Intro

Hello and welcome, I sadly have to announce that RS Mag won't be published the next year, the audience drop after each publication and the work is too important for a single person, I can't manage the magazine alone.

In this issue : The resume of Hungary, Var, Wales, Japan and all the championship I didn't cover.

Good reading !

World Rally Championship: Germany, Wales & Japan

Germany

hubertos and **G.Ros** fought all along the rally, despite a strong Leg 2 the Andorran will let the first place to his opponent, **joan** unable to follow the leading duo will get the 3rd place.

pepeta was leading the rally, but the demonstration of **T.Soovik** supported by his fans on home soil made him able to catch back the minute he lost on Leg1 due to a wrong tyre choice, and win the WRC-2 class ahead of the Malagasy and **Fufu26**.

A very disputed rally in Junior, **edubrea** take the lead in Leg2 followed by **gordini** who missed some kilometres to take advantage of the Spanish driver, **Chato** was assuring the podium.

Wales

A lots of moments in this Wales Rally, for once it won't be our final rally but it's all like ! **hubertos** was the most cautious and he was right, he get the victory with a safe gap, **mimowrc** in battle with **G.Ros** for second place ends on the Power Stage with the best time and the extra points for the Bulgarian, less lucky **Juhopack** had to repair his car in Leg2 and lots of times lost

After a some problems **bretal** let his compatriot **rauldetramo** dominate the rally, **bartas** could follow the rhythm of the Spanish but not being able to attack, **Fan Adriam** has to fight to get the podium, **MaRtEs13** and **Nytou** dropped down to 4th and 5th.

Some difficulties early in Leg1 but then it was again a domination for **WATATAGUI**, **Herman** wait for the mistakes from the others to take the second place, **Zio Pino** beat **mendyrubo** on the last stage to take the podium.

Japan

Brand new rally for everyone, and **Juhopack** being the most careful won more or less easily, **G.Ros** is at 48 seconds, the others got problems on the discovery of this rally. **mcdaros** complete the podium at more than 3 minutes from the leader, **mimowrc**, **Hug** and **joan** are following closely.

Very very disputed rally in WRC-2, **Fufu26** put his Hyundai 1s ahead of **rauldetramo** and 4s of **kev42130**, **T.Soovik** got issues in Leg2 dropping a minute and lost the opportunity to fight for the win.

WATATAGUI take the win ahead of **PauloSoriaRally** and **edubrea**.

RGT: **Gilou84**

The organization of the Belgian Rallyesim Championship 2020 congratulates the champions of each category:

Rauldetramo (BRC / RC2), **Romain** (RC1), **Arno101** (RC3), **Miniasca** (RC4, Pirelli Junior BRC, Ford Fiesta Sport Trophy), **Mruku222** (RC5), **Gilou84** (RGT), **BenoitD** (BHRC, HC4), **Cesar Mieres** (HC3) and **MacQueen** (HC2).

Well done everyone, and see you next year !

PS: Note that in 2021, for more balance, the WRC2017 will no longer be classified, in order to leave the RC2 (preferred car of the championship) the fight for victory.

RallyeSim needs Marshal !

I didn't mention it but it's very important too, RallyeSim also needs Marshal !

You won't waving a flag unfortunately but you will have to take the role of several real marshal.

- Check the Setups, if they are legal.
- Check the times, is they are correct and possible.
- View the replay, reported and sanctioned the cuts and also the dangerous driving.

Contact **Maverik** on the forum to become a RallyeSim Marshal.

Remember, like IRL, if we don't have Marshal, we don't have races.
