known chiefly as the god of *wine*<sup>3</sup> and *pleasure*<sup>4</sup>. Their testosterone levels are once again peaked and they will seek out more woman to present *spirits*<sup>3</sup> to, and *to lay with*<sup>4</sup> in order to make babies for her as well.

Dionysus . The Romans called him Bacchus.

Its not over for the men yet.

This ritual can take years to complete.

Much of the judicial system has been built up around it. The inherent problem with *Religion* and rituals is the way it ruins the lives of everyone involved.

The One World *Religion* has always been destructive from the very beginning. That is all it does. It builds up things specifically so that it can tear them down.

It will raise things. So that it can raze things.

The One World *Religion*.

Raise to Raze.

The mens ritual continues.

Dionysus was the son of the supreme god Zeus and Semele, the daughter of a king. He journeyed far and wide. Dionysus had the power to *inspire*<sup>1</sup> and to create *ecstasy*<sup>2</sup>, and his cult had special importance for *art*<sup>3</sup> and *literature*<sup>4</sup>. Performances of *tragedy*<sup>5</sup> and *comedy*<sup>6</sup> in Athens were part of two festivals of Dionysus, the Lenaea and the Great (or City) Dionysia. Dionysus was also honoured in *lyric poems* called *dithyrambs*<sup>6</sup>. Dionysus was the god not only of *wine* and *fertility* but also of *theater*<sup>7</sup>, *madness*<sup>8</sup>, *festivity*<sup>9</sup>, *pleasure*<sup>10</sup>, *vegetation*<sup>11</sup>, and *wild frenzy*<sup>12</sup>. *He's often depicted as a god with duality*<sup>13</sup> – on the one hand, *he symbolizes merrymaking, joy, and religious ecstasy*<sup>14</sup>, but on the other hand, *he would demonstrate brutality, and wrath*<sup>15</sup>.

These men will search for *inspiration*<sup>1</sup> to be *passionate*<sup>2</sup>. Often feeling empty and aimless when they are not engaged in the search or the passion. Which will have detrimental effects on their natural skills in *art*<sup>3</sup> and *literature*<sup>4</sup> which they will suddenly cease all activity in. Even they themselves will be at a loss to explain why a thing they are good at and enjoyed doing is a thing they can no longer bring themselves to do on any level. The answer to that riddle is in the ceremony ritual they have dedicated themselves to. They have become an avatar of a drama-king, who drinks too much, and whines too often, while accomplishing nothing himself, and seeks to inspire others at the same time.

However, he is still not himself yet. He is legion. In him are the spirits he consumed and the spirits he allowed to possess him at the venues as well as the god who he became an avatar for.

All of those afterlife beings must vacate from his body before he can recalim his own purpose and sense of self again.

Anyone who does not know this ritual will conclude wrongly and falsely about what is occurring and why.

Performances of Tragedy<sup>5</sup> and Comedy<sup>6</sup> will be acted out

a passionate or inflated speech, poem, or other writing.

The man will find himself embedded in music consisting  
of inflated speech for public display, he will also have a  
preoccupation with the lyrics of others and the poetry of  
the world.

He will participate in theater<sup>7</sup>, revel in madness<sup>8</sup>, pine for  
festivity<sup>9</sup>, and exhaust himself in pleasure<sup>10</sup>. He will seek  
out the peace and serenity of vegetation<sup>11</sup> without even  
recognizing he needs to spend **TIME** in the park.

While exhibiting strong emotion that is often violent,  
frightening, and not under control<sup>12</sup>.

During the ritual his duality will be made manifest and he  
will know his behaviour is polarized at the extremes<sup>13</sup>.

One part of the duality will find some happiness in life  
and draw inner passion from their sub*Religion*<sup>14</sup>, while  
the other part of his duality will be openly violent and  
cruel whenever he has extreme anger<sup>15</sup>.

So ends the ritual for the man.

So ends his SatyrDay. So ends The Week of their gods.

## Chapter 8

# An Overview Summary

**Duodecimal** base-basic and **Sexagesimal** base-basic is the foundation of how **The 24 Hour Cycle** is **Divided** into its **Measurements**.

The Measurements begin with:

**Duodecimal (base 12)** and **Sexagesimal (base 60)**

Duodecimal base 12 times 5 equals Sexagesimal base 60

The first base 60 is **60 Seconds**.

**60 Seconds** is 1 base-basic Sexagesimal.

**60 seconds** is **1 Minute**

The second base 60 is **60 Minutes**.

**60 Minutes** is 1 base-basic Sexagesimal

composed of **60 parts of 60=1 parts**

**60 Minutes** is **1 hour**.

**The Measure** of **Day** and **The Measure** of **Night** are of uneven **Measurement** therefore the assignment of **ante-** and **post-** are inappropriate, and the corresponding Duodecimal connection of **12 Hours ante-** and **12 Hours post-** does not belong.

