### NOTES / COMMENTS

Preferred Revenue share as stated in your ISO/Agent agreement for processing services with Priority Payment Systems. RCK, ARC, POP and BOC programs are not supported on our Virtual Terminal and we are able to process these SEC codes by NACHA, CSV and Batch File only. The Revenue Program described above is paid on eligible revenue exceeding the merchant processing expenses listed above. Revenue will be shared with the CLIENT as indicated. In the case of insufficient revenue to cover expenses, the CLIENT will receive the full negative residual per line item. \* These items are non-commissionable under the Revenue Program.
