# ADAM SERT

I've been feelin nostalgic
I know that I'm not the only one
I think it's time for a throwback
To remind me how to fall in love
Wanna rock something in my own kinda way
Like it's tailor-made for me
Think I found someone I can get lost in
Cut from the same cloth as me

Just like Velvet
And I knew and I knew it was cool the first time I felt it
I got that feelin tonight
Be my Velvet
Cuz I can't get enough of your touch, I'm crushin
I got that feelin, I, I got that feelin tonight.

I've been craving a classic, k baby
That vintage '79
These trends are gettin too tragic
So come over put your skin next to mine.
Wanna rock something in my own kinda way
Like it's tailor-made for me
Think I found someone I cannot lost in
Cut from the same cloth as me

Just like Velvet
And I knew and I knew it was cool the first time I fel
I got that feelin tonight
Be my Velvet
Cuz I can't get enough of your touch, I'm crushin
I got that feelin, I, I got that feelin tonight
I got that feeling tonight.

Wanna rock something in my own kinda way Like it's tailor-made for me Think I found someone I can get lost in Cut from the same cluth as me

Just like Velvet
And I knew and I knew it was cool the first time I fel
I got that feelin tonight
Be my Velvet

#### CLOSER TO YOU

Sorry it's late - I know I missed your call again
Been tryin to change - got stuck in my ways again
I been feelin faded, disconnected lately, missing what money can't buy
All I wanna do is be brand new.
I swear I'll give it all up just for you.

And I would sink my house down under wat
I would trade all my gold for dirt
Lemme tell ya right now
I would walk thru fire just to hold ya
Whatever gets me closer to you
Whatever gets me closer to you

Sick of the game - never holdin on to what I start
Helluva shame - I almost got the life I want
Got no one to take to Paris, France to understand the man I am.
I feel like I'm running outta time.
Oh tell me why our stars just don't align?

And I would sink my house down under
I would trade all my gold for dirt
Lemme tell ya right now
I would walk thru fire just to hold ya
Whatever gets me closer to you
Whatever gets me closer to

Your touch, your love
I want it all too much
I'm cryin
I'd give the shirt off my back just to get you back
Baby, baby, I'd lie in the eye of a hurricane
Just to have you blow me back
To when you still believed in me
Baby, believe me

That Overglow
Where the moment goes
Leave me all alone but you would never know
It's got a hold on you
In the neon blue
Up on your phone
In the Overglow

Day and Night
If you're lost in delusion
And from every word in your text
Only your fingers are bruising
Day and night I tried lovin you thru it
And it's breakin my heart that I can't
Feel like I'm losin you to it.

That Overglow
Where the moment goes
Leave me all alone but you would never know
It's got a hold on you
In the neon blue
Up on your phone
In the Overglow

There's no Human Connection!

#### LOVE DONT

Come over
Sweet talkin in the right ways
Come over
Day trippin' on the night wave
I'll show ya
How to fuck with a good thing
'Cause you are, you are
You are, you are, you are, you are

The fire in my feet
The red sun that's comin down
The bitter, the sweet
Tearing me inside out
I don't wanna leave
But I been here before
Every time
I walk this line

'Cause love don't
Love don't love me
But I don't wanna give it up
I don't wanna give it up
No love don't
Love don't come free
But I don't wanna give it up
I don't wanna give it up

I don't wanna give it up

Hungover
In the morning I'll be long gone
'Cause it's over
Flying sky high with a new guy
I told ya
That I'd fuck up a good time
'Cause you are, you are

The fire in my feet
The red sun that's comin down
The bitter The sweet
Tearing me inside out
I don't wanna leave
But I been here before
Every time
I walk this line

'Cause love don't
Love don't love me
But I don't wanna give it up
I don't wanna give it up
No love don't
Love don't come free
But I don't wanna give it up
I don't wanna give it up

I don't wanna give it up

Love don't, love don't
Love don't, love don't
Love don't love me
I don't wanna give it

## READY TO ROW

Boots on the ground
Had enough of this clown
No I won't stay around
Catch a bus, Greyhound
No I'm not lookin back
Turn around, it's a trap
I aint falling for your charm put a lock on my heart

Ready to Run
Ready to Run
Ready to Run
Pack up I run and ride, no shade it's tiret
So I'm ready to run

I'm goin to a safer place for livin
I'm runnin kickin never scared of screamin
It's hateful here and don't nobody care I'm shoutin
Why's everybody being savage round here

Ready to Run
Ready to Run
Ready to Run
Pack up I run and ride, no shade it's tired
So I'm ready to Run

Been down on my knees
Got back up to crawl all over
No more aiming to please
Now that I'm on my feet
Imma walk imma walk imma walk to the edge
Imma Run imma Run I'm catching the air
Aint no slowin down from here
Aint no room for shackles dear.
Try to catch up if you dare.

Ready to Run
Ready to Run
Ready to Run
Pack up I run and ride, no shade it's tired
So I'm ready to Run

#### NEW EYES

Rainy nights I've know for awhile getting away from myself again I was alive but empty inside Hole in my heart, I never thought I'd mend

I really wasn't seeing all the things I should see Damn, I was getting jaded til the day you looked at me

You got those new eyes honey
Virgin like blue skies sunny
Everything that you try
Everything gets you high baby
I've so blind without your new eyes
Without your new eyes

This chemistry like candy to me
I'm addicted to the sweet sleepy haze
So whisper at me
Get me wavy
Naked and free never no room for shame

I really wasn't seeing all the things I should see Damn, I was getting jaded til the day you looked at me

You got those new eyes honey
Virgin like blue skies sunny
Everything that you try
Everything gets you high baby
I've so blind without your new eyes
Without your new eyes

#### 

I've been leaving my heart in all the wrong places Took it back way too soon when I shoulda been patient I built all these walls so no one could break in Truth is I miss those nights when my heart could be naker

I don't need to feel love
I just wanna Feel Something
If it's never enough
At least it's better than nothing
After everyone I've lost and every kiss I wasted
I don't I don't need to feel love
Just wanna feel Something
Just wanna feel Something
I just wanna feel Something
I just wanna feel

I waited so long to feel like I'm worthy
Find someone who could rewrite the pages I'm turning
I've grown with the pain and bathed in the lonely
All I want in this moment is someone to hold me

I don't need to feel love
I just wanna Feel Something
If it's never enough
At least it's better than nothing
After everyone I've lost and every kiss I wasted
I don't I don't need to feel love
Just wanna feel Something
I just wanna feel Something
I don't I don't wanna feel nothing
I don't I don't wanna feel nothing
Just wanna feel Something
Just wanna feel Something