This does not present itself as a problem for accurate **TIME** Measurement.

True **TIME Measurement Machines** already exist which include the mechanisms required for such precise variation detailing of changes in **Season** and the related **Seasonal** uneven distribution of **Day** and **Night** as it occurs in any **Geo-Local**.

## An Overview Summary

The **TIME Measurement Machine** capable of such precise and detailed **Measuring** of **TIME** including the **Seasonal** Changes of **Day** and **Night** length is a 2000 year old machine named for where it was found.

The Antikythera machine.

The Antikythera machine was created with gears that are calibrated to include adjustments for variations of natural occurrence, this means that it has precise **Measurements** for **Day**, and for **Night**. The Antikythera machine did not use an **ante-** and **post- Dudodecimal base 12** as its predertimed presets for **Measuring The Division** of **The 24 Hour Cycle** during any **Season**.

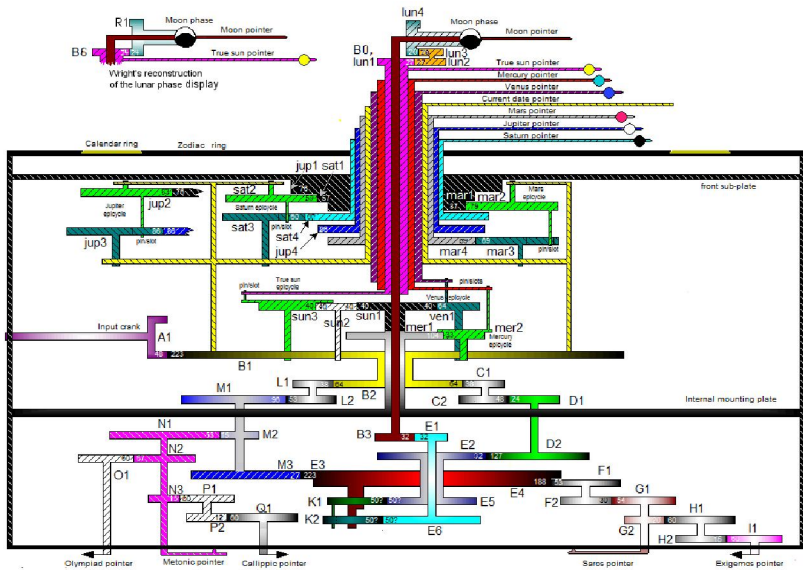

The Antikythera machine only **Measured Day** and **Night** exactly as it is, from each of their beginning, to each of their end.

This is the True way to **Measure TIME** contained within the **24 Hour Cycle** that is **The Day**, **The Night**, and all of their inner parts of **Division**.

**The Measure** of **Day** and **The Measure** of **Night** are of uneven **Measurement** therefore the assignment of **ante-** and **post-** are inappropriate, and the corresponding Duodecimal connection of **12 Hours ante-** and **12 Hours post-** does not belong.

This does not present itself as a problem for accurate **TIME Measurement**.

# Antikythera mechanism Known Gear Schematic

There have been many proposals submitted to claim authority for defining the Antikythera Mechanism based on its known gear schematic.

Those submissions are all a posturing clamour for fame and recognition among their peers. It is a way to stand out, stand apart, and be given an individual honor. Which in turn is a recognition of their ability and skills. A preposterous display for a people who are active in the pursuit of information.

The fact is The Antikythera Mechanism is a computer. It can be manipulated to perform any task that its End User requires. Such variety is its core design. Therefore. Any proposal which makes use of the Known Gear Schematic is correct and accurate. The fact that they are allowed to quibble over such minor details only serves to confuse those of lesser understanding and divide consensus.

Being a computer. The Antikythera Mechanism is anything that the End User wants it to be, which can originate from its core design.

Children would use these devices with great accuracy and ease. These are not complicated machines. In fact, they were incredibly simple to use, and simple to understand. Often with directions and functions inscribed on it in many languages.

## An Overview Summary

The Duodecimal and Sexagesimal base-basics do not change. The removal of the names where they do not belong changes. *The consequential and related systemic enslavement changes.* The informing people using truth will replace *the misinforming people using lies*, is a change that will also occur. There will be many changes that are going to happen as the result of telling people the Truth about **TIME**. The changes are all caused by honesty replacing *lies*, not the base-basic system for **Measuring The Divisions of TIME**.

The second base 12 is **The 24 Hour Cycle**.

**The 24 Hour Cycle** is the base-basic Duodecimal times 2 composed of **24 parts of 60=1 times 60=1 parts**  
**24 Hours is 1 Cycle**

**1 Cycle times 7 is The Week**

**The Week** is itself composed of 2 parts. The first part of **The Week** is in existence before **TIME**. The second part of **The Week** exist including **TIME**. **The Week** is 1 whole, made by the 2 parts.

