The institution is in the stage of establishing an organizational network, so it is necessary to ensure the function of own resources of finances, which are dependent on their own Institutional activity and business performance, under the administration of the Institutional Bank.

The objective of organized co-operation of Private Societies is therefore to carry out diplomatic representation and protection of diplomats for the purpose of establishing diplomatic co-operation with States and Governments, Military and Security Alliances, in order to be able to co-operate Internationally, to exchange prisoners, use prisoners for laboral activity and development, or military and security training.

Strategy on Business of Prisoners is autonomous.

- 1. The first step is to use the team's own affiliate relationships, involving the use of friendly relationships, common association relationships, or public contacts, for the purpose of setting up a meeting or conference, thereby enabling the Diplomacy function on behalf of the Institution ID's GSCPC, according to the Central Code of the Institution.*
- 2. The Diplomatic Council activates International communications with Ministry of Foreign Affairs, Ministry of Commerce, and Ministry of Internal Affairs, for the purpose of cooperating in the new market for the lease or full exchange of prisoners for the purpose of their employment, or for security training and mission.*
- 3. The objective of using prisoners in the framework of Labor Questions and such an economy is therefore to create a development plan for the institution and thus to establish Corporate Networks that will be composed of autonomous development management from their own common resources and building of prisoners' work. The institution gets the business power and strength of its own currency Institutions, as well as strengthens its own ability to commercially achieve financial gain, which will therefore be used to pay foreign governments in matters of claim from their service and to rent or sell prisoners.*
- 4. The objective of using prisoners in Security Matters and such an economy is therefore the strategy of training prison units and allowing foreign armaments to provide development services on behalf of the institution, or the use of trained prisoners in military missions as their workforce.*
- 5. Institutions have the right to self-determination in matters of use of their own prisoners obtained by their own administration without their origins in commercial leasing from abroad.*
- 6. No prisoner, who is his criminal responsibility or psychological tests, is identified as a high criminal potential, therefore, he must not be a member of the public military and security forces.*
- 7. So with the right of the institution and business partners, it is still open to the need for joint meetings and logistics to expand the common strategy of this market and its profits, using the function of trading systems with multiple combinations or organized logistics on the International market.*
- 8. Government Countries and The Institution have right for development common missions in purpose of the common public or secret objectives and according commonly agreed order of mission.*
- 9. Trade in prison staff must not be misused for purposes of market manipulation, such as trafficking in human beings or violating human rights and justice. Foreign Prison Under Administration The institution does not mean to be a person released from custody.*
