

Invitation to participate in the first ‘National Info Day’ event of the Transcare project

Within the framework of the European project entitled: “Transcare– Improving Access to Healthcare for Transgender Individuals”, we would like to invite you to attend the first National Info Day of the program, which will take place on **Monday, April 26, 2021 from 10:00 to 12:00**, through the online ZOOM platform <https://us02web.zoom.us/j/84646852402> .

Transcare (project number 881952), is a two-year project co-funded by European Union’s Framework of Rights, Equality and Citizenship Programme (2014-2020), focusing on **increasing the knowledge, awareness and education of health care providers regarding the safe and non-discriminatory access to and provision of healthcare services for transgender individuals.**

The consortium is composed by the University of Crete – Department of Social and Family Medicine, Colour Youth – Athens LGBTQ Youth Community, Positive Voice – Red Umbrella Athens, Orlando LGBT+, Medical Association of Athens (ISA), Hellenic Medical Students’ International Committee (HelMSIC), AKMI and ReadLab - Research Innovation & Development Lab, under the **coordination** of the MSc programme “Global Health - Disaster Medicine”, School of Medicine, National and Kapodistrian University of Athens (NKUA).

Co-funded by the European Union's
Rights, Equality and Citizenship
Programme (2014-2020)

The goals of this event are:

- to inform the wider audience and raise awareness about the access to healthcare for transgender people
- to present the results of the Transcare project so far
- to discuss issues of gender equality and equal provision of health services.

Further information is provided in the attached agenda.

To **register** in the online event, please follow the link: <https://forms.gle/E5ZydABdkm8AxCat5>

To **participate** in the online event, please follow the link: <https://us02web.zoom.us/j/84646852402>

Thank you very much and we are looking forward to your active participation!

Sincerely,

On behalf of the Scientific Team of Transcare project

Co-funded by the European Union's
Rights, Equality and Citizenship
Programme (2014-2020)