The first part of **The Week**, in existence before **TIME**. Cannot be solved with  $t = d/s$  which means **TIME** equals distance divided by speed.

Because the first part of The Week had no quantitative parameters for the **Measurement** of **TIME**.

Thus.  $X=3+4=7=1$  is a correlated mathematical fact containing The Sum Total of ALL of existence. This equation is equal to everything that was, is, and will be.

$X=3+4=7=1$  is a portion of The Language of **The Creator**. A Language which is far beyond the ability of **The Humane** or **The Humans** to comprehend. **The Creator** designed all of existence using only **3** and **4**.

When **The Creator** was done with **Creating** and was a participant in his works he called it resting.

He called the place of his rest **UrÆTh**.

This name cannot be correctly said by any being in existence because it is a mathematical elemental grammatical multi-volume sustained oscillating reverberating harmonious word. No being or device can ever achieve the required dialect nor the accent. Plus the level of intelligence and emotional input that goes into each portion of the word.

As a result The word **UrÆTh** has remained constant. It has been subjected to the same translations and inflections and cultural appropriations as any other word. Its current use is as the word *Earth*. The word *Earth* is a corrupted form as is all of the other uses and like all other corruptions it still retains the truth within its definition. Each form of corruption has a *lie* attached to its meaning to suit the 83 *Government-Religious* types that are using it.

This  $X=3+4=7=1$  is the expression of everything. It is perfection. This **UrÆTh**, is located within this  $X=3+4=7=1$  as is everything that exist in, on, under, over, and round, **UrÆTh**.

The expression of everything is conveyed equally in **The Week**.

Thus.  $X=3+4=7=1=$ **The Week**. **The Week** is **The Creators** greatest **Creation** and gift to us all.

## An Overview Summary

The unknown amount of **TIME** for the First 3 **Cycles** is called a variable. In order to solve for a variable, you need to isolate the variable. You can isolate the variable by using inverse operations, addition is the inverse of subtraction, and multiplication is the inverse of division. The inverse procedure will expose other ways of seeing the equation, which will increase the amount of parts available to complete the piecing together, in their proper place and order, the numbers required to answer the question.

However. The answer in this instance is only capable of being recovered from the beginning of **Creation**, before **TIME**. This means that all mathematical formula and equations of any type, of any kind, at any level, will not be able to do the work. The math required to do this work must be capable of completing its procedure to perfection repeatedly to the final finite result in every procedure.

*This means that all theory, hypothesis, and any other form of a guess, an idea, or whatever name for imagination will be used. It must be regarded exactly for what it is. Imagination. Not math.*

**The Creator** did not make reality to be beyond our ability to understand and comprehend. **The Creator** made reality so that our hard work and dedication will have a joyous conclusion. Therefore **The Creator** has given us good work to do so that we may be able to follow his lead and do as he has instructed us to do.

An Overview Summary

**The Week** is the epitome of **Creation**.

The components which are **The Week** are literally all of existence.

As a consequence of the reality that **The Week** is all of existence, **The Week** is a perpetual loop.

**The Creator Created The Week.**

**The Week is the most important creation of all.**

You, exist in,

**The True Definition of TIME**; experiencing:

Quantum - Fractal - Geo - Temporal - Spirit Origin - Soul

Sensory - Brain Process;

Responsible for the practical applications of all mechanical process originating from its source.

Because.

**The Truth About How TIME Works**

is.

A very small quantity of electromagnetic energy - [is] moving in a curve or pattern, including a smaller curve or pattern, with exactly the same shape - from geo-local to geo-local continuously - as sensed by a person - through every aspect of their being – the mechanical function of these things together achieves the result of **TIME**.

**This mechanical function's patterned process is responsible for all of reality.**

But most importantly is the fact that this process in its entirety is what we all know as, **The Week**.

## An Overview Summary

That is why everything is always different and new, That is why we age differently each from the other. That is why we have shared experiences which are occurring no matter where we are. The reason we are all capable of coexistence is **TIME**.

**TIME** is the cohesive element which bonds and unites all of reality.

*That is why to enslave you, ... make you work for free, ... they hid one Month, and one Cycle from the next Year, which they force you to labor away during.*

10% of the people alive own 50% of all the wealth in the world. Wealth they did not earn. *It is wealth they stole from you by enslaving you to a system in which The **TIME** is so usurped there was no way you would ever realize The Truth.*

If those 10% had earned that 50% of the wealth it would be honest and good.

But they stole that 50%.

From you.

The **13<sup>th</sup> Month** is very important to **The Creator**. **The Creator** made **The 13<sup>th</sup> Month** for everyone to have **The Week** to study after each **Season**.

## An Overview Summary

The way **The Creator** has made Laws Rules and guidance available is where the answer to how the **True TIME** is made to be used.

