ABOUT THE WORKSHOP

Research flows from academic to industry. It is most important channel for a successful transition of knowledge to the commercial sector. The basic findings emerging from Polyacrylamide gel electrophoresis & Immunodiagnostic techniques provides platform for several therapeutic applications. To boost up this phenomenon we need to transform the methodologies and strategies of instrumental research to the next generation. Sharing research experience could be the best way for this objective.

ABOUT INSTITUTE

ADINA Institute of Pharmaceutical Sciences was established in 2005 under aegis of Shri. Prem Chand Jain Memorial Society For Education. We are providing research oriented education in its fully wi-fi campus, experienced faculty members as per the norms and standards of AICTE, PCI and RGPV. AIPS has modern lecture halls, well equipped laboratories, e-library, computer labs with internet facility. It is an ISO 9001 : 2000 certified institute. It is offering B. Pharm & M. Pharm in three disciplines : Pharmaceutics, Pharmaceutical chemistry and Pharmacology.

PARTICIPATION ELIGIBILITY

Faculty of biotechnology/pharmacy/ life sciences of teaching from any UGC / AICTE approved institutes and PG students, research scholars actively engaged in biotechnology research or keen to update their knowledge are eligible.

❖ Total number of participants is restricted to 50 only on first come first serve basis.

Registration Fees :
500/- on dated(15/09/2016)

OBJECTIVES

- To focus on advanced methodologies used in Poly acrylamide Gel electrophoresis & Immunodiagnostic techniques.
- To develop awareness about advance diagnostic tools for prevention of diseases and its benefits.
- To motivate the young researcher for drug discovery through diagnostic instrumentation.
- To extend the frontiers of proteomics & immunodiagnostic tools in a diverse R&D field.

LOCATION

College is situated between Bhopal and Jabalpur approx 200 Kms. On either side. 4 Kms away from sagar railway station and sagar bus stand. It is well connected by road and rail. The vibrant character of the city is its lush green pollution free environment. Weather is pleasant but moderately cool.
