I am a severe business owner that features a track record of good results, record of making advancement and predicting the future of technology improvement. I began as a small young child a decade older, developing gadgets tools and through the age of 15 I used to be already developing my very own volume-generated electronic products items. Following servicing 4 years from the Israeli army dedicated to telecommunications, by my mid-20s I found myself already a grasp of mobile telecommunications and predicted where the community will go wireless network. In 1996 I expected the entire world will go on the Internet, which include all fiscal purchases and institutes. With the same season In addition, i estimated that my newly created transaction program will end up the newest World wide web currency, in simple terms projecting the crypto money 13 many years before its time. My prophecies have been all verified to turn into a truth along with the lifestyle proof is the fact that nowadays we are living in a world of mobile devices that happen to be judgment everything we all do and gadgets is ruling any feasible portion of our livelihood.

About Ami Shafir Ami Shafir is undoubtedly an Online businessperson that started his World wide web involvement in 1994 with his organization WorldSite networks Inc. Back 1994-2000 Ami Shafir owned or operated a 50,000 ft.² creating in 8670 Wilshire Boulevard, Beverly Hillsides, which back into the 90's was the initial creating in the area which had substantial-rate fiber connection to the net. In 1994 Ami started in his creating WorldSite which had been offering Internet web hosting service, Online transaction processing and website programming. WorldSite was web hosting the websites for all those major Hollywood studios which include Paramount, Warner Bros., of the more substantial-account Hollywood films at that time for example Self-sufficiency Day. WorldSite also possessed a subsidiary known as ComBill which had been processing payments on the web and was recognized in the group of World wide web operators during the time as the first in the past of World wide web to process true-time charge card financial transaction online. Ami through his organization WorldSite was working together with financial institutions and the town of La supplying them on-line settlement techniques. ComBill was Throughout the world network section delivering payment solutions for companies online and On-line monetary financial transaction solutions, particularly, delivering credit and credit information and assortment solutions along with payment scam detection and electrical resources moves via pc networks for international pc details and so on-line customers By means of his Internet charging platform ComBill Ami's eyesight was in front of it is time. Ami Shafir was pitching banks describing to them that Web banking and invoicing may be the long term and down the road will be really number of physical banking institution divisions and bank tellers. A lot of bankers laughed at Ami Shafir for his excessive forecasts, but we are all aware exactly what is actuality today for e-business and business banking online. Right now the billing market worthy of multi trillion money market, Ami Shafir being a pioneer in 1996 forecasted the net currencies like bitcoin and block chain tokens, which is over several years before bitcoin was created. Start to see the pictures brochure of ComBill in the bottom to mirror this.

Ami also owned or operated 75% of another invoicing organization in Birmingham Alabama called Federal Trance Tel (FTT). FTT was actually a main B2B very long-range company for company apps which include shell out-per-contact 900 numbers and cost-cost-free figures. FTT possessed invoicing contracts with all of US long-distance service providers and was providing billing professional services tens 10's hundreds of thousands money a month. FTT experienced Internet invoicing program called UniversalBill existed there before PayPal, providing variety of solutions just like PayPal inside the 90's, however WorldSite.com, ComBill.com & FTT firms were damaged employing any feasible bright white-collar offense which include forgery of Ami's signatures 25 periods by the convicted brothers Daniel and Abner Nicherie who damaged the residence of Ami Shafir who has been in the center of breakup proceeding throughout 2000-2001. Past conglomerate worth \$40 million but was ready to become an multibillion-buck business, all considered rebel and wrecked from the criminal acts fully committed from the Nicherie bros. Ami Shafir was operating in assistance with all the FBI, legal division of the IRS, felony Department of US Department of Work and L . A . US Legal professional office to bring these bad guys to proper rights, but by the end once Daniel and Abner Nicherie were actually arrested there seemed to be absolutely nothing kept in the multimillion-buck are you presently done with cathedral? Exactly what are you doing now? Organization. Throughout 2000-2004 due to the crimes dedicated by Nicherie brothers, however Ami Shafir was dragged into barrage of lawsuit and was taken directly or indirectly with 130 law suits and 15 bankruptcies a result of the Nicherie bros felony exercise as highlighted in BigCrime.com. In most these lawsuits connected to

his brand Ami eventually prevailed, and getting his fingers over \$10 million judgments against Daniel Nicherie illegal organization still uncollected.
