

Dear [REDACTED]

I am writing about your son Tom and my concerns with regards to the life that he has decided to lead in Hong Kong. Please do not read this letter as a threat but more as a warning about one's actions and consequences.

Hong Kong, my beautiful home has gone through many political changes. It goes without saying that with all politics comes major risks. I am slightly concerned that Tom has taken to a path that has become unsavoury and unhelpful to the some of the people of Hong Kong. He really thinks that he is doing the right thing, and this is non of my concern or business. However, in politics, when one does not know ones enemies clearly, one could get hurt. Therefore, I ask with a gentle tone and respect, that you ask Tom, a fully grown man that makes his own decisions to tread carefully and be very wise about his actions and there consequences.

Many of us Hong Kong people have worked very hard to better the development of Hong Kong and China. I and many people would really regret if something happened to Tom in the next few years.

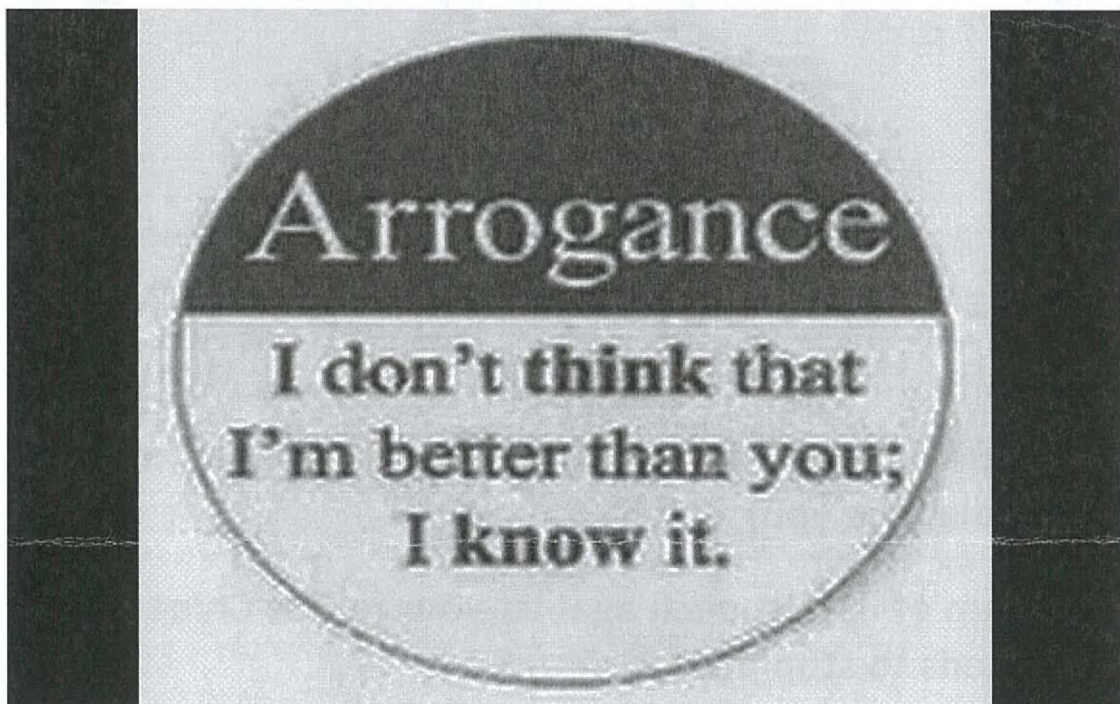

I pray that he will turn from this path and remember what he was taught at school. To be God's servant first is a blessing to all and not some.

The Following Foreigners have been deemed Guilty of spreading hatred and dividing Hong Kong, China society.

The Punishment shall be mandated as of January 2018. Expulsion from Chinese territory. A list will be sent to immigration staff.

If you don't let go of your hatred, if you refuse to forgive others. You'll be robbing yourself of your heavenly father's forgiveness".

