

2022 Edexcel IGCSE Maths (Higher) Checklist

Paper 1H	Paper 2H
<input type="checkbox"/> Fraction of an amount (A)	<input type="checkbox"/> Fraction of an amount (A)
<input type="checkbox"/> Highest common factor (A)	<input type="checkbox"/> Use of the four rules (A)
<input type="checkbox"/> Lowest common multiple (A)	<input type="checkbox"/> Surds (A)
<input type="checkbox"/> Surds (A)	<input type="checkbox"/> Complete a Venn diagram (A)
<input type="checkbox"/> Reverse percentage (A)	<input type="checkbox"/> Percentage of an amount (A)
<input type="checkbox"/> Compound interest (A)	<input type="checkbox"/> Compound interest (A)
<input type="checkbox"/> Percentage of an amount (A)	<input type="checkbox"/> Divide a quantity into given ratios (A)
<input type="checkbox"/> Standard form conversion (A)	<input type="checkbox"/> Bounds (A)
<input type="checkbox"/> Expansion of brackets (A)	<input type="checkbox"/> Factorisation (A)
<input type="checkbox"/> Indices (A)	<input type="checkbox"/> Expansion of brackets (A)
<input type="checkbox"/> Factorisation (A)	<input type="checkbox"/> Subject of a formula (A)
<input type="checkbox"/> Algebraic fractions (A)	<input type="checkbox"/> Indices (A)
<input type="checkbox"/> Completing the square (A)	<input type="checkbox"/> Algebraic fractions and formulae (A)
<input type="checkbox"/> Linear equations (A)	<input type="checkbox"/> Simultaneous equations, linear and quadratic (A)
<input type="checkbox"/> Quadratic equations (A)	<input type="checkbox"/> Simultaneous equations, linear (A)
<input type="checkbox"/> nth term of arithmetic sequence (A)	<input type="checkbox"/> Quadratic equations (A)
<input type="checkbox"/> Sum of arithmetic series (A)	<input type="checkbox"/> Linear equations (A)
<input type="checkbox"/> Inverse functions (A)	<input type="checkbox"/> Direct proportion (A)
<input type="checkbox"/> Transformation of functions (A)	<input type="checkbox"/> Inequalities : graphical representation (A)
<input type="checkbox"/> Linear kinematics (Q18&19) (A)	<input type="checkbox"/> Quadratic inequality (A)
<input type="checkbox"/> Angles in polygons (A)	<input type="checkbox"/> Graphs of lines (A)
<input type="checkbox"/> Geometric reasoning	<input type="checkbox"/> Parallel and perpendicular lines (A)
<input type="checkbox"/> Pressure (A)	<input type="checkbox"/> Transformation of functions (A)
<input type="checkbox"/> Volume of cylinder (A)	<input type="checkbox"/> Graphs of trigonometric functions (A)
<input type="checkbox"/> Volume of composite solid (A)	<input type="checkbox"/> Speed (A)
<input type="checkbox"/> Area of a sector (A)	<input type="checkbox"/> Unit conversion (A)
<input type="checkbox"/> Pythagoras' Theorem (A)	<input type="checkbox"/> Area and perimeter of composite shape (A)
<input type="checkbox"/> Sine and cosine rules (A)	<input type="checkbox"/> Area and perimeter of circle (A)
<input type="checkbox"/> Histogram (A)	<input type="checkbox"/> Area and perimeter of rectangle (A)
<input type="checkbox"/> Probability (A)	<input type="checkbox"/> Pythagoras' Theorem (A)
<input type="checkbox"/> Expected frequency (A)	<input type="checkbox"/> Trigonometry (A)
<input type="checkbox"/> Probability tree diagram (A)	<input type="checkbox"/> Vector proof (A)
	<input type="checkbox"/> Cumulative frequency diagram (A)
	<input type="checkbox"/> Mean (A)
	<input type="checkbox"/> Median (A)
	<input type="checkbox"/> Mode (A)
	<input type="checkbox"/> Range (A)
	<input type="checkbox"/> Conditional probability (A)
