MINAS

Brazil | Dark Roast

Sourced exclusively from the Ferraz family estates in Sul de Minas, Brazil. With an “old world” approach they have faithfully pursued their passion for coffee. Using only the best coffee beans that are picked at peak times and expertly roasted with great care.

SERENO

Our single-origin coffee is carefully sourced from smallholder farmers in three distinct regions of the world. This coffee is directly from the farmers who are committed to producing high-quality coffee, year after year.

NOVADOS

South America | Medium Dark Roast

A unique collaboration of two different countries, this coffee is carefully crafted by smallholder farmers. The resulting blend offers unique flavours that are embraced in espresso or drip methods.

KRINJUL ROASTERS

Krinjul Roasters was founded by Kristine, Nancy, and Julia. A family-owned business that started in Calgary, Alberta. We are first-generation Canadians and quintessential millennials who are infatuated with the art and craft of exquisite coffee.

The passion and love of coffee were engraved into our lives from a very young age. Each of us reminiscing about our coffee rituals within our families – different cultures, but the same fondness for coffee. As years went on, the journey to understanding the origins from farmers to consumers became our fixation.