This sums up HKFP (9000 articles)

Dear Mr Grundy, (AKA Colonial Fossil)

It's funny how when you get noticed and receive a badge of achievement you regard that as winning. What have you won and achieved in your 34 closed minded years? You arrived in Hong Kong to help people with English then twisted your delusional mind into politics and wielded this red pen as a copy edit of junk. You've been named and shamed on your own front page as the master of illusion and the feeder of warped hopes. Oh, how you feed off the weak minded with conspiracy theories. I put it to you that you are unwell and need to be reminded of why you came to Hong Kong in the first place. A man who thinks he controls everything will soon be humbled by his short sightedness.

You have no idea what it means to love and serve others. You gave up on teaching English and you will give up on this HKFP. Your modus operandi has been revealed for everyone to see, you crave fame and notoriety. I can see it in your eyes, likes and emoji's have replaced the love of helping others. Hold onto those emails of support and the cheques for money, because that is all you have. You are a very shallow individual that has grouped together other like-minded weak people. The countdown is ticking to the real victory, when HKFP closes shop and returns back to where it once came.

This is not a creepy letter by some deluded individual and I am not threatening you. You need to be with your mum in England, she misses you and she needs you dearly. There is no shame in seeking help from others but they will not love you when the light fades. Please, please, please stop refusing to admit, repent and you will find forgiveness from the Lord Jesus Christ. Come to him while you can.

God bless and leave you with some words of wisdom.

"There has been an unhealthy trend in Hong Kong society in recent years, in that there are those using pursuing ideals or their freedom to exercise rights granted by the law as an excuse to engage in illegal activity. Some people, including academics, promote slogans such as 'disobey the law to achieve justice', to encourage others to break the law."

"These people publicly express contempt of the law, [and] not only do they refuse to admit that their illegal activity is wrong, but they even view it as honourable or proud acts. These arrogant, self-righteous thoughts, unfortunately have an impact on some young people, causing them to casually commit acts which destroy public order and peace during gatherings or demonstrations... This case is a perfect example of this unhealthy trend."

Who do you think is unhealthy? Get out of your vacuum, and see the world.

