Fundraising Team Challenge - prior to the BC MBA Games

Teams will be awarded spirit points for the dollar amount raised per team member. All funds raised prior to the event from the Team Challenge will be donated to Childhood Cancer Canada.

Fundraising

The BC MBA Games is excited to announce the Community Partner for the 2016 Games: *Childhood Cancer Canada (CCC)*. The Mann Cup will be awarded to the team that raises the most funds.

In 1987, when survival rates for childhood cancer were a fraction of what they are now, their name was Childhood Cancer Foundation Candlelighters Canada. Today Childhood Cancer Canada is the country's leading foundation dedicated to funding national research while delivering critical education, community and connectivity programs to children with cancer and their families. Through their national network of care CCC has been able to reach those who need their help. CCC's approach is national because no part of our country is exempt, and no child should be forgotten.

Fundraising Tips and Tricks

Organize a St. Baldrick's Event - St. Baldrick's Foundation head-shaving events raise funds that benefit children fighting cancer in Canada.

Seek Matching Donations - Donation matching is an effective way to both attract new donors, and increase the amount donated by current donors. For example, a team may reach out to a corporate sponsor or business contact to ask them to match all or a portion of their team's donations to Childhood Cancer Canada. This is a great way for the corporate community to show support and allows your team to double your donation amount!

Princess Challenge (#sparkle4kids) - This is a new initiative taking by Childhood Cancer Canada on September 30th. The goal is to provide awareness about children living with cancer by encouraging as many students as possible to dress up as princesses to school.
