The only genuine pharma GH sold in HK and allowed by the health service is Jintropin, the rest is all western pharma. People forget that HK is official part of China but is sem independent. An SAR. There is a hard border, different rules, laws etc etc. Ankes base is 800 miles from here. that's 12hrs by road.

Western big pharma doesn't follow this philosophy - they go for the lobbying, sabotage of competitors, licences for the privileged, buying out competition to achieve total market monopoly, etc. I guess it might be the difference in mentality between east and west and the different social systems each side comes from.

sustanon 250 anabolic steroids, esteroides orales nombres, sustanon 250 anabolic steroids, steroid injection to tmj, oral steroid solution, turanabol pastile pret, kopa anabola steroider sverige, injection steroids buy, anabolic hormone response, metanabol mk 677, metanabol dla poczatkujacych, best anabolic steroid 2020, nutrition on steroid.

I dealt direct with ansomone since about 2004 when they produced 192aa, then I found a good Jin source and changed. The source went around the 2008 Olympic time and I went back to ansomone. For a long time there stuff was good but it changed when they started selectively scamming people in the BB world. Pharmaceutical quality. Several of items in our shop -

Vermotropin, Jintropin and Ansomone - are officially certified brands of HGH for sale in pharmacies. Ansomone and Jintropin - in Chinese and Russian pharmacies, Vermotropin - in Moldova. High quality proved by tests. Lab tests from customers show the highest efficacy of products.

any genuine pharma GH will be the best, so Jintropin or some of the other Asian ones (Chinese or Korean).us the regular western pharma ones. as for Generics im able to get some excellent stuff but they are just black tops. doesnt mean they are the same as anyone elses blacktops unless they get from the same place.
