Dark chocolate and CBD? Oh yes! Shut up and take my money! Check out these gorgeous dark chocolate bon bons filled with Caramel and Cookie Butter by @shebdchocolates ☐ These masterfully crafted treats contain 25mg of CBD isolate each. The Strawberry CBD Infused Jam ☐ is just as delicious and contains 250mg of CBD per jar. It works marvelously on a slice of toast with your morning breakfast, on a Graham cracker as a snack, or even in a milk shake. Support a local female owned business! These products would make a fantastic gift ♥