Everyone is supposed to work their first week and receive no pay, it is held back. The first Pay is received on finishing **The Week 2**.

This pattern continues for **84 Cycles**.

**84 Cycles is 3 Months.**

**1 Month is 28 Cycles.**

**28 Cycles is 4 of The Week.**

**The Week is 7 Cycles.**

**3 Months is 1 Season.**

The completion of each **Season** is the beginning of **The Week OF study**.

**During The Week OF Study** you are not to do any work for anyone.

This is The Week for which your First Pay was held back. At the conclusion of each of The Week OF Study you are to receive a paycheck for the work you did The week prior.

You are not to do over**TIME** to prepare for **The Week Of Study**.

You are not to do extra shifts to prepare for **The Week OF Study**.

You are not to do any work that is extra in order to be prepared for **The Week OF Study**.

*This is to prevent the wicked and greedy from taking advantage of you. Enslaving you.*

The 83 *Government* types have divided **TIME** into Meridians. Meridians which they do not acknowledge. They have taken the Sexagesimal **TIME** and the Duodecimal **TIME** system, and altered their use.

They have infested The Septenary as a vile parasite.

**They have taken Literal; Seconds, Minutes, Hours, Cycles, The Week, Months, and Years, away from you.**

With this information being shared for your life improvement, you may yet be freed from enslavement and able to live as **The Creator** has made way for you to do so.

He Freed you once already. You have been recaptured.

Now you must become free again.

These are your sworn enemies.  
They have all hidden The Truth from you with the intent  
to do you harm. And harm you they have done.

Together they form societies based on secrets and they  
call those shared secrets *esoteric*. They call their  
*societies secret*. What they make public is only a  
distraction. It is not The truth.

No matter how open they become with their rituals  
visually, and openly display their worship in magazines,  
videos, and other images, no matter how clearly the lyrics  
are used in their audible *Broadcasted* weapons they call  
music. Promoting and propagandizing their *secret*  
*societies*. What they have never done is reveal that *you*  
*are enslaved. That these are all Slave States.*

*That they are actively in the process of slavery. That you*  
*are the slaves doing that slavery.*

They do not tell you that all of the *secrecy* is to *hide* the  
fact that The Chosen of **The Creator** who were freed  
from oppression of the Pharoah so long ago have been  
recaptured and *enslaved once again*.

This. They do not tell you.

This. They do not propagandize.

The instructions, the design, the pattern of **TIME** is all here now for you to use and become free.

They cannot take what is not theirs to give. You need only to follow the laws the rules and the guidance of **The Creator** and in order of events, your freedom shall be again made available for you to reclaim.

You. Too. Shall have to exit their empire. As did your ancestors. This is the way **The Creator** intends it to be. Any attempts to not allow you to leave will lead to their destruction, by their own hand, by their own words.

# **No Religion's No politics No Government's No War**

### *ALL Religions ARE A LIE*

*All Religions are a lie. On the surface they wear a mask of being representatives of **The Creator**. To sell that belief they will initiate and train members of their organization who do sincerely and truly believe the lie they are selling and will in every way become the goodness of their lie. These new members will be the frontline offence and defense of the Religion. These true believers will be placed in publicly pleasing positions that seem as if they have authority and power within the secret society of esoteric design that is their Religion. They themselves will believe they have power authority and access to information. But that is the mask. The Religion is an esoteric design and is mechanized by its secrets. The Truth about all Religions no matter what name it uses is that they are: Rapist of Children. Rapist of Woman. Rapist of Men. Rapist of animals. They are thieves of the most stealthy illusion based delusion of all. They are Robber Barons. They are conspirators with Politicians who assist the Governments in maintaining the Slave State for a percentage of the gross profit, and for a percentage of the slaves to have as their own. They assist the Governments in War.*

This is all from their Doctrine. Their Doctrine is the foundation of what is being said here and now for you to become free from their yoke.

All of these *Major Religions* Demand *Belief*. Demand *Hope*. Demand *Faith*. As a part of your every moment of existence, and as your experience within them.

Travel, communication, Family, Business, and Personal Reasons, are directly responsible for the spread of *Religion*. Meaning. Anywhere and everywhere will contain a noticeable presence of each of these *Religions*.

Of *The Minor, and Lesser Religions*, there are hundreds.

