15TH GMUSG CONFERENCE AND TRADE EXPO 2019

PORT PIRIE, SA / AUG 20 - 22, 2019

WELCOME

Global Maintenance USG (GMUSG) is an industry owned cluster of 110 contractors and suppliers mostly from the Upper Spencer Gulf of South Australia. We work with asset owners, project developers and explorers to maximise opportunities for our members and local suppliers. Each year we host South Australia's premier resource industry conference and trade expo. This year we invite you to join us in Port Pirie 20-22 August.

The 15th Upper Spencer Gulf conference and trade expo follows previous sold-out events in Whyalla 2017 and Port Augusta 2018. You won't want to miss your chance to gather industry information and develop your business relationships.

This annual event is designed specifically to help asset owners, developers and explorers link with suppliers and regional stakeholders.

Join us and

EXPLORE business opportunities;
DEVELOP business relationships; and
PROFIT by doing business in the Upper Spencer Gulf

OVERVIEW

SOUTH AUSTRALIA'S MOST VIBRANT, INFORMATIVE, AND BUSINESS FOCUSED INDUSTRY EVENT.

A record 520 attendance at the 2018 event in Port Augusta confirms the GMUSG Conference and Trade Expo as the must-attend event for anyone doing business in resources, energy and infrastructure.

- Find hard to get industry intelligence
- Promote your business capability
- Build relationships
- Do business!

Business networking is a key feature of this event with extended breaks and meals served in the exhibition hall. We'll maximise your opportunities to gather information and form business relationships.

**15TH ANNUAL GMUSG CONFERENCE
AND TRADE EXPO**

PORT PIRIE SA / AUG 20 - 22, 2019

OUTLOOK USG & FAR NORTH

SA IS EXPERIENCING UNPRECEDENTED INVESTMENT ACTIVITY.
THIS YEAR'S CONFERENCE WILL INCLUDE A VIBRANT AND COMPELLING PROGRAM

GFG ALLIANCE

WHYALLA STEEL TRANSFORMATION.

The \$600 million transformation of the Whyalla Steelworks was announced in December by Executive Chairman, Sanjeev Gupta. Work has begun on the collection of geotechnical data and planning work has commenced with manufacturing partner Danieli on early design elements.

Danieli, together with China's CISDI Engineering Co - who are working on the new Pulverised Coal Injection plant - will be responsible for the first stage of Mr Gupta's \$600 million Whyalla Transformation Plan.

SIMEC MINING

(Part of the GFG Alliance group) has received approval for two new mining leases that will see expansion of the Iron ore mines in the Middleback Ranges. The Iron Sultan mine will supply the Whyalla steelworks while the Iron Warrior mine will produce 1.5 million tonnes of iron ore for export annually. It is expected that the Iron Sultan mine will develop a hybrid pellet feed plant which will see the price of making steel at the Whyalla blast furnace drop significantly.

DPTI

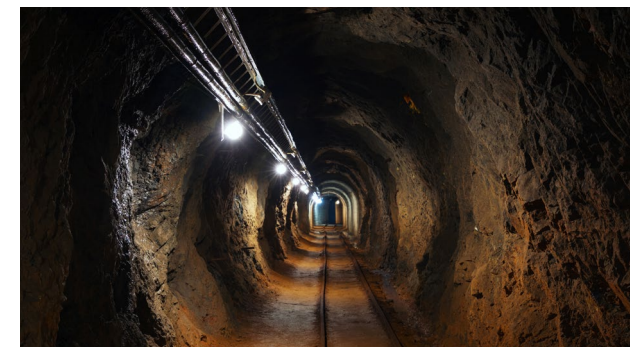

\$200 Million Joy Baluch AM bridge and upgrade to existing bridge and approaches on the Augusta Highway. Expressions of interest are being called Q1 2019.

BOOK TICKETS ONLINE HERE

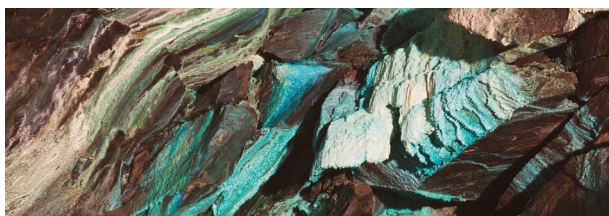

BHP

Olympic Dam Expansion - BHP's proposal to increase Olympic Dam copper production by 75% is a step closer with the SA Government granting major development status. The \$3 billion proposal would lift copper production to 350,000 tpa.

