Diamond's and King Peter Gottwald filing a  
proposal for a The UN States, Common  
Declaration on Cooperation between the States  
and for ensuring joint use of research Intelligence  
Mathematics our Reality**

---

*Invitations to step together global security and ensuring a steady rhythm  
of world peace and justice.*

*The World Diamond International Alliance, an opportunity for  
beginning of a new human generation step and understanding the  
dimension of the actual existence of the human world.*

*Signature of The King Peter Gottwald*

## The King Peter Gottwald in interest of The World,

In the interest of the welfare of all peoples and the rights to freedom, peace and development, security and independence in the interest of the freedom of all countries around the world, and such rights peacekeeping principle and conviction, I King Peter Gottwald, I would like to invite all the countries' governments and UN members to work to ensure in step with intelligence and strengthened our common political stability through the use of special physical strength to read our mathematics of quantum reality.

Math of our reality as System rhythm events and the existence of our world for the past, present and future.

Physical energy with the founding ideology of quantum mathematics and the ability to influence and predict rhythms, events, incidents and acts of all past, present, and all of the future.

Intelligence which is leading to a stable security of the world and our human race, the key to the perfect world of freedom and the upcoming generation of humanity as a world free of crime and violence or agreses. The world that is created by the principle of a real paradise in the interest of the values of each state and the nation.

So in the interest of peaceful uses of our common Intelligence legal name of the World Diamond International Alliance, the United Nation's General Assembly and the United Nation Organization.

So in the interest of my reaction to the actual facts of terrorist act by means of these technologies;

***Tornadoes, typhoons, earthquakes, fires and disasters, plane crashes and nuclear power, handling the development of national economy, abuse and manipulation of political events, damaged many forms and state law, and cooperation in terrorism against all forms of International rules.***

Our International cooperation for joint research and calculation rhythm of our reality, centralization of global statistics and science, in the case of creating special Trial Commission for ensuring the safety of the activity observed via anti-terrorist police performance and superintendent.

Together, the construction of special centers for research and work for the analysis of data and intelligence, a creature autonomic Computer resorts for global computations rhythm of our reality by fortuitous numbers and statistics about the existence of mankind.

Economic department for management planning business intelligence, and development of research centers, accounting and business intelligence, collaboration with business corporations for the production of critical technologies, computers, data center components.

Council of Scientific Intelligence Management as a group of people for a profit of scientists and educate a new generation of founding of its research strategy and communications with other special persons who own intelligence character special events or activities.

Method of collaborative research through statistics civilization and monitoring the movement of public companies. Calculation astrological rhythm and solve our horizon of the universe, and simultaneously centralize our information and data into a super computer to sync with the beat of random numbers of global centers throughout the world.

Compiling physical energy of our reality and gain strategies to take advantage of these forces and detect.

---

#### **Our Utilization:**

- The ability to predict and w any think about past, present, future forecasts and every information about all events in the circuit time-space whole human world.
- Security against crime and terrorism, immediate response capability since the time several dozen year before the disaster.
- Any State controls its own integrity and sovereignty, everyone also owns the ability to monitor and immediately detect any movement esters such integrity and sovereignty will disrupt the illegal factor.
- Stopped Option to Espionage your state activities, and disclosure of all information obtained from spying other persons, their activities and intentions.
- The ability to create a common security elimination of all acts of terrorism and action in the form of future overthrow the stability of global security and the security of another state.
