## More about me!

When I was thirteen, I started programming. Working on projects and creating applications and websites in my spare time, and later on, creating business software for enterprise companies.

**Education:**
Master of Information Systems Management (University of Salford)
Doctor of Business Administration (Mahan Business School)
Bachelor of Science in Information Technology (Amity University)
**And various certificate programs from leading universities.**

**Publications:**
Artificial Neural Networks: Applications in Financial Forecasting
Big Data Analytics For Beginners
Big Data Overview: From a technical business perspective
**And some more articles, essays and reviews …**

**Companies:**
IT Researches Ltd (Various Management Roles since 2011)
Rayan Net Co (Founder)
Talee Limited(CEO)
Prior Management and R&D Roles: Global Investment, Raya Office Solutions, Microsoft Persia, Bamboo Group, Xene Ltd, Dina Ltd
