Euonymus Alatus

£39.99

For autumn colour, it's hard to beat *Euonymus Alatus*. The clue is in its common names - Burning Bush or Fire Bush. This wonderful bush or small multi-stemmed tree turns a crimson fiery red and looks amazing if planted in a spot where it will catch autumn sunshine

Introducing the

Qube Water Feature

A free standing contemporary fountain that would make an excellent addition to a modern urban space. This low, wide water feature includes a built in pump, which provides a gentle bubble of water that rises from the center of the fountain. The Qube is available in one size only and works well when used in a scheme with our Qube Planters.

80cm wide, 80cm deep and 40cm high

A PLACE IN THE GARDEN

These

Large Artichokes

Are made of hundreds of individually cut leaves, layered and hand welded on to a spherical frame. They look stunning grouped together, offering all year round interest in the garden. They work equally well inside, making a beautiful centre piece for any table. The Large Artichoke looks amazing when placed on one of our pedestals, creating a dramatic accent to any room, corner space or garden.
