

Today 2% of the earth's population are young White women of child-bearing age and younger.. Media, religion and government urge the last White females to mix with colored males. The American government denies us White nations, White schools, White neighborhoods, White organizations and everything necessary for racial survival. Then, those of us who are Pro-White and resist this deliberate and malicious genocide are labelled "racist" and destroyed economically, socially and politically. If we continue to effectively resist, we are imprisoned or assassinated. Non-Whites who resist genocide are praised, glorified and hailed as heroes of their people.