All of the *Religions. Major. Sub Major. Minor. Lesser.* They all have common threads which unites them all. They can only exist and function, because *people are tricked into accepting their lies. Forced into accepting their lies. People who are aware of the lies use the lies to their own advantage.* Some people do not know *they are being lied to*, so they become the congregated in, to, and for a *Religion*. The *Religion* will then teach them *how to live with lies.*

*Lies* have a prerequisites to exist. The prerequisite for a *lie* to exist is that The Truth must be capable of being *hidden*. As well as the *lie* must have the ability to be accepted. There must always be discouragement from pursuing The Truth and there must always be reward for accepting the *lies*. In this way. The Truth can be physically adjacent to the *lie* and the conditioning the congregation has received will have conditioned the *Religious* people to not have the ability to recognize The Truth. To question the presence of The Truth. Or to begin investigating The Truth they have experienced. Usually *Religions* are set up to make an example of those who seek Truth and publicly punish them with the intent being to stop anyone else from seeking The Truth.

No Religions No Politics No Governments No War

When **The Truth** is denied. Something else must replace **The Truth**. Something else which will block the truth and will enforce the *lie*.

There is only one way to block **The Truth** and enforce the *lie*, that one way to block **The Truth** and enforce the *lie*, is to replace **The Truth** with *belief*, with *hope*, and with *faith*.

*Belief. Hope. Faith.* These are not things that provide answers. They do not remedy problems. They do not have solutions. *People who congregatæ for a Religion* will have as some of its members people who are very smart, and people who are very dumb. No matter the level of education a person has reached or achieved, they are still recieveing *Belief Hope and Faith* in place of **The Truth**, *and are being lied to in the same way*, be they the smartest person in the room or the dumbest person in the room. The deception is equally successful.

This is where the words of **The Creator** separate themselves from the *usurpation of his words* used by *Religion's*.

**The Creator** rewards **The Truth** and encourages Truth Seeking.

**The Creator** has nothing to hide and so hides nothing. **The Creator** *has no use for Belief*. Becuase **The Creator** only shares Truth. **The Creator** *has no use for Hope*. Because **The Creator** has shown you **The Way** it works. **The Creator** *has no use for Faith*. Because **The Creator** does not require you to do more than you can do.

The Light tells the person they are amongst liars.  
There are hands from unknown origins holding the  
person back, down, slowing the person.

It is dark. Other than The Light source that is present to  
tell of *the liars*. All around the person **TIME** is being

been ripped open from below the throat to above the  
diaphragm. Which impacts the lungs and heart  
specifically.

**The Creators** way of doing things is good.

Nothing to hide and sharing truth, equals, sharing truthful information.

The consequence of sharing Truthful information is a well informed society capable of making the right, proper, and good, choice, when they are in a position that is required of them to do so.

A well informed person who will choose the right thing to do in private, and personally, because they have been fully made aware of the reality.

This alone is enough to end hunger, end war, and famine, poverty, and crime.

**The Creator** has shown you The Way it works.

**The Creator** does not require you to do more than you can do. This is goodness.

The consequence of informing people of the way things work, is the same thing as securing their safety, by assisting them to do only what they can do without any demands for more, or expectations of more, will **Create** a society of RESPECT and Caring. A RESPONSIBLE society wherein people work hard, and do so while protecting the life and property of their coworkers, which is the same thing as their neighbors, who are the same people in their family, and are the people they will each call friends.

*Belief Hope and Faith* do not include RESPECT and RESPONSIBILITY.

Which means that *Religion* does not include RESPECT and RESPONSIBILITY.

This explains why every society of nations. Enslaved In any of the 83 *Government* types. Contain entire communities, neighborhoods, towns, boroughs, villages, cities, and states, having people who are looking for *Government* and Business Accountability for what is always a long list of proven, factual, known, criminal actions the *Government* administrators and Business administrators are committing, which go unpunished by that *Government* types judicial system, while other people, who are not *Government* administrators or Business administrators, are imprisoned for exactly the same criminal activity, by that *Government* types judicial system.

There is no ACCOUNTABILITY because there is no RESPONSIBILITY.

However. When *the enslaved* cannot be contained using the standard methods of distraction they will use a scapegoat to give *their slavery population* **The Satisfadistra**. A temporary punishment for the scapegoat that will only be propagandized as long as there is a public focus on it. When the public focus is aimed somewhere else, the scapegoats will be set free, whenever possible, and return to their life of waiting to be used again.

*Religions* do not include RESPECT in their methods or ways.

All of the *Religions*. Major. Sub Major. Minor. Lesser. They all have doctrine which instructs their members to rape.

*Rape is the crime of forcing someone to have sex with you when they do not want to by threatening them and especially using violence.*

*The most important, and powerful, tool, instrument, weapon, the rapist has, is the threat.*

A threat is not only the kinetic danger you face at that exact moment. A threat is the potential danger you will have facing you forever thereafter.

Kinetic Danger ends.

Potential Danger is the constant condition of Kinetic Danger.

Any person whose criminal activity is a Potential Danger originating from a Kinetic Danger is a Danger for the entire duration of the life of the person who faced Kinetic Danger from the criminal. The punishment must fit the crime. The criminal must face life in prison and the only conditions for the release of a *rapist* who is a Potential danger must include the removal of their sexual organs externally and internally as well as a brain lobotomy removing the parts of the brain responsible for sexual stimulation and violence.

