There will be five missions included with the DLC, that can see players navigate “a hostile jungle, a swamp, and a mine, as well as numerous alien settlements.”

Flying autos, utilizing thrilling devices, and defeating bosses will likely be a part of the journey. For gamers hoping to get a brand new Character Creator merchandise, the Lightyear DLC will include new content material for these trying to redress their characters. The pack isn’t obtainable on Nintendo Swap but will arrive “soon” in response to the developers.

The very best half about this crossover DLC pack is that it’s free. Gamers won’t must pay to swimsuit up as Buzz Lightyear on his journey to conquer Zerg.

And there you have it! Now you’re able to enjoy this good crossover from Disney. Make certain to take a look at extra Minecraft content, as we cover all that the game has to offer.
