

Are You A Romantic At Heart?

Are you willing to get your virtual hands dirty? Build the world you always wanted to live in, while trying to survive the endless attacks of zombies, creepers, giants, mutants, and other enemy mobs. The hit game Minecraft that has become a worldwide phenomenon is now available on Apple and Android mobile devices as a Pocket Edition. Never get bored when you carry around an entire world of adventure with you.

The app version of Minecraft has the same gameplay as the original version, and brings many of its most popular features to mobile devices. Anyone who has played the original game on a computer will be able to swiftly adapt to the Pocket Edition version. For those who didn't play the original game version, be prepared to clear your schedule because this is an addictive game.

A Creative's Dream

Do you ever feel like even sandbox games may be too restricting for your tastes? Welcome to Minecraft Pocket Edition and say goodbye to restrictions. You can alter almost every aspect of the game including how it interacts with you and also building fighting harvesting, growing, mining, and trading the resources you need. After you have explored the vanilla game world, it's time to customize.

- Are your strengths as fighter or builder? Eliminate your enemies and gain access to unlimited options for creating whatever you want by switching to the creative mode. You can create to your heart's desire. If you want to you wish, you can switch back to survival mode to see how your creations can stand up to the mob. The God Mode allows you to become all-powerful. You can alter the world around you using commands that slash. You can change the weather, change the night to day, summon resources or alter the landscape to fit your playing style. Is God Mode cheating? It's up to the player to decide. However, one thing is for certain that it's lots of fun! - Get a mod for just about everything. Want a pet? There's a solution for that. Are you a romantic. Download the mod that lets you test your flirting skills with NPC characters. Maybe you'd like to build an inflatable boat and explore. You can build it. There are mods, skins and other objects for both free and paid on the marketplace. With tens or thousands of mods that are ready to download there, you're bound to find exactly what you're looking for however if you aren't able to, don't worry. You can always make your own. You can show off your imagination with the help of the support and maturity of the modding community, which provides tools and helps make modding easier for everyone, even non-techies.

You can play however you like, with no limitations!

Your World Your World

Do you want to be King of the World? You can now rule your own server with the optional Minecraft Realms Add-on

Create the ultimate private cooperative society for up to 11 people where everyone works together to create an online utopia, or choose to transform your Realm into an unforgiving PvP Battle Royale. You have the option to choose. At present, you can pick between Realms and Realms Plus. Realms costs \$3.99 per month and allows you and two other players to sign in to your server. Realms Plus costs \$7.99 per month and allows for up to 11 players to join the fun. It also offers free marketplace items and other swag each month.