Eunuch Castration plus Brain Lobotomy. With mandatory rehabilitation counseling since neuro pathways can take new routes and re-establish older more ingrained synaptic stimuli which can be in brain areas that were not known.

Is the only definitive way to manage a *rapist*.

When you cannot control yourself. The police are called in to control you.

When you cannot be controlled by exterior methods.

Drugs are used to control you.

Society is no stranger to assisting people who fail to have self control in attaining a interactive degree of self control thereafter.

It is so common that it is described often as self medicating.

That is how much society is in favor of controlling the nonsocial intrusions which disrupt the agreed upon status quo.

The only people who are in favor of the current catch and release system are other *criminals who for whatever reason have not been arrested and charged for their crimes as of yet and the criminals that are known because they recognize the freedom to continue repeating the same crimes in society without any real punishment attached to their actions.* It can be accurately shown that the *criminals are in many ways rewarded for their criminal behaviour.* Which is present in the fact that they are caught and released. **Where is the punishment?** *Many of these criminals are repeat offenders of the law with extremely long histories of repeating the same criminal actions.* Each **TIME** the judicial system does not punish them or in any way take actions that will deter or prevent future lawlessness from those individuals.

The Common standard of Law was then what it is now. Those who lack self control will be controlled by an exterior force.

Removal of the penis. The tongue. The fingers. The hand. Woman were not free from this punishment.

The standards of society are there for the safety and security of the people.

There are numerous reasons for the unreported cases. What ALL of the unreported cases have in common is that it is already known the system will not punish some of these rapist. Or that the punishment will be a superficial propaganda to pretend an act of authority has taken place while the reality will reveal the rapist as being back in society again before the victims scars have even had time to form a scab.

You can access video fact of people comitting sexual assaults in front of judges and lawyers, who then protect the rapist, and further victimize the assaulted person with threats and fines.

The family and friends of the rape victim would murder the rapist. And whenever possible they would also murder the judges the lawyers and the govrenors that allowed the rape.

The action of defying a persons personal space in any way is a form of RAPE. The only variable is what occurred during the defiance.

### Meaning

Which types of weapons were used to do which types of harm.

Judgement must be carried out in relation to those questions being answered and to a degree of severity that prevents it from occurring by that person ever again.

The reality that any society only contains a certain percentage of criminals. A definitive action against crime can and will reduce crime to almost zero percent.

## Reported

21% to improve police surveillance or they believed they had a duty to do so

17% to catch/punish/prevent offender from reoffending

6% gave a different answer, or declined to cite one reason

3% did so to get help or recover loss

## Unreported

2% believed the police could not do anything to help

30% gave another reason, or did not cite one reason

More people than not have accepted the failure of the judicial system to maintain a safe society.

However. You do not need them or their permission to do what is right.

Rely on each other and exclude the judicial system. They have already proven their failure.

Castration And Lobotomy Medical Enforced Discipline

*Criminals who have through their actions revealed they are both a kinetic and potential threat must be judged as such.*

*Any judge that cannot include the reality of kinetic and potential criminal activity present in an individual. Then include that in the sentencing. Is unfit to judge.*

The REALITY is that the rapist is using their PENIS as a WEAPON and using it to offensively violate intimidate and control their victims. It is a common procedure to remove weapons from the criminal. A weapon is anything that the criminal has already through their own action used to do a crime.

There is no inference, implied, hinted at, or any other unclear , or undeterminable information involved. This is a very extremely direct 1:1 observation. Not a comparison or anything synonymous or similar to a comparison.

The penis is the weapon.

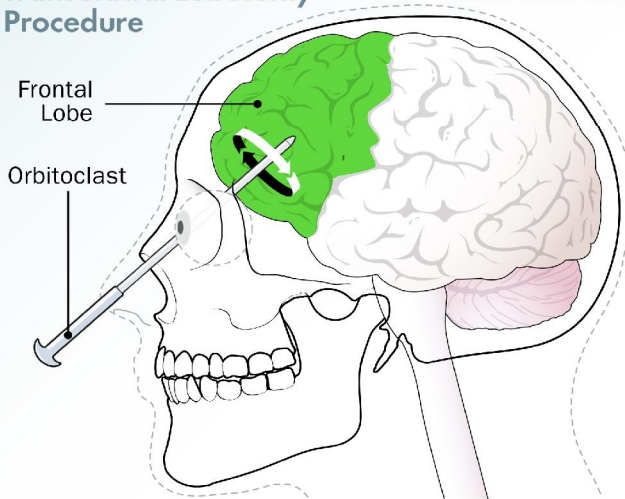

Removal of the weapon is mandatory for the continued safety of everyone else.