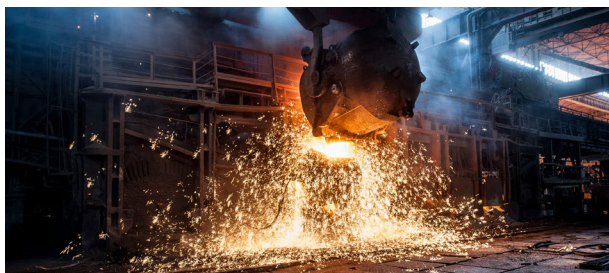

OZ MINERALS

Carrapateena Mine Development - OZ Minerals' \$916 m Carrapateena copper gold mine construction is well under way and on target to process first ore late 2019. OZ Minerals' commitment to local supplier engagement is producing opportunities in the USG.

NYRSTAR

Nystar's Port Pirie Smelter enters yet another phase in its 127 year history, it looks like being acquired by Geneva headquartered Trafigura (a global commodities trading house with a \$250 billion annual turnover). Hopefully, the new owners will be committed to completing the transformation project seeing the smelter reach its name plate production capacity.

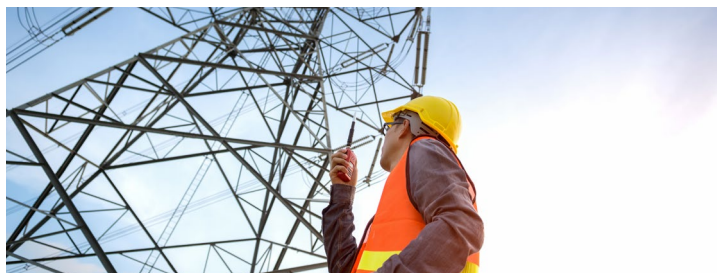

RENEWABLE ENERGY

The Upper Spencer Gulf and Far North is the centre of renewables investment with more than 12 active proposals for solar, wind, pumped hydro and battery storage projects. We'll feature several projects under construction and others progressing through approvals and financing.

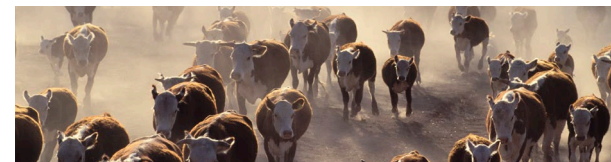

ELECTRANET

Hill2Hill and EP Transmission projects. ElectraNet is advancing the new \$270 million Hill2Hill transmission line connecting the USG and OZ Minerals' Prominent Hill mine and recently announced plans to construct a new \$240 m Eyre Peninsula transmission line.

PIRIE MEATS

A \$60 million livestock abattoir near Port Pirie is in the final approvals stage. Pirie Meats is expecting construction to start before the end of 2019. The facility will create 215 full-time jobs and another 150 secondary jobs linked to the project. Processing at the new facility is expected to commence in 2020.

LEIGH CREEK ENERGY

The Leigh Creek in-situ gasification project has achieved a significant milestone demonstrating environmentally sustainable commercial gas flows from its Pre-Commercial Demonstration plant at its Leigh Creek site and announcing a Maiden 2P Reserve certification of 1,153PJ - similar in size to BHP's East Coast gas reserves and larger than Beach Petroleum's. The project is now progressing toward full commercialisation.

PROGRAM

EACH YEAR WE ASSEMBLE A BRILLIANT LINE-UP OF HIGHLY RELEVANT PRESENTERS

Impactful, relevant and highly valuable information on the state of the business environment, major projects plus other useful insights. Speak directly to presenters, key buyers, suppliers and delegates.

We'll keep you posted as the official program takes shape.

TUESDAY 20TH

EXHIBIT

[BOOK TICKETS ONLINE HERE](#)

THE GMUSG CONFERENCE & TRADE EXPO IS DESIGNED WITH EXHIBITORS IN-MIND

Our exhibition hall is the heartbeat of this event with extended breaks and catering all designed to maximise your opportunity to engage with buyers and peers.

This year we've added new 2m x 2m Mid-Size Corner booths to best use limited space. Don't worry we still have our standard 3m x 2m booths available, but you'll need to book early to confirm your spot.

Port Pirie exhibition Hall is a great space but with only 38 exhibitor booths available you won't want to delay in registering.

EXHIBITOR REGISTRATION

Book your place via the Registration Form (attached) or contact:

Tanya McPherson, Conference Administration

Phone: 0408 809 443

Email: conference@gmusg.com