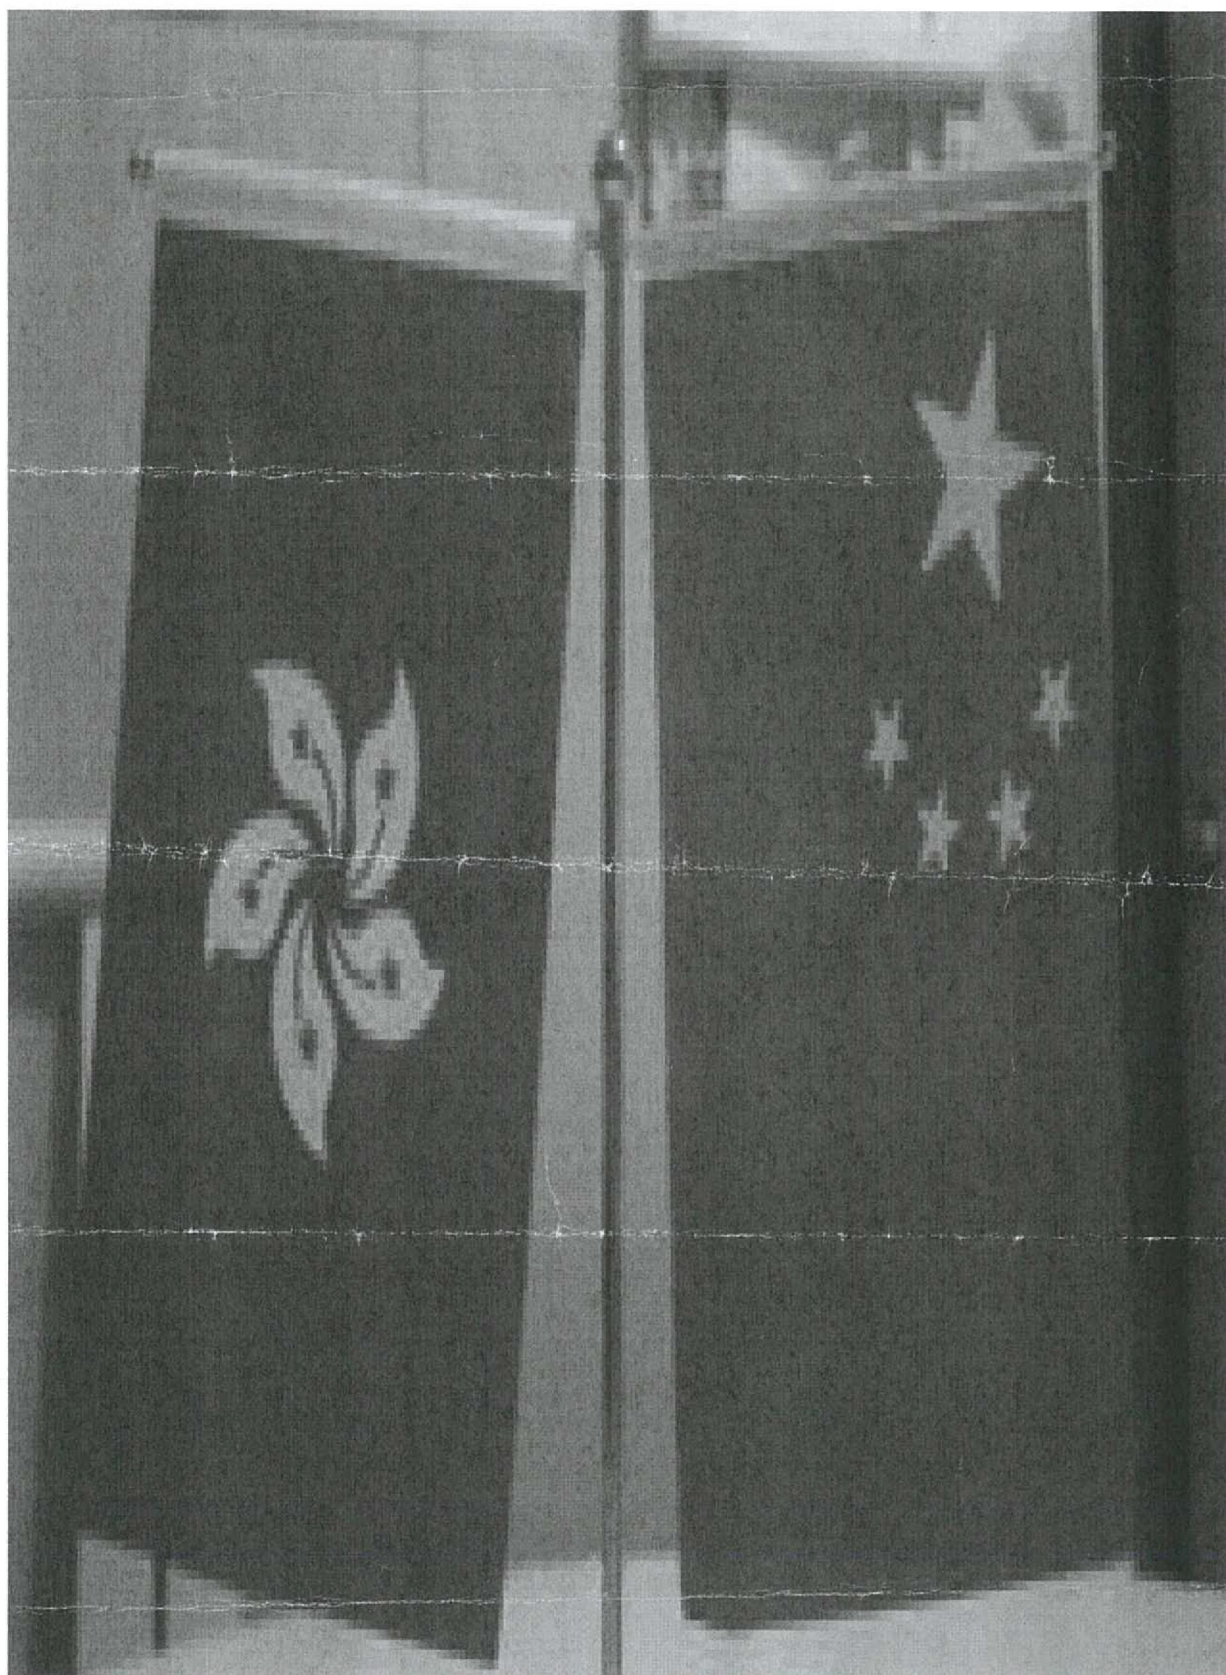

look at the world: Everything all around us
look at the world: and marvel everyday
look at the world: So many joys and wonders
So many miracles along our way

Praise to thee o lord for all creation
give us thankful hearts that we may see
all the gifts we share and every blessing
all things come of thee

Look at the earth: Bringing forth fruit and flower
look at the sky: The sunshine and the rain
Look at the hills, look at the trees and mountains,
Valley and flowing river field and plain.

Dear [REDACTED]

I am writing to show appreciation for your work at HKFP. Thank you very much for your contribution and excellent work. However I must point out some facts;

- 1) You are Chinese and should not follow the brainwashing through the distortions by foreigners of your mind. Be in control of your own thoughts about the reality of your Chinese Nationality. Hong Kong people are happy, free, hardworking and loving. In particular, Tom Grundy, Tim Hamlett and Kent Ewing. These people are fossils of the past colonial system in Hong Kong. They have a preservation mentality and are concerned with deceit and foreign morals. They will be dealt with in time by the courts of Hong Kong.

The Hong Kong Special Administrative Region shall enact laws on its own **to prohibit any act of treason, secession, sedition, subversion** against the Central People's Government, or theft of state secrets, to prohibit foreign political organizations or bodies from conducting political activities in the Region, and to prohibit political organizations or bodies of the Region from establishing ties with foreign political organizations or bodies.

