Conservez ce livret.

Il pourrait vous être utile si vous avez besoin de commander des pièces.

Keep this booklet. It could be useful if you need to order parts.

Note:

Assurez-vous que les 4 colonnes soient au même niveau afin que le tout s'assemble bien.

Les panneaux de toit sont recouverts d'une pellicule de plastique identifiant le côté ayant une protection U.V. Ce côté doit être orienté vers le ciel. Pour éviter toute confusion, retirez la pellicule tout juste avant l'installation des panneaux. Il est impossible de faire la différence entre les 2 côtés une fois celle-ci retirée.

Cet abri est garanti durant un an contre les défauts de fabrication. Toutes pièces manquantes doivent nous être communiquées dans les 30 jours suivant l'achat. En hiver, ne laissez pas plus de 5 cm de neige s'accumuler sur le toit afin d'éviter les bris. Tout dommage en raison des conditions climatiques n'est pas couvert par la garantie mais par les compagnies d'assurances.

***Ne pas faire de feu ou de cuisine sous le gazebo.**

Note:

Make sure that the 4 columns are at the same level so that everything fits properly.

The polycarbonate panels have one UV protected side that must be installed toward the sky. Do not peel off the protective film too fast to avoid any confusion. Once removed, it is impossible to identify which face is the coated one.

This gazebo has a 1 year warranty against manufacturing defects. Missing pieces must be notified within 30 days of purchase to get replacement parts. During winter, do not leave more than 5 cm of snow on top of the roof. Damages due to weather conditions are not covered by the warranty but by insurance companies.

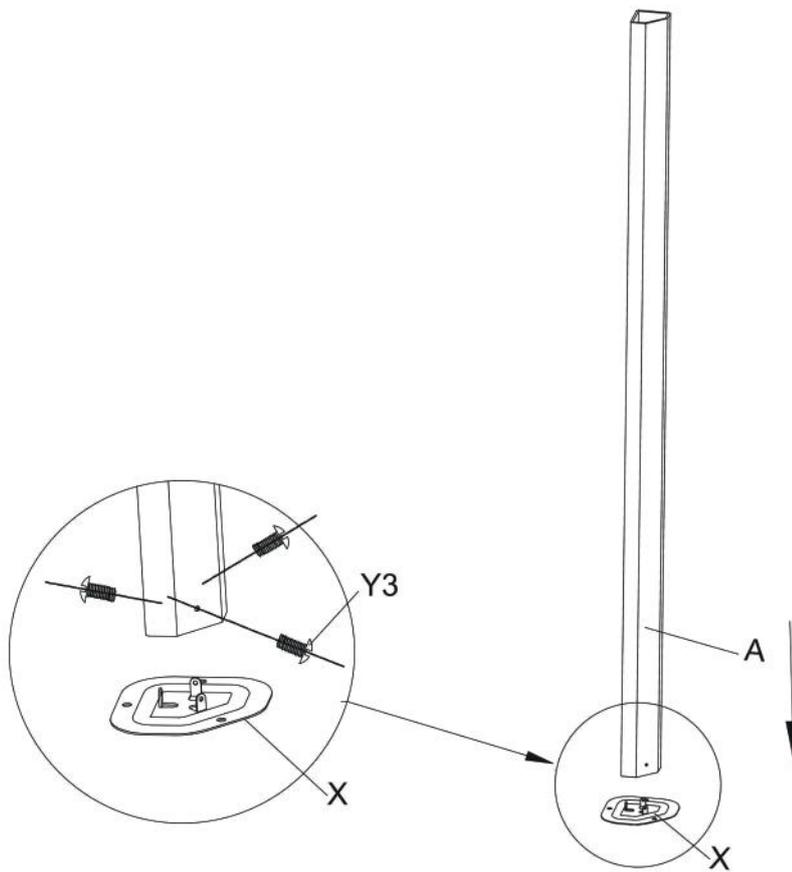

***Do not make a fire or cook underneath this unit.**
