THE LORE

Liberty Square, 2022

It wasn't always this way.

This used to be a place you could bring your kids to play on the swings. A place where Pops would come to feed the pigeons while young lovers etched their names into trees, imagining their future together.

Not anymore. It's been nearly two decades since The Plague Wars destroyed all hope.

The Degeneratz are a toxic disease; swarming every cobblestone path - infecting every square inch of the place with their black-market ideals. They choke the beauty and life from it. These days Liberty Square simply smells of piss & decay - littered with strung-out junkies, empty shell casings, and blood-stained alleyways.

The always corrupt Fat Cat Society turns a blind eye. They could have fixed it - this disdain between The Sinister Squirrel Syndicate & The Degeneratz - were they not so busy lining their filth stained pockets.

It's too far gone now, there is no turning back. No "how things used to be". They will all pay for what has happened.

The Sinister Squirrel Syndicate - an elite organization of mercenaries with an instinctual hatred for rats - has taken the law into their own hands and will stop at nothing to accomplish their mission:

Reclaim Liberty Square by any means necessary before it is lost forever.

Make no mistake... This is War!

LIBERTY
SQUARE

INTRODUCTION

Liberty Square is not a PFP Project.

Liberty Square is a project built with a focus on future development.

From media to infrastructure, our focus is on building what we believe adds value to the project and the Solana ecosystem.

When we began building this project in September of 2021, we did it with the understanding that if we did not believe that we could add value, we would burn it to the ground. Since then we have learned many things. We still have many things to learn. We will never burn it to the ground at this point.

Liberty Square is our business. It will be treated as such. We have watched too many projects rush to mint only to bail out, burn out, or simply not know how to execute. We are not going anywhere.

This document, "A Manifesto: v2", has been revised to address some new developments, as well as to address our view on the current state of the market. We have also clarified some of our thinking from "A Manifesto: v1".

CORE TENETS

Our Core Tenets remain the same from The Manifesto v1.0.

The Five Core Tenets of Liberty Square are:

1. Art matters. Never put out shitty art that we wouldn't buy.
2. Builders Build. Yes, it is a cliché. Technology is in a constant state of motion. Pay attention. Every day.
3. Decency is Free. This community is small.
4. If it is not fun, don't do it. Life is too short.
5. Community is important... People want to make money.

MOST IMPORTANTLY -

Only opportunities that will increase the value of the underlying asset for Liberty Square holders will be fully explored. The rest is noise.

LEGENDARY SETS

Throughout Series I there will be TWELVE "Legendary" sets.

These highly-stylized collections are inspired by references that we have in our lives.

EACH SET WILL INCLUDE ONE MEMBER FROM EACH GANG & CLASS.

These are the rarest of rare.

THE HOLY GRAIL.

There are only 144 total and each is an absolute 1/1.

THE ARTIST & THE ART

Art is really important to us. It is at the very foundation of what we are building.

Skribble Squirrel is an amazing artist & co-founder. It will always be this way. Artists should be recognized and treated as equals. Fuck Fiverr projects.

The Sinister Squirrel Syndicate has over 450+ unique traits & Backgrounds. This is out of necessity. Each trait has been hand-illustrated and designed to fit within each piece and not simply laid on top of it. In other words, each piece feels intentional.

The creation of Liberty Square began six months ago with over 150 pages of inspiration ranging from pop culture to abstract film. We are happy with the result.
