17 extremely verbally and emotionally abusive towards me and our daughter, and physically  
18 threatening towards me. In or around November 2020, when I became pregnant, Respondent's  
19 abusive behavior dramatically escalated. He has alienated me from all my friends, refusing to  
20 allow me to leave our apartment. The few times I left the home, he required I ask him for  
21 permission. He has stated in person and multiple text messages that he wants nothing to do with  
22 "the daughter", "your daughter" (our child), and that he resents her because she reminds him of  
23 me. He has become physically violent, especially when he drinks, wherein he will throw items,  
24 aggressively, near me, when he is angry. He has kicked me out multiple times, but I was too  
25 afraid to leave. Finally, on February 23, 2022, after he became angry again and indicated he was

1 going to be drinking heavily, I took our baby daughter out of the apartment because I was  
2 terrified of his abuse. Most recently, on March 1, 2022, Respondent texted me, threatening,  
3 “murder bitch”.

4 **DV: 100- RECENT ABUSE:**

5 My husband has a history of alcohol abuse and domestic violence. He was imprisoned  
6 for felony domestic abuse (against a former girlfriend) in the past. On March 1, 2022,  
7 Respondent texted me, “murder bitch”, after I left our apartment on February 23, 2022 with our  
8 baby daughter, due to his verbal abuse and explosive temper.

9 On February 22, 2022, Respondent’s abusive behavior came to a head, when he  
10 exploded in anger because he could not find milk in the refrigerator at 5:00 a.m. My younger  
11 sister Anais Colomb was visiting me from France at the time and was staying with me in the  
12 apartment I share with Respondent and our baby. Only because my sister was visiting,  
13 Respondent did not verbally scream at me, and instead, began sending me abusive text  
14 messages. Respondent was furious that the two cartons of milk he was searching for were  
15 placed in the back of the refrigerator, rather than in the front. He accused me (via text) of  
16 hiding his milk, texting me, “FUCKING IDIOT... YOU THINK I CANT SEE IT... I TOLD  
17 YOU 50 fucking times. ITS NOT A GOD DAMN JOKE. YOU WERE SUPPOSED TO RE  
18 ORGANIZE THE FRIDGE... WHAT THE FUCK IS WRONG WITH YOU. THIS IS MY  
19 HOUSE... YOU ARE BEING A FUCKING BITCH AS USUAL... CARELESS... I  
20 COMPLAINED... INSANNNNNE... All you French fucks are insane. I don’t know how you  
21 can tolerate each other... Dumb bitch. Keep your mouth quiet next time.” **Please see all text**  
22 **messages referenced in this declaration, attached as Exhibit 1.**

23 Also on February 23<sup>rd</sup>, Respondent texted me, calling me a "bitch", "dumb bitch",  
24 "fucking bitch", repeatedly. He texted, “You should have lived to serve me instead of feeling  
25 sorry for yourself 24/7”, and, “do you think my wife treats me like a boss? Am I a boss in my  
26

1 own apartment? No." He also texted me, "My biggest regret is speaking well of you behind  
2 your back in ways you didn't deserve... Your selfishness is unparalleled."

3 Respondent also berated me for crying in front of my sister Anais, who was with me in  
4 the apartment, stating, "crying in front of your sister for gods sake. What a traitor... You could  
5 have gone into the room like any responsible adult would that didn't want attention and drama.  
6 But your selfish soul led you to this again." **Exhibit 1.**

7 After our daughter Arabella was born in August 2021, Respondent frequently said that  
8 he wanted a son, and that our daughter would not be able to "carry his lion"- meaning, she  
9 would never be able to carry his last name. He frequently said, "Now I am stuck with you  
10 because we have a daughter and I wanted a son." Respondent has a lot of hatred for people of  
11 different races and ethnicities. Because I was with an Armenian boyfriend many years before I  
12 met Respondent, he called me a "whore" and said he did not want our daughter to turn out like  
13 me. On February 25, 2022, Respondent texted me, "I am totally unwilling to be involved in the  
14 raising of a girl who well end up sleeping with Armenians as a teenager, like you did. This will  
15 humiliate me and burn my soul as an Arab man, so I will have nothing to do with her life after  
16 the kidnapping (unless you return her, soon, and have zero custody yourself)." **Exhibit 1.**