- 2) You do not have to continue writing negative and biased stories about Hong Kong and China. You have Chinese blood running through your veins and heart. Remember what your parents and grandparents did to ensure the stability and prosperity of Hong Kong. You don't have to run away from your Chinese roots. Aspire to do good things and look at the greatness of the world.

The Government of the People's Republic of China declares that to recover the Hong Kong area (including Hong Kong Island, Kowloon and the New Territories, hereinafter referred to as Hong Kong) is **the common aspiration of the entire Chinese people**, and that it has decided to resume the exercise of sovereignty over Hong Kong with effect from 1 July 1997

- 3) Removing the vacuum of mistrust and hate in Hong Kong. A prayer for you in faith and love from the entire Chinese people **1,389,076,380**. We love you dearly and forgive you.

The law of the Lord is perfect, refreshing the soul.

The statutes of the Lord are trustworthy, making wise the simple.

The precepts of the Lord are right, giving joy to the heart.

The commands of the Lord are radiant, giving light to the eyes.

The fear of the Lord is pure, enduring forever.

The decrees of the Lord are firm, and all of them are righteous.

May you find understanding in these words and wisdom in your life to discern the truth of your nationality and love for your people. It's time to let go and trust, God bless and thank you.

Hong Kong & China border fence. Years of colonial rule (physical and mental) Be free of the burden and leave HKFP.

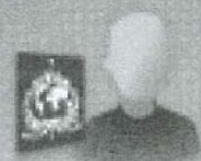

Tear Down your wall of hate @HKFP (The Chinese and Hong Kong people love you)

The vacuum of hate speech against your fellow Chinese people needs to stop now.
