You should link the topic to its treatment and pertinent for international politics, not private or comparative politics.

### **Step 3- Research To Do**

Re-read the notes, or watch videos from relevant lectures.

Start with apropos books, journals, etc

Go for further sources like:

- Textbooks or articles listed in the course outline

- Journal articles
- Media articles or magazines
- Websites

#### **Step 4- Start Writing Your Essay**

Use a typical structure: Introduction, Body Paragraphs, and Conclusion

Break down your [college essay](#) into thematic segments and group the argumentative segments together.

Always be concise:

- Do not repeat the points or arguments
- Make every sentence count, don't chatter

#### **Word Count/ Limit:**

Be careful about the word limit that you've been given. Each and every paragraph has some specified word count. Do not cross the line in terms of word count and that doesn't mean that you miss the key points. Try to use precise text that truly expresses what you want to say.

- **Some Important Tips**

- **To Write Intro:**

Set the scene in the essence of outlining the focal point, obstacles or issues that your essay is going to address, outline the sections comprehensively

- **Body Paragraphs:**

Write down key definitions, descriptions, and facts

Give the arguments and prove them with strong pieces of evidence

Divide body paragraphs into segments and allocate each paragraph to one key point

- **Conclusion:**

Precisely summarize your focal arguments in 2, 3 or more sections

Set out the critical approach of your work by giving analytical [conclusions](#) and final assessment.
