FIRST ANNUAL SCV FAMILY PICNIC A SUCCESS

Captain James W. Bryan Camp 1390's first annual SCV Family Picnic at Niblett's Bluff Park was a great success with a good turnout, and plenty of fun and games and music. It was especially encouraging to see so many young families and children joining in the event. The weather was as near perfect as we could have hoped for and a number of compatriots from other SCV camps joined us. The menu included barbecue chicken, hamburgers and hot dogs. Compatriots Charles Richardson headed the planning committee and Cmdr. Scott Fuselier did most of the cooking. Thanks to all who contributed their time and who brought side dishes to help make this a successful event.

MUSEUM VITAL TO CONFEDERATE HISTORY

Modern historians have been massively deriding the Southern version of the War for Southern Independence as being part of the so-called “Lost Cause Myth,” and promoting the Northern version of the war, which is nothing but hateful Anti-Southern, wartime, propaganda. The below is from the National Confederate Museum web site on how it will combat the ongoing hate campaign against the South.

The truth about the South's struggle to form a new nation is under attack as never before. The National Battlefield Parks have been taken over by the “it's all about slavery” provocateurs. Museums have changed their collections and interpretations to present what they call the cultural history of the War for Southern Independence. In reality this new perspective is nothing more than South bashing. The forces of political correctness (Continued on page 4 col. 1)

“MAKE DIXIE GREAT AGAIN”

Greetings Compatriots,

The Southern Victory Campaign and its motto, "Make Dixie Great Again," is taking the fight to our adversaries. It is the movement for the Sons of Confederate Veterans to take back the narrative from the Cultural Marxists & Cultural Cannibals that have declared war on the South. We have been on the defensive for too long during this Second Reconstruction. It is time to hoist the colors high and deliver the truth about our History... our Heritage to the general public.

Getting that message out has an advertising expense. In order to place traditional & digital ads in markets that will ultimately activate our fellow Southerners, we need money to pay for those ads-thus, the Confederate Legion. The Confederate Legion is a volunteer group of people, SCV and non-SCV members, who donate a minimum of \$50 per year to the Cause. These funds will be used to pay for the SCV's on-going PR campaign. No less than 90% of the funds collected will be used to buy pro-South ads and point the general public to our web site for more information.

With ads purchased by the Confederate Legion plus those purchased by local camps for their local stations, the SCV will cover the South with positive news about our honorable heritage. This will have a positive impact on the political establishment that up to now has had little to fear from us-but with your help that will change!

Join the Confederate Legion today!

Or if you would rather use traditional mail for checks, etc., Send them to:

have gone into high gear. They attempt to ban any and all things Confederate through their ideological fascism.

There needs to be at least one place where the people of the South and others can go to learn an accurate account of why so many struggled so long in their attempt to reassert government by the consent of the governed in America!

The General Executive Council of the Sons of Confederate Veterans made the commitment in October of 2008 to start the process to erect a new building that will have two purposes. One of the uses of this new building will be to give us office space and return Elm Springs to its original grandeur. However the main function is to house The Confederate Museum. We are planning a museum that will tell the truth about what motivated the Southern people to struggle for many years to form a new nation. At the SCV Reunion in July of 2009 the GEC set up a building fund for this purpose. One of the goals is to provide an accurate portrayal of the common Confederate soldier, something that is currently absent in most museums and in the media.

LOUISIANA CONFEDERATE TROOPS

Louisiana provided approximately 56,000 men to the Confederate Army during the War for Southern Independence. Additionally, about 10,000 boys and older men served in home-guard units and fought in various invasion campaigns during the war.

In addition, 982 military companies were raised in Louisiana for the Confederate Army. In addition, there were some 400 state militia companies raised for the war.