17 Respondent has repeatedly expressed disdain for our baby daughter. On February 23,  
18 2022, Respondent texted me, "I end up hating you and the daughter...I can't give a shit now  
19 about either of you because I spent months imagining she dislikes me and I'm a bad father and I  
20 associated her with you. Such a bitch move." On the same day, he texted me, "I am happy with  
21 the way I treated you and believe you deserve much worse treatment... You deserve much worse.  
22 MUCH." Also, on this day, he texted, "If you act like a bitch, I believe calling you a bitch is  
23 100% honorable and within my ethical code." **Exhibit 1.**

24 When I left the house on February 23, 2022, he sent me texts characterizing our 7-month-  
25 old daughter Arabella as "your daughter", and said he wanted nothing to do with her, since I left.

1 On February 24, 2022, he texted me, "You caused your daughter to lose a father...human scum...I  
2 won't take this kid back, so there's no way in hell it will ever happen to me again...I do not wish  
3 to see her again. I told you if you kidnap my child she is not my child again...I will not co-  
4 parent...She is not my daughter." **Exhibit 1.** I fear for the safety of my daughter Arabella.

5 I became a citizen in January 2021. After I left the apartment on February 23<sup>rd</sup>,  
6 Respondent threatened multiple times that he would contact immigration services to have me  
7 deported. He continues to make these threats to try to intimidate me.

8 In the last week since I left the apartment with our baby, Respondent has tried to convince  
9 me in messages and calls that I should not trust my closest friends nor my own sister. He says  
10 that they are all brainwashing me, they are losers, and that I should no longer speak with them.  
11 On a phone call after I left, he stated that while he regretted some of his actions, I was at fault  
12 for "kidnapping" our baby and leaving our apartment. He told me that I should return, but before  
13 I did so, I must apologize to him and demonstrate I was sorry for leaving. He also said he wanted  
14 the names of each friend I spoke with about us when I left, so he could contact them.

15 He texted two of my closest friends on March 3<sup>rd</sup>, trying to get them to call him. He  
16 continues to call me, causing me anxiety and confusion. Just today, he again threatened to have  
17 me deported, told me I had "kidnapped" our daughter, and he *must* be granted access to her.

18 **DV: 100- PRIOR ABUSE:**

19 During our marriage, I have suffered extreme emotional and verbal abuse by the  
20 actions of Respondent. In or around April/May 2020, Respondent began drinking, after years  
21 of sobriety. He also began smoking weed. He frequently would order alcohol to be delivered to  
22 our apartment. After I became pregnant in November of 2020, Respondent became extremely  
23 controlling and angry. He frequently complained that I was selfish, lazy, and giving him less  
24 attention than he deserved.

25 Respondent would frequently degrade me, calling me, "lazy", and said that I did not do  
26

1 a good enough job in my work with him. I helped him start a YouTube channel in January  
2 2020, because I have a strong marketing background. Respondent expected me to manage my  
3 pregnancy alone, while carrying the business we created. When I needed to tend to my needs  
4 because I was pregnant, he called me “selfish”, stating I was “mistreating” him. He constantly  
5 complained that I was not “doing enough” for him. If I didn’t anticipate his every whim and  
6 ask him if he needed anything, he degraded me, saying I was a “stupid bitch”, “lazy”, and  
7 “selfish”.

8 During my pregnancy, Respondent alienated me from my friends. I have a small circle  
9 of very close friends who are my only family in the US (because I am from France). He told  
10 me repeatedly that it was selfish if I spent any time with them. On the rare occasions I tried to  
11 make plans with my closest friends, Respondent would become very angry, saying we had  
12 work to do, that I was selfish, and that I had to remain at home. Therefore, despite my close  
13 friendships, I almost never saw any friends after I became pregnant. On one occasion, I had to  
14 sneak out of the apartment when Respondent was not home, so I could see one of my closest  
15 friends and she could meet our baby. I did not tell Respondent, because I feared he would  
16 become angry.

17 During Christmastime in 2021, I tried to visit a couple of my close friends, with our  
18 baby, for just the day. My dear friend Sarah had invited me to share a Christmas meal with her.  
19 I also had a friend visiting from France, who wanted to see me. I was so concerned about  
20 Respondent being angry about me leaving, even for a short time, that I asked his permission to  
21 leave. He was passed out from being drunk the night before when I asked him, and he said it  
22 was fine. I returned that night to find Respondent passed out again. The next morning, after  
23 hearing our daughter cry, he became very angry, yelling at me for leaving the day before. He  
24 said that I had “kidnapped” our baby and that I had no right to leave. Respondent yelled that if  
25 he did not give me permission, I had no right to leave our apartment.

