Subject: David Howe Finally, Fully, and Decisively Exposes Enterprise Holdings' Massive Criminal Fraud and Racket for All to Know

Mr. Citron and liars including criminal corrupt corporation Enterprise Holdings' and its court-cowering CEO: <https://docdro.id/jXIMY9Y> . Read it and then repent.

Howard, your corrupt client's crime has resulted in much collateral damage to otherwise good and decent people who, no doubt now, felt compelled to follow their marching orders. Shame on you, Counselor. You have disgraced what it means to be an 'Officer of the Court' in your relentless attempt to cover a crime for which the facts proved too much to overcome – at least when in the well-worn and seasoned hands of America's identity guardian for babies for girls and for boys.

But remember what I told you...I am very forgiving. And I have been for many many years as I've exposed some of the most complex crimes in the USA elaborate credit and banking system: <https://www.businesswire.com/news/home/20130924006564/en/SubscriberWise-Child-Identity-Theft-Application-Fraud-Mother> (one example among hundreds, literally). Yes, forgiveness and empathy they are hard-coded into my DNA and have been since I was formed in the womb.

Frankly, you and the liars behind this complex and highly-refined criminal scam, you never were a match for me. But what I never imagined and what remains a very hard reality for me to accept in light of the now irrefutable and truly overwhelming hard proof, was the sham of due process in Lee County, FL. What a disgust. What a disgrace. Actually, there are no words to describe the pathetic process...or utter lack of.

Due process, the lack of utterly, to be exact, counselor.

And for the record, you're damn lucky you've encountered this human-being to perpetuate your rotten filthy lies and injustice, because I could easily push federal prosecutors to indict you for this shocking and undeniable felony crime that you've helped to cover while unjustly and sinfully railroading a wholly innocent consumer. The evidence, sir, is insurmountable and you know it in your core.

But don't think you'll escape scot-free. While I can't control if any criminal charges will come your way, I can definitely make a victim-impact statement. And I intend to do exactly that. At a minimum, I will push to have your law license stripped for at least one year while you learn some legal ethics. Yes, consider yourself lucky that you victimized me.

By the way, I warned -- in no uncertain terms -- the predators on the very day the felony grand theft-attempt was exacted against me...to not mess with me. But the greedy perps, they just couldn't resist a quick payday. Well, the rest, as they say, it's history. Perhaps it will be a lesson in the future. Know who the hell you're pissing with.

Understood?

As for the corrupt criminal enterprise that you represent, I strongly suggest we, finally, sit down and discuss my demands. And they are going to be steep. Very steep. Especially for the harm that your crime and injustice has caused my parents, my brother and his family, my extended family, and my friends and colleagues to name a few.

Because if we don't, once Hayward Jr. dismisses the otherwise undeniable 'fraud upon the court', well then you can expect America's leading corporate law firm to exact a form of civil and punitive justice against your theft-thriving client in financial terms that will make your head spin right off your shoulders.

Think I'm kidding?

Then try me...again.

And remember, counselor, my ALS is segmental. I have plenty of fight left in this wasting body.

By the way, I recommend you hasten the 'small claim' 'fraud upon the court' case dismissal ASAP. Because if this crime victim has to exhale a single breath on this task, well then expect some karma. And believe me, counselor, I give as good as I get. And then some.

Understood?

For now, that's all that I have to say. But know, just like in the past, dollars can't buy my silence any more than they can buy me time.

Understood?

Of course, I'm planning on saying plenty to the citizens of the United States, as well as my fellow humanity in every corner of the earth about this remarkably corrupt and criminal encounter. My silence....as you recall vividly with the offer of 'hush money', it has no price.

And in due time, there's a better chance than not, that I'll be testifying to Congress...and with the uncontroverted proof of fraud and racketeering that I've diligently detailed and have in massive abundance, the innocent renters of this nation who only expected the 'good faith and fair dealing covenant' when they and their families hop into a car with bags in toe and in unfamiliar terrain, perhaps they and me we'll finally get the uniform and predictable industry standards that will mitigate this criminal corruption, fraud, obstruction, collusion, theft, and racketeering that Enterprise Holdings perfected in its long history of criminally defrauding, robbing, and extorting stolen money from myriads of wholly innocent and voiceless victims and almost always without a shred of evidence of liability.

Remember that video your manager erased right after the attempted grand felony hesit?

Understood?

Yes, until we meet again and I finally obtain the truth, justice, equity so brazenly denied me in a due process debacle in Fort Myers, FL, Lee county, I wish you Godspeed because, Mr. Howard Citron, you and the corrupt company you keep desperately lack it and desperately need it, I am

Sincerely yours,

David Edward Howe, Enterprise Holdings' National Car Rental crime victim and SURVIVOR.

P.S. To all of you who have covered this crime and so shamefully disgraced your official/professional/ethical and basic humanity to a fellow citizen....as I've said before I understand. I know why you did it. You are good citizens who were misguided and afraid. You are weak; we all are...some much more than others. And to reiterate, although I can't control what consequences, if any, you may or may not face for your breach of duties/breach of the public trust, know that you too are forgiven. I will not personally pursue indictments or sanctions....but for a few who absolutely knew better and have left an innocent person left standing alone and defenseless while they knowingly covered a massive crime.

Caveat: I'll not pursue unless any one of you decide to continue this criminal shenanigan a millisecond longer.

Understood?
