Then he continued to tell me yes on paper anavar is amazing, but doesn't matter from which ugl your getting it from but its not real anavar. He continued to mention that back in the day the biggest guys during the 70-80-90s only needed 10-15mg of pharm anavar. What if instead you ate more fiber, drank more water and added some protein because it felt good in your body? Because it helped keep your energy levels up? Because it kept your digestion more regular??