1 When Respondent drinks, he becomes even angrier than normal and hallucinates. On  
2 several occasions when Respondent was extremely drunk, he threw items around the house in  
3 fits of rage. In or around April 14, 2021, Respondent became very drunk late at night, and  
4 began hallucinating that he was in a gang war. He started screaming belligerently, yelling,  
5 “Nigger!” and threw a metal dog cage across the room. That night, he also began yelling at our  
6 dogs Theeb (German Shepherd) and Simba (a small Pomeranian). He was angry with the dogs  
7 and began calling them to him and hitting them. **Please see audio recordings of Respondent**  
8 **belligerently yelling at me, and hitting our dogs, as Exhibit 2** (thumb drive).

9 One night, in the Spring of 2021, Respondent got so drunk and angry that I became  
10 terrified and hid in my bedroom. I was 6 months pregnant, and he was extremely belligerent,  
11 hallucinating, and yelling. To protect myself and my unborn baby, I pushed a small sofa  
12 against the door to help me keep the door closed in the bedroom where I was hiding. When  
13 Respondent tried to enter the room and realized I had blocked the door, he exploded in anger  
14 and beat the door off its hinges. At that point, I was in the room, hiding on the floor. After he  
15 broke the door down, he was screaming and hallucinating, thinking I was a rival gang member.  
16 Finally, he passed out. He had no memory of his abusive behavior in the morning.

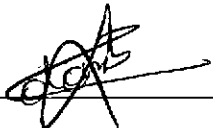

17 Because he had no memory of this event and others, he would state that he had no  
18 responsibility for his actions. If I tried to talk to him about his actions, he centered on himself  
19 as though he was the victim, saying that had probably triggered him into being angry and that I  
20 was trying to make him feel bad.

21 Before I met Respondent, I worked regularly and had pride in my work. After  
22 Respondent and I became married, he told me that I should only work with him, alienating me  
23 from my prior work, which involved marketing and working with outside clients. His  
24 controlling and demeaning words and actions caused me to sever all my outside streams of  
25 income and only serve his needs in the home and in our finances and work.

If that was true and sincere, when you woke up and saw you don't have milk, you first thought could have been « oh I didn't tell my wife that I finished the milk » but instead you thought « this fucking bitch didn't buy milk for me she should have guessed my ever changing needs even when I told her two days ago that was my last bowl of cereal I would eat ». And then even if you got mad because I didn't get the milk, you could have made the decision to go get some, instead of insulting me. You are able to get things when you need them. But I guess it's easier to blame someone else and insult them, rather than take responsibility.

I can't believe how much worse my life got after I left Aisha and the Ukrainian for you.

Even tho I succeeded on YouTube, I am so much less happy at home and in my life because of being around you

You clearly don't respect or like me that much because you put yourself before me constantly, from before the pregnancy including the move until now.

You could have driven or taken the train to work from riverside - Fatima would have done that, Aisha would have.

It's been consistently like that. Yesterday I wrote some notes to myself about how I feel about the situation

You can have the majority of the monthly income I won't need much for myself especially if I choose a place alone

We will both be much happier I think

And more productive

I can take Theeb and finally get him a wife

You keep simba

If that happens already this place becomes big enough for you

You could have an office in one room, your bedroom in the other

Anyway this is just a thought

I don't break my promises and I won't abandon you but if it does suit you better I think it may suit both of us better

I'm just growing so frustrated having these encounters with you or reminders of how little you prioritize me or respect me

And the Ukrainian never even treated me as rudely as you. That video comment is maybe the max she would ever say if we were fighting and it would never be able my personal issues like making videos

So it's like

What the hell am I doing here

Why does this bitch live with me why is she mistreating me why can't she do the smallest things as I ask

Why do I tolerate her after she said I won't make videos and I'm not a good father and she's not happy with me etc

Wtf am I doing?

Anyway, I don't want to bring you down or upset you in return.

I just don't know what to do. If I don't make it clear to you how badly you're damaging our relationship, you will continue to and I cannot save it.

