Match each picture card to its correct fact card. Whoever makes the most matches wins.

Shuffle the game cards. Arrange them face down in rows on a table. Take turns flipping over two cards at a time. Check to see whether they match. If they do, take the match, set it below and then pick two more cards. If they do not match, flip the cards back over. It's the other player's turn to pick two cards. Try to remember the cards you see and their locations. Keep playing until all matches have been made.