However this is optional. The criminal can choose life in prison or death by chemical injection as well.

But for any opportunity to be released from prison into society their weapon must be removed.

## Transorbital Lobotomy Procedure

©2010 HowStuffWorks

An imaging machine which shows the brains activity regions during an incident will be used to show which parts of the criminals brain are active during their crimes. Using that information a unique operation which only follows the charted course of activity in their brain will be carried out to remove those portions of their brain from their body.

As all people are different. All people also have different stimuli. No two operations will be identical. This is a procedure of caring and necessity carried out as a punishment for the safety of everyone in society.

**In a Society that upholds The law and Protects its people from crime there is no such thing as a repeat offender.**

This is a punishment and procedure that known rapist who have been caught who want to rape again, or are currently already raping again, will be against. As well as rapist who are known and are not judicially punished, their fear will be that such a law will empower the people to protect themselves further and strengthen themselves from the assault of being raped. And the rapist who wear the mask of not being a rapist who are present everywhere, they will espouse some civil or criminal content that does its very best to deter a process for such a proper and fitting punishment to a rapist.

The only people who are going to have a problem with such a law are the rapist themselves and the people who know rapist and are actively protecting the rapist from criminal punishment in the judicial system if the system is willing to punish them.

Automatically this places every *Religion* against such an action that would provide safety for everyone from a rapist.

**In a Society that upholds The law and Protects its people from crime there is no such thing as a repeat offender.**

In a society that does not allow for repeat offenders only outsiders will enter the territory to do certain crimes. The weight of being a criminal for the population that lives there is simply too much to burden. Its not worth it. In a short while crimes will be limited to actually being an accident, a mistake, or maybe temporary insanity.

*Rape is also the act of destroying or spoiling an area in a way the resulting damage produces dangers as a direct consequence of the destruction and or spoilage.*

Every company has permission to destroy and damage from their *Government*. The dangers and spoilage they create go unchallenged. When a challenge that cannot be denied is made. The *Government* will legislate laws that guarantee protection to the criminal causing the damage and the spoilage.

Because *Governments* are a lie.

Because *Governments* are a *Religion* via Politics.

Because *Governments* are in fact *Plantations for Slavery*.

Because the conditions of *being a Slave* do not include

RESPECT and ACCOUNTABILITY *in regard to the slave*

Because *to be a slave* you must have *belief hope and faith* that things will be better one day. That things will change one day. That it will not always be this way.

*To be a slave* You Must Have *Religion*.

To insure you have a *Religion*. *The evil liar* has made hundreds.

*The evil liar* has made *Religions* inside of *Religions* and offshoots of *Religions* from *Religions*.

All of the *Religion's* Rape and Hide The Truth.

All of The *Religions* are a *Usurpation* of **The Week**.

All of The *Religions* are *esoteric* and hiding **TIME** from you.

An inexpensive replacement for this type of wood collection has existed for the entirety of the industrial era.

A stronger material.

Easier to replenish.

With a vast majority of uses from all of its parts.

Meaning no-one loses any work, job or occupation.

Everyone will have the same jobs with new methods of doing it.

Because this is unnecessary and uncalled for with so many available alternatives.

Land spoilage takes on many forms.

Land destruction appears in all sizes shapes and forms from chemicals and toxins in on and under the ground placed there by people who do not have any accountability.

Destruction and spoilage of the land is permitted for many reasons. None of those reasons are good for anyone where its effects are occurring.

The scope and size of such spoilage and destruction can be properly managed through changing the way that the trash, the chemicals, the waste from factories, are all managed before they ever leave their place of origin.

We are the only way to prevent these things from happening.

Not with marching. Not with rallies. Not with the assistance from outside sources. Definmitely NO POLITICAL ASSOCIATION OR INVOLVEMENT OF ANYKIND.

NO RELIGIOUS ASSOCIATION OR INVOLVEMENT OF ANYKIND.

They are the same thing using different names doing the same actions.

The way to handle this is to not do any business with them. NONE.

The only way they will be able to continue such destruction is with 100% governemnt support. Be smart. Do not support your own destruction. Protect your future. Protect your present. You need no assistance or corordination for that. All anyone needs to do on their own initiative is to STOP DOING BUSINESS WITH THE PEOPLE DOING THE SPOILAGE AND DESTRUCTION OF THE LAND.

*All criminal actions are a form of Rape. All criminal actions are in defiance of your position to deny the rapist from taking something that they want from you.*

Something you are refusing to let *the rapist* have.

*Each criminal action for the rape has a different name causing it to appear to be different than what it is.*

That is merely another trick from the *evil liar* to confuse the truth of reality.

NO MEANS NO.

That is Truth.

It applies to every situation.