You should be aware of this in case you actually do love me or ever did or do or did want the relationship to work

I told you from the very beginning (because I thought you were special and didn't want you to by mistake ruin our relationship as other women have before) that I will tell you not to do some things because if you do them you can't undo them

Unfortunately even when you saw my infuriated you still tried to harm me instead of listening to that advice from the beginning

Clearly exemplified by your comment about videos yesterday

The reason I texted you both yesterday morning and this morning was to maintain my privacy around your sister.

As you know, I don't appreciate my private matters being revealed to others including my arguments with my family.

Your sister is not my family. I let her stay in this small place out of consideration for you.

Crying with your sister next to you destroyed every effort I put in. First, it means we could have discussed everything in person and had less misunderstandings. Second, it means you finally for sure broke your word to me about letting others know about our relationship problems.

I expected you to go to the bathroom or bedroom if you were visibly upset to hide it.

I expected you to go to the bathroom or bedroom if you were visibly upset to hide it.

There's nothing you can do now to undo this, but I wanted to point out that if you can, I would appreciate you stopping.

Us separating does not mean we have to harm each other. I still want you in the business and I still want to make your dreams come true for you.

I don't wish ill on you. I said the karma comment because I had to say something regarding your cruel words in the document but morally I didn't want to, so I left it to karma. I don't actually wish ill on you.

I just cannot be in a relationship with someone who treats me this way. It doesn't mean I want you to have a bad life.

And that also regards the final words of your document. I don't wish you not to succeed.

You clearly don't understand what I meant by you failing for 10 years here. When I discussed the milk, I was discussing the milk. I was fine and going to bed to film. Instead you decided to hurt me by saying I would use it as an excuse not to film - pointing out my recent failures. I simply pointed out your decade of failure to show you that I never do the same to you, I never try to bring you down, especially not about the business which we agreed is priority number 1.

I don't wish you to continue to fail, and I know I can make you succeed and I'd be happy to give you the financial and societal success you so desire. Genuinely. You're still the mother of my child and at the very least a friend that I value.

The issue is just that if I continue to accept

The issue is just that if I continue to accept this treatment from a wife I will have zero self esteem and hate my life as I do now. That doesn't mean I want you to fail.

And by give you that success I mean literally give you by earnings - obviously I could be the CEO instead.

I am still willing to sacrifice for your happiness. Anyway, please stop revealing my personal life to your sister if you can. You can't change what you broke but you can prevent us from becoming absolute enemies.

I also think it's worthwhile to mention, in case it affects your anxiety, because you mentioned this polygamy thing.

My thoughts when I was most upset was that I'd live alone in an apartment in West Virginia and you could live here. I definitely specifically intended never to date again.

To me, if things don't work out with you they won't with anyone. I'd be happy to be celibate and be married to you from afar.

I never considered that I desire some other women. I just know I am being mistreated by comparing how I was treated by others.

I don't at all desire to be with someone other than you. I hope you know that. I just feel like I shouldn't be with you either.

You do not care about anyone but yourself. You are to be our first. Not even a child's needs are before yours. I am broken because of you. One day you say you are so happy and the next you insult me. You tell Me to leave but I shouldn't or you would be mad? What kind of person does or say that?

Ok. So to be clear, you can do whatever you want. If you are interested in your daughter (that I didn't kidnap but simply took with me when you told me to leave) and want to see her let me know I'll bring her to you. Otherwise, please lmk when you will be out so I can come to the apartment. If you want to stay there, I will be moving by next week. Business wise, I do not care, if you want me to do business lmk if not I'll find alternatives.

Your father was dealing with a drug addict, I am dealing with an alcoholic/drug addict. At least he took responsibility of you despite his alcoholism. An honorable man would want his child in his life despite his relationship with his mother. Your father tried to get your mother involved...

Contact me by email next as I will stop looking at signal.

Again, I told you specifically not to leave with my daughter and you took my daughter against my will.

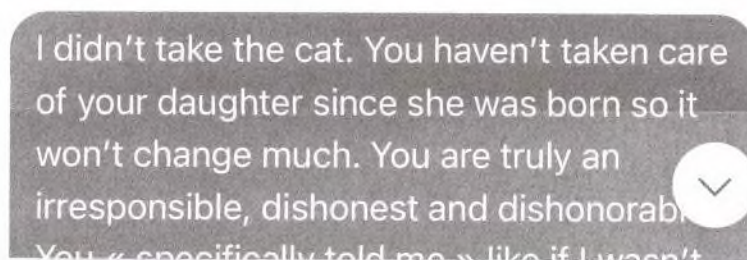

Which is why I will play no willing role in her life or your personal life moving forward, as I told you I would if you ever took her from me. You know my childhood history - this is a no go and I'm done and out.

