EQUIPOISE 300mg/mL 10mL - OxygenPharm

What is the recommended dosage? The recommended dosage of Equipoise varies widely depending on who you talk to. In our opinion, a sensible dosage for most athletes is between 300-800 mg per week for males, and 50-75mg/week for females. It is common to take in one injection/week, however, can be split into two doses per week with the same results.
