

Colossians Chapter 2

Colossians Chapter 2 - This is the second of four weekly studies on the Book of Colossians. In this chapter we read along as the Apostle Paul explains that Christians are in danger of being cheated by philosophy. This is still true for Christians today where some mistakenly say that you need something besides, or in addition to, the Lord Jesus Christ.

2. Why was Paul struggling for the Colossian believers as mentioned in Colossians Chapter 2 verse 1?

3. Have you ever had a burden for somebody you have never met? How did you handle that situation? What did you do?

Day Two

1. Why did Paul tell the Colossians that he was struggling for them?

2. What are the four things Paul warns the Colossians about in verses 4, 8, 16, and 18?