Did you steal my cat?

I didn't take the cat. You haven't taken care of your daughter since she was born so it won't change much. You are truly an irresponsible, dishonest and dishonorable. You « specifically told me » like if I wasn't my own person and had a reason to listen to you. You insulted me, told me that we were done and that we should leave. Now that we left you told me that I should have not? Really? Do you hear yourself?

**Laith**

Again, I told you specifically not to leave with my daughter and you took my daughter...

If your will was to be responsible for your daughter you would have been and still could be. But your will is just selfish and just thinking about you. Thinking that you can hurt people and be nasty, hurtful and they should just stay, endure it so Laith's feel powerful and his actions never have consequences because he is such a leader.. smh

I want to let you know that I will need at least 2-4 weeks to leave the apartment. I am telling you this so you don't feel the need to contact the police or housing. If you'd like me gone earlier, I can do so by renting a short term housing or long term stay motel.

I will begin working on everything tomorrow and onwards. I'll update you as I have updated and keep you unblocked here so we can facilitate the move smoothly.

I will edit my own videos and do everything else moving forward but I may need to ask your opinion or knowledge of things so I can go back to my formerly self contained production along the way

Goodbye 8:06 AM Thu, Feb 24

Good afternoon Lucie.

I wanted to let you know that I found a couple of places for me to stay immediately, so that you don't have to inconvenience the baby further.

I am simply unsure if you even want to return to this apartment, so that's why I'm messaging you.

If you prefer to have this apartment even for a couple of months before you decide what you want to do, I can move out this weekend personally and likely visit briefly to pack things later to be sent.

(This is without extra costs, I had to excuse myself to Bostin and Armon from the podcast and regrettably had to mention I was having some family issues - I said related to your sister - and Armon offered a place to stay for a few days in Dallas. Then I texted Solomon and without providing details he offered to come pick me up immediately, and he has a free space in his other house.)

So if you'd prefer for any reason including financial savings to stay here, I will take my necessary items like camera and laptop etc and leave so you can return here when you're done with your sister.

I am only sending this out of interest for the welfare of your daughter, who will develop growth deformities due to the stress of being in different environments.

It will take me a little time to rent an apartment, as I have to decide between relying on someone yet again as the signature or choosing a property that would accept a felon. So that's why I want to mention that I could get out of your way IF you would like this place for the baby.

11:51 AM

You can stay in the appartement until the lease is up and I will rent a place for Arabella and I. Arabella isn't stressed at all, however I would have to come and get her bed and other things.  
I would just ask that if you want the apartment that you take care of the rent until the end of the lease, which is in Jun

Although you think I'm not honorable, I am. I am holding my promise to you about kidnapping the baby, which is why she will not be my daughter and I won't be involved in your life moving forward.

It's either I raise her by myself and have full custody or you do. I am totally unwilling to be involved in the raising of a girl who will end up sleeping with Armenians as a teenager, like you did. This will humiliate me and burn my soul as an Arab man, so I will have nothing to do with her life after the kidnapping (unless you return her, soon, and have zero custody yourself).

That doesn't matter. You're ruining my relationship with everyone at once anyway. Asking someone to give you a job is minor compared to that.

Hi Leo, I run the UGL Biogen, a popular lab on Bostin's forum. I heard the tragic news of Bostin Loyd's passing and wanted to reach out to you because I know you and Bostin were quite close. I'm unsure of the financial status of Bostin's family, but if they need any help with funeral or medical costs I would be happy to contribute. He seemed like an amazing guy, from what I've watched on his podcasts with you as well as the emails me and him have shot back and forth. His forum gave me a great platform to advertise my products, so I'd like to help out in any way I can. It's the least I can do. I hope you're doing well during this hard time. I wasn't being disloyal and never had been. maybe a normal person would have reacted different to the situation but I kept having this feeling of being put back in the same situation as I was growing up. That I had to escape or I will end up dead. And at first, you find excuse for the person, then you start being angry, first at yourself for tolerating it, then at the other person. Then you feel guilt and out the blame on yourself and then you get depressed. After a while of depress you try to get out of it by cheering yourself up and telling yourself that you are better than that. And once you have enough strength you start planing the day when things will go south.
