

# 10 Awesome Holiday Gift Packaging With Die Cutting

A gift box wrapped in white paper with a large red ribbon bow is the central focus. The background is a deep red color with faint white lace patterns and heart shapes. The text 'Presenting Gifts' is written in a bold, yellow font on the left side of the image.

## **Presenting Gifts**

Presenting gifts is a gesture of love and care. We all receive and hand out gifts to our love ones to make them feel special. To enhance the beauty and presentation of gift custom packaging is used. Customized gift boxes are made with the help of die cutting machines that have carbonized die plates.

# Custom Gift Boxes

---

These sharp die plates cut the cardboard according to the desired shape and dimensions. In this way the custom gift boxes are made for the packaging of gifts, which make them more attractive. Customized printing can also be made on the boxes such as different designs or may be some punch lines.

# Gifts Packaging

---

With the help of die cutting there are so many tips and ideas for packaging the gifts for the love ones some of them are:

# Beautiful Highlights

---

With the help of die cutting beautiful and attractive tags can be made and hanged to the gift boxes that provides them with outstanding look and feel. For this purpose beautifully designed tree, a deer or any other pattern you want can be cut with a die cutter. Loops are then made on the upper side and bright colors are added to them which make them simple yet attractive and beautiful.

# Jingling Effect

---

In this the jingling effect is added to the gift packaging to make it stand out in the crowd. The tag is made unique by hanging a die cut accessory, which may be a jingle bell or some other desired object. The fabric or ribbon is then tied to the upper end of the die cut edged tag which gives it a unique look.

## **Color Combination**

---

The color combination of the gift packaging really creates a difference. Use the colors which are vibrant and eye catching. The die cut green trees along with the pink ribbon tied to the upper end give an eye catching effect.

# Event Related Tags

---

Think different and use innovative ideas. On different occasions or events use the related die cut tags to hang on the gift packaging. For example on Christmas use tree or Santa Claus shape tags which will make your gift a unique one.

## Use Watercolors

Along with the die cut equipment's use watercolors to make it more personalized. Use the water colors on the designs u have made such as to color a snowman. This will give a feel that you have dedicated your time in making the packaging.

## Beautiful Back Ground

Beautiful and colorful background can be made on the tag with a help of foam. First make a die cut tag of your desired design and then make related background. This background is usually made from foam and different attractive colors are added to it. Combine these two with the help of adhesive. This will make your gift to stand out in crowd.

## Wrap With Ribbon

You can also make your gift attractive by wrapping it with a help of ribbon. A relatively small die cut tag or design is glued on the ribbon. For example if you want to give a gift on Christmas glue a tree cut shaped tag on the centre of the ribbon after wrapping the gift.

# Transparent window

---

You can add a transparent window to your gift packaging to give it a unique look. With the help of a die cut space for the window is left on the box. Transparent plastic is attached on that left space which acts as a window. The recipient can have a sneak peak to the gift, and in this way your gift will become more attractive.

# Gable Boxes

You can use gable boxes for the packaging of the gifts on any occasion. Gable boxes have handles on them which make them convenient and can easily be transferred from one place to another. These handles are made by the die cut and give them a unique look. By the use of these [custom gift boxes you can make your gift packaging](#) more innovative and eye catching.
