About Banggood

Founded in 2004, Banggood is a Chinese company that initially specialized in computer software research and development. From there it developed into an online retailer for almost everything you need to live a fun and happy life. The name is derived from their corporate philosophy of providing the best “bang for your buck” to their customers. Banggood is focused on providing low priced, high-quality products. They are known for providing professional service to their global customers.
