However, great Minecraft houses aren't just for the architecturally endowed - kind strangers on the internet are sharing their Minecraft house designs regularly. We've gathered every single one.

There are a myriad of Minecraft houses to pick from. Do you desire a cozy cave? A stunning and elegant cottage? Or perhaps a simple home for a first-time buyer? Minecraft houses truly reflect the endless imagination of players constantly creating new and exciting designs, constantly challenging the limits of what you can create using blocks.

Which of the Minecraft homes is best for you? This guide will provide you with some ideas for what you could build. Our Minecraft houses guide is like a picture-board. It contains some of our top ideas and designs to make your Minecraft home a home.

How to build Minecraft houses

It isn't easy to figure out how to build Minecraft houses or where to begin the process of building. That's why, in each of the articles below, we've provided a few of our most popular step-by-step instructional videos showing you how to construct perfect Minecraft houses.

MINECRAFT HOUSES IN MOUNTAINS

Who wouldn't want a beautiful Minecraft home in the mountains? Minecraft mountain houses are built into hillsides or, if you prefer, spacious, with breathtaking views right outside the window. When building Minecraft houses in the mountains, it is crucial to select the best location with a spectacular view.

AESTHETIC MINECRAFT HOUSES

There are a variety of beautiful Minecraft houses. They could be cozy winter homes, retro-vintage houses, or even a Japanese-style pagoda. Minecraft lets you construct anything, after all so why settle for aesthetic Minecraft houses that look boring? Think big and you'll be surprised if someone has already built your dream Minecraft house for you.

MINECRAFT CAVE HOUSES

Nothing says Minecraft cave houses better than the appearance of a Hobbit hole, with snug rooms, and low ceilings. But Minecraft cave houses come in a variety whether it's an hive-like structure that is suspended from a cave wall, or a real-life home built in the Nether. There are many possibilities, but the most important thing to Minecraft cave houses is to make sure they're hostile-proof.

Minecraft starter houses

Everybody starts somewhere. Minecraft starter houses are easy to build and are built using easily available materials. But that doesn't mean Minecraft starter houses boring. It's quite amazing what can be done using simple, elegant architecture and floral decorations.

Beautiful MINECRAFT HOUSES

Building doesn't always have to be a complicated thing. Sometimes you just need something that looks nice, and isn't terribly difficult to construct. News for dummies There are tons of beautiful wooden designs, like the one above. They are also simple to implement regardless of your level of building experience.

NICE HOUSES IN MINECRAFT

There are a lot of beautiful homes in Minecraft however our favorite is the classic Minecraft treehouse. There is something incredibly satisfying about being in the air and surrounded by a gorgeous canopy of green. Minecraft treehouses also provide a natural defence against intruders, and are both pretty and functional.

UNDERGROUND HOUSES IN MINECRAFT

The ultimate frontier, underground! If you're looking to keep your possessions beneath the surface, this fantastic guide shows you how to build your underground home. Keep some glass blocks on hand to monitor the things happening up above! This concept is very simple to grasp.

And those are all the Minecraft Houses we have! You can download Minecraft from Google Play or the App Store if you'd like to build one yourself. Also be sure to see our top mobile RPGs list if would like to play more games similar to Minecraft!
