Impact Centre contributes to democratic & human rights values

For the Good Governance, IC cooperates with donors and organisations specialised in monitoring the legitimacy, actions and accountability of public institutions.

For women and girls advancement at all levels of governance, IC helps them in the process of becoming character driven leaders and effective decision-makers.

For the promotion and training of new character driven leaders, IC organizes certified trainings with e dedicated curriculum developed by the McCain Institute / Arizona State University in the USA.

To increase civic participation and engagement, we organize innovative activities, mobility and exchange initiatives, continuous capacity building, trainings, actions, forums, debates series of discussions, etc.

To promote and preservation human values, IC promotes real life examples and through them, highlights values such as: integrity, trust, responsibility, duty, respect, greater good, responsibility, self-start, etc.

TO MAKE A DIFFERENCE, WE

- Promote and create new leaders for a better Albania and better Balkans
- Support accountability and effectiveness in Good Governance and Public Impact
- Advance Youth and Women Participation at all levels of governance
- Increase the Civic Participation of young people and the support of the media
- Promote and preserve core human values and other initiatives
- Keep media, communication and education as cross cutting themes
