# **ABOUT OUR ORGANISATION:**

Our foundation was established in 2014. We are working with people with disabilities, mainly focusing on people with Down Syndrome. Our organisation is dedicated to Karol- who died in 25th February 2013. Karol was a brother of the foundator of the organisation and he had the Down Syndrome. The association is trying to look at life through the eyes of disabled people in order to understand better how they see the life and how we can help them in better way.

### RIGHT NOW WE:

- -Run 2 flats where people with disabilities learn how to live alone and how to do basic house duties.
- Professional workshops that prepares people with disabilities to do some work in future, we teach tchem how to cook, how to take care of garden, how to clean properly or how to use computer or other computronic devices,
- -We run cafe where we hire 5 poeple with disabilities.
- -We organize Volunteering in our city,
- We organize cultural events in our cafe such as: concerts, artistic perfomances, etc.

#### PROJECT DESCRIPTION:

Our project "We are all different" will be done

between October 2020 and July 2021. The Volunteering activity takes 10 months

during which Volunteers will have opportunity to learn how to work with people

with disabilties but also we want to leave a free space for Volunteers to develop their interests and hobbies. Volunteers

will live in rent flat near city cenetr and close to dormitories where many

Erasmus students is staying. We will hosts 4 Volunteers, preferably 2 from one

country and 2 from another. This will raise awareness of cultural differences

and will let tchem to learn how to live together and cooporate with different

people.

We want to make a place where all the people can develop their skills and show what they can do best.

We are very open for new propositions and we are sure that new people will bring more and fresh view.

Considering the way our organisation work and the target we work with we are aware it can be difficult to work with poeple with disabilities that is why we will not force anyone to do anything.
