

# PREMIUM REPORT : World's First Time Ever '7 Times Lottery Grand Prize Winner Reveals 9 Secrets Tips To Win Any Lottery

Have you heard of Richard Lusting, and how he won seven times in the lottery for the past 2 years? Richard Lusting confess that he was buried in debt two years ago, but after winning a total of \$1, 047, 060.50 and a jackpot price of \$842,151.92, he lived a life far beyond what he dream of.

Do you want to boost your probability of hitting the jackpot price in lotto?

You may think that you may not be as lucky as Richard in winning a lottery, and maybe you're wondering if there will ever come a time that you will also get hold of such big amount of money, well who knows? Years ago, Richard was also on the same position, he also never imagined that he will be having what he has now.

Winning a jackpot price in lotto is not only based on luck. You also need to learn the correct strategy on how to win the price. You see, there are certain techniques that you need to master for you to hit the jackpot price!

The truth of the matter is - there is probably no secret or trick in playing lotto. In fact, people who have won the jackpot for more than once shared that there are

certain strategy that you can do to increase the chance of winning.

So, what is your chance of winning the lottery?

For you to know your chances of winning, you need to know first how lottery works. You need first to buy a lotto ticket with your chosen set of numbers. You need to select the numbers based from the certain range of numbers from the lottery you are joining to. The numbers will be randomly selected from this range.

If your numbers match with the winning number – then you won the lottery prize! You may also win a smaller prize if you match a certain numbers with the jackpot numbers.

You also have to note that your prize will also depend on how many tickets have a similar winning number. If two of you won the same number, you will have to divide the jackpot price into half.

Did you know that Richard Lustig won seven lottery grand prizes including a:

1. \$10,000 from Scratch-off ticket
2. \$13,696.03 in Florida Fantasy 5
3. Holiday to Los Angeles, amounting to \$3,594.66 2nd chance draw
4. Holiday to Memphis, around \$4,966 from scratch-off ticket 2nd chance draw
5. \$842,152.91 from Florida Mega Money
6. \$73,658.06 in Florida Fantasy 5
7. \$98,992.92 from Florida Fantasy 5

Lustig has been playing the lottery game for almost 25 years. He claims to play lotto every day. He shared that in the first few years, he was not winning that much. So, he decided to come up with a method which he claims to have helped him win seven grand prizes, including the \$98,000 jackpot prize which he won two years ago

He authored “Learn How to Increase your Chances of Winning the Lottery”. In his book, he shared tips on how to win the lottery. It took Richard 20 pain-staking years to develop a winning strategy that increase his chances of winning the lottery. He said that his journey was not an easy one. In fact he lost, many times.

He failed several times.

It took him hours, days, and months to figure out the correct strategy. He did his homework in trying to find out how to win the lottery. Richard pointed out that he did not win seven grand prizes in lottery by just simple luck. He shared that you need to:

**1. Do your Homework.** You need to search whether your numbers are a good set of numbers to win the lottery. Remember, every number has an equal chance of winning.

**2. Don't go for quick pick numbers.** Your chance of winning may not be high if the machines pick the number for you. The odds may not be in your favor.

**3. Stick to your numbers.** Even if you lose a couple of times, stick to the numbers you pick, who knows it may appear next time.

**4. Don't follow lotto fever.** Some people spend too much when the jackpot price is too high or when it reaches around \$300 million dollars or so. Since, more people knew that the jackpot price is higher; people will all swarm to lottery outlet to buy ticket. Of course, with too many people buying the ticket, your chances of winning may be too little.

**Here's** a video on how people turned to Richard Lustig, when the winning number reached to over \$300 Million dollar. Indeed, Richard is the man to asked, if you want to know your probability of winning.

He shared that a sure way to boost your chances of winning lotto is to pick your own numbers not the quick-pick option. Lustig shared that it doesn't matter how you come up with your number, the thing is, once you pick your number, research for them and see if it is a good number, then you have to stick with it.

Lustig shared that there is no magic method to pick a winning number. In fact, he got a lot of emails asking him how to get the correct set of numbers.

He pointed out that the lazy way is to buy a quick pick number. He doesn't like the idea of having a quick pick numbers because it is as if you are playing the worst odds.

Lustig believe that the mostimportant thing in How to Win the Lottery - is to pick a good number. To get a good number, you need to follow the method that he taught in his book. Researching for the right number takes time. You see, anything that is worthy to have takes time. He also pointed out that you need to set a budget on how much tickets you can afford to buy. Never use your rent or grocery money just to buy lottery tickets. You see, if there is only one winner for that day, millions of people will be losers. So don't be the kind of person who will have to spend their entire cash on hand just to play the lottery, and worry the following day, where to get money to pay for that borrowed amount.

If you have extras then do so.

Lustig advise that buying and picking the same set of numbers regularly gives you more chance of winning in the next draw. Don't feel disheartened even if you lose a couple of times, patience is a virtue that you need to develop. Who knows, your numbers may be pick next time.

Richard Lustig, shared that he spent his winnings in buying his dream house, a BMW Car, and a Jaguar. He also spent some of his winnings in travelling across the world with his wife. He also shared tips on how he won the lottery and how you can develop such method. Watch the full video here:

How to Win the Lottery - Can You Put the Odds on your Favor?

Richard Lustig pointed out that in playing lottery, you need to put the odds on your favor. Meaning, you need to lessen the things that prevents you from winning. In his book "Learn How to Increase your Chances of Winning the Lottery", he shared the things that you can do to boost your chances of winning. He also revealed his winning strategy that made him into a multi-millionaire!

He figured out that there are certain patterns in the lottery games, that he find consistently in almost 20 years of playing the game. So he created strategies that boost his chances of winning. He refined his strategy and little by little the odds of winning, fall into his favor. He started winning \$50, and then \$100 until he won his first grand prize, then the winning streak continues!

After his third win, he realized that he finally cracked the code on how to win the lottery through his winning method. In fact, Richard Lustig is the only person in the world who won seven times in the lottery. No other guru can claim that they cracked the code of winning lottery with evidence of winning streaks, only Richard has it.