*The evil liars trickery was to blind you to that truth and limit the definition of rape to only a violent sexual assault.*

*Every crime ever comitted is an action of rape, with different names for that type of rape.*

*It is because all criminal actions are a form of rape. Any criminal with multiple charges, that are verified, and investigated, having been proven to be a charge of fact and not suspicion, establishes the criminal as a habitual predator, and it is from that position that judgement must be assigned,*

An assigned judgement means work. Not a prison cell for holding, but rather actual physical labor that will produce a product for the benefit of another as profit. A prisoner cannot collect an earned income. The reason that they are prisoners is because they owe a debt to their victims, first and foremost, then society, as a second beneficiary. They must work to pay off that debt while being imprisoned for the sake of the society. Or Die. It is their choice

No Religions No Politics No Governments No War

Zero Tolerance is a fools position because nothing is absolute. Every situation is unique and must be treated with due respect to that individual dynamic.

In this way the punishment for the crime will never be too severe or too cruel or unjust.

In this way there will be no innocents imprisoned.

**The Creators** Judicial Process is flawless and even humans who are flawed can manage the system of Law from **The Creator**. Without ever harming an innocent person, or judging wrongly a person who has been brought to the position of being judged.

Only corruption allows for the lies required to place an innocent in prison.

Only corruption allows for the lies required to release criminals from prison.

Only a corrupt system places innocent people in prison and places criminals into society.

Which proves immediately that the goal of the system is to cause you harm and destruction, damage and loss, to force you to face danger from all sides.

There is no other reason to allow criminals into your life.

These people are not unknown.

They are known.

They are known criminals.

There are no mysteries relating to their activities.

People who belong in prison are being released by the judicial system on purpose and with the intent to do you harm and cause you disease and stress by creating unsafe and dangerous conditions for you.

*The Judicial Religious System* has its own imitative competition podium as well.

It is usually the revolving door oligarchy of politicians using economic leverage to have their way.

And. Or. The judges own political ambitions. And promises to assist with those ambitions. That buys the bench.

Justice and Equality are intentionally kept out of the reach of those who need it most.

Why are they Judges when they are not Judging?

Why are they lawyers? Because they are lawyering.

The solution to remedy their bias prejudicial and partial systemic design is non participation.

Have your own Judges and Investigators. Settly your own matters with reality and facts. No-longer be a part of that system. It is not about being fair and equal and doing what is right and Just. Their system is about fame and fortune and power and sex and authority. That is the whole of their system.

That is all that you will encounter within it.

The Creator has already provided Judges for us all, here on UrÆTh in this life**TIME** and The **TIME** hereafter In systems being Governed as The Creator has made way for corrcet Judgement placed on proper Laws Rules and Guidance.

In **The Creators** Judicial System there are no repeat Offenders.

In **The Creators** Judicial System Investigation is priority one..

In **The Creators** Judicial System Verifying all informatiion for authenticity and its use in context as well as its use alone are an absolute must do.

In **The Creators** Judicial System No innocents shall be harmed and harmed innocents shall see justice be welll met.

In **The Creators** Judicial System Your family name and your available wealth are useless.

In **The Creators** Judicial System the only things that matter are the facts. Verification of the facts, and context of the facts. It is very precise and very uncomplicated.

Innocents are protected and criminals are punished. In

**The Creators** Judicial System that is how Law works.

*Not by Profiting from your Slavery while killing you enslaved.*

*Which is exactly how a Slave Plantation is managed.  
Aside from the disproportionate income for work which is  
a product of slavery.*

Meaning, you do all the work, and *the enslaver* gets all  
the wealth.

*The way to manage the slaves* has always been to place  
among their culture disruptive people who are so violent  
and chaotic that *the slaves must use a vast majority of  
their resources to remain safe from the dangers placed in  
their community.*

It is a distraction.

Another way to make you, *the enslaved, slave,* waste  
your **TIME**.

Criminal activity can be culled down to a 5% - 10%  
maximum for every size community inside of 1 Year  
following the laws the rules and the guidance from **The  
Creator.**

Most places will have no crime at all for extended  
periods of **TIME** while other places having the  
maximum of 5%-10% will be easily managed.

Crime can be made to all but disappear.

All existing criminal actions are with the permission  
from the *Government.*

That is very obvious when it is known how easy and  
simple a process it is to put an end to nearly all *repeat  
criminal activity*

## *RAPE*

*All Religions are the source of rape, rapist, and raping.*  
They use all of their power, authority, influence, and wealth, to protect the rapist, because it is a part of their esoteric doctrine.

Their gods ... the head of which, is, The *evil liar*, has trained them in the way of rape, empowering them to gain trust, be friendly, appear nice, seem helpful, as the first liar. The *evil liar* knows all too well that to gain access to a victim he must be allowed in, invited in.

Made welcome. Before he begins the process of raping.

Every Crime is RAPE.

NO MEANS NO.

All crimes are only a criminal action because the victim of the crime said no.
