

THE Timeless Higher Interdivisional Good Hand MASTERS TROPHY

Score Breakdown

There are Seven Point Ranges, 1+ Verdant, 25+ Bronze, 50+ Silver, 90+ Gold, 160+ Platinum, 200+ Diamond, and 270+ Pearl.

The score is in Three Parts, the first two parts are simple.

The first part is placement score,

Let's say if there are a total of 30 groups participating this season before Prelims, the top scoring group gets 30 points, second 29, and vice versa. This is overall, regardless of division.

The Second part is Score/5.

If, somehow, a group got 100 points before prelims, then, they'd get 20 points added to their score, since, $100/5=20$.

This last part is where it gets interesting.

The Event Points.

PART 1 League Events

Regular Season Events hosted by LEGS or LEGS League Members, FMA, Masters of FMA, will have the following point system.

Attendance- **3 pts.**

Bronze (any division) 5 bonus pts. **(8 pts)**

Silver (any division) 6 bonus pts. **(9 pts)**

Gold (any division) 7 bonus pts. **(10 pts)**

So, basically, you get points for going, and bonus points for medaling in your division.

NEW FOR NEXT SEASON

The top three in the division get bonus points as previously stated above

This will be the bonus for further placements outside medaling in division

Top 50% in Division – 2 bonus pts (5 pts total)

Top five in division – 3 bonus pts (6 pts total)

Top Five overall (if not a medalist, regardless of division) – 4 bonus pts (7 pts total)

Since medaling in the division already has its bonus.

For Regionals hosted by LEGS

There will be a prelims and finals. Finalists will get 1 bonus point. So, if you're a finalist and didn't medal in your division, you'll get 4 points, and if you did, then you'll get the medaling bonus and the finals bonus!

For Regionals,
if 21-30 groups attend, 15 make finals,
20-16 groups attend, 12 make finals,
if 15-10 groups attend, 8 make finals

For Championships (Mid-Season and Grand Championship)

For the two Championship level events, there will be a prelims, semis, and finals, The finalists will get bonus points, surprise surprise.

Regardless of how many show up, the top 15 overall will get one bonus point, then the top 12 overall will get the following,

Mid-Season Finals

1st place = 8 pts
2nd place = 7 pts
3rd place = 6 pts
4th place = 5 pts
5th place = 4 pts
6th place = 3 pts
7th place = 2 pts
8th – 12th place = 1 pt.

Grand Championships Finals

1st Place = 12
2nd Place = 11
...and vice versa

Basically, if Virgo's Maidens got first place overall at the **Mid-Season** championships, we'd get,
3 for attending,
7 for D1 gold,
1 for making semis, and
8 for winning overall at the Mid-season,
so, 19 points total.

For the future, in the event of a tie, I'll use General Effect (And Ensemble should I need to) to be the deciding factor for the championships

Now, for events outside of the League, essentially events hosted by non league members, excluding FMA hosted events and Masters of FMA.

Since the League trophy is, well, a **League** trophy, points for attending and doing well at League/League related events will be higher than non. **However**, achieving high ranks, or being awesome in general, at other events outside the league is still, awesome, and so...

Winning overall = 7pts
Placing in top three overall = 6 pts
Medaling in division = 5 pts
Placing in top Five Overall = 4 pts
Placing in top Five in Division 3 pts.

Why I have Top Five overall lower than medaling in division, is because usually the top five overall do medal in divisions at smaller shows, however, it's rare in most events to "Top 5" overall and not medal.

Scenario, let's say **Virgo's Maidens** goes to an event hosted by **someone outside the league**, or something, because it's Awesome to do that, supporting other players in FMA; and **we get second place in D1**, yet, **Awesome LEGS group 1 and 2, in D2 and D3**, scored **higher** than us and they ended up in the **top 3 overall**, **Virgo's would get 5 points for medaling in d1**, but **they'd get 6 points for placing in the top 3 over everybody**.

Alright, so, let's make this **close to TL:DR**

Virgos goes to 2 events hosted by LEGS, then one hosted by Awesome LEGS group 1, then one hosted by Spectacular FLAG group 23, and then a LEGS Midseason Championship. Since we can only go to Five per week.

Day 1 – **LEGS event**, We Win D1, Alright!!! We get **10 points**. (3 attendance, 7 gold medal bonus)

Day 2 – **LEGS event**, 5th place, **3 pts**.

Day 4 – **Awesome LEGS group 1's event**, we get **3rd place. 8 pts**, (3 attendance, 5 Bronze medal bonus.

Day 5 – **Spectacular FLAG group 23's event**, 3rd place overall. We get 6 pts, Placing in top 3 overall.

Day 7 – **Mid Season CHAMPIONSHIP**, somehow, **WE WIN**, Get 10 for medaling, 1 bonus for semis, and 8 for winning overall)

If you have any questions, do not hesitate to ask... I don't bite, I mean... I really can't over the internet so...

HAVE FUN. And may the flags be with you.

(P.S. This is what I've used this season, save for the **NEW FOR NEXT SEASON** section. I figured I'd type it out to make it make a little more sense)

(P.S. **23** isn't a random number, just ask Logan.)
