TO ALL BODIES OF ELDERS IN BRITAIN AND IRELAND

Re: 2020 Kingdom Hall Fire Alarm Survey

Dear Brothers:

We write to request your assistance in determining which fire alarm systems are being used in Kingdom Halls throughout the Britain branch territory.

Please complete the attached *KH Fire Alarm Survey* to the best of your knowledge. We kindly ask that you send the completed survey to the Local Design/Construction Department via [jw.org](mailto:jw.org) email by **Friday, February 28, 2020**.

Only one survey is needed per Kingdom Hall. Where more than one congregation uses the same Kingdom Hall, the coordinator of the Kingdom Hall Operating Committee should take the lead in completing the survey. In single-use Kingdom Halls, the coordinator of the body of elders (or someone competent delegated by him) should complete the survey.

Please use the following format for the subject line of your email when sending your completed survey.

‘2020 KH Fire Alarm Survey—[Kingdom Hall Name]’

We thank you for your help with this important matter and take this opportunity to send our warm Christian love and greetings.

Your brothers,

*Watch Tower B. & J. Society*  
OF BRITAIN
