

COME OUT TO THE STREETS OF FIRE

Fighting the mechanisms of repression on the street paves the way towards the destruction of this regime of oppression and exploitation.

The act of confronting and breaching the police occupation in our neighborhoods liberates the ground, here and now, for self-organizing a world of freedom, community and equality.

The social power against state repression is founded on combative solidarity.

By participating in the resistance we build our capacity for collective self-direction.

...you too can:

- *open the door to your house or building to those who are persecuted by the cops*
- *provide protesters with access to the roof*
- *throw an (empty) flower pot from the balcony*
- *put out a bucket of water for the neutralization of teargas*
- *offer water, malox solution (1/2 water) or riopan pills to those injured by teargas*
- *offer first aid and protection to the injured*
- *come out on the street and stand against the state murderers*
- *communicate with other neighbours and protesters, gather together and coordinate*
- *contribute to the building of barricades and provide "ammunition" with any objects you no longer need*
- *take video documentation of the actions of the occupying police forces and publicize their violence through means of counter-information (without filming the faces of protesters)*
- *stand up against incidents of arrests*
- *observe the daily movement of police forces and share this information with fellow fighters*
- *encourage those who fight*
- *do all that you can imagine so as to contribute to the struggle*
- *organize in structures of resistance and partake in their collective strategy building*

**TO THE BARRICADES,
for FREEDOM and SELF-ORGANIZATION**

**WITH OUR CONTINUOUS STRUGGLE
WE HONOUR THOSE MURDERED BY THE STATE**

*Open Assembly AGAINST the POLICE OCCUPATION
