

Adam Marshall Dobrin writes extensively about a hidden hand influencing our civilization, he claims that through analysis of ancient languages we will be able to convincingly prove the existence of God using statistics. His purpose is to deliver what he calls "God's message with the world," a reinforcement of our love of liberty and truth... by revealing the intended purpose of the Apocalypse: to help our civilization assimilate advanced technology that was previously hidden (and is well documented by religion) in order to build Heaven itself.

A series of email's have recently circled the globe, detailing how the story of Exodus is specifically designed to show the world the existence of time travel technology, and free us from wandering in a desert of understanding how religion has

documented the existence of advanced technologies influence over our history. "This is the kindling of the *Holy Fire*," Adam says, "by showing foreknowledge of the 9/11 attack in Exodus and Ecclesiastes through George W. Bush's recitation of verse 9:11 and Revelation 20:1 together, both his name and the Hebrew word for *Holy Fire* begin to lead us out of the desert." Ha'esh, he continues, contains clear and paradoxical reference to the English word for sea, and shows how Exodus's story of a sea parting is alluded to in the word itself. This is *the word* of John 1:1, Adam affirms. There is a significant amount of additional evidence relating verse and chapter to dates, including the Herald of the Second Coming in Revelation matching the date of Bush's speech... and it's "riddle" solved by Ecclesiastes 9:11—and Adam.

The mystery of the seven stars which thou sawest in my right hand, and the seven golden candlesticks. The seven stars are the angels of the seven churches: and the seven candlesticks which thou sawest are the seven churches.

Revelation 1:20

Through his writing, he reveals that not only has religion and history been altered to focus on this moment in time, but that we have clear proof of it in our myths and parables. Through what he calls the true Fire of

Prometheus, Adam provides proof that our language has been created... with the purpose of ensuring that our civilization never loses the truth... that we are created. This proof indicates not only prescient knowledge of the present day in ancient languages such as Hebrew and Arabic, but that modern languages are also constructed with a hidden hand. This hand is clearly revealed, he says, through what he calls the Hammer's of Thor and Judah Maccabee... an influence over modern music which equates this same Eternal Flame to the fire below Nero's feet, as he fiddles with the minds of artists... to free us from a slavery we know nothing about. The word "thor" he says, is a macaronic (you heard that right, like Yankee Doodle, c it) combination of an acronym—which are how he says God speaks to him, and the Hebrew word for light: making the *God of Thunder's* name the equivalent of "to help the light."

From an ancient Hebrew name for God, "El" and the meaning of Isaac son of Abraham's name, he derives the meaning of God as **to help everyone**. This is reinforced by the name of the Prophet Elisha, he says, which shows a logical and correct equality in three languages... connecting the Hebrew and Spanish words for "**the**." This Prophet's name has been associated with the parable of Christ feeding the masses with two fish. In addition to paradoxical foreknowledge of these modern languages, Isaac's name means "he laughs" and this story, which Adam insists is a

clear re-telling of the Crucifixion, results in his fathers name changing from Abram to Abraham—another anachronism. All told, Adam has published a free book called “Time and Chance” which details hundreds of examples of similar language “tricks,” ones he says are the magic that sets us free. The book is located at <http://lamc.la>.

Adam says we are in Eden, and that this place has always been the Rock of Heaven, both it's progenitor and it's future... in a sort of time recursion which has made Earth a record keeper and mechanism to right the problems—of both the past and future-- associated with the rapid advancement of technology associated with this time. In addition to examples of language and music focusing on the Second Coming, Adam has shared a number of ideas related to the use of technology in order to further social reform that relate to morality—and strongly suggest reading *The Light of Heaven* and his blog (which contains a current rendition of the next published book) *En Pursuit of Happiness*, on medium.com. These ideas focus on how learning we are in a created Universe might enable us to *end world hnnger, feed the poor, and heal the sick...* in ways we previously were unaware of. A significant focus is also put on the successful evolution of democracy and freedom in light of these new technologies.

So, without further delay, Adam has a criminal record, and suggests that a significant portion

of the Bible is dedicated to an explanation of this, as well as a focus on reform of the justice system. He says there is a clear confluence between the stories of Isaac, Jesus Christ, and Samson which portend of a “battle in the book of Judges” that he says has already ended... giving new meaning to the words “*the courtroom was adjourned, and no verdict was returned.*”

In July of 2012 Adam Marshall Dobrin was arrested for possession of a small mount of a chemical called “pyrovalerone,” one which he says has a sincere linguistic correlation to Fire from Heaven... and a the story of Isaac nearly being burned at the Cross.

Through he was held unconstitutionally without bond, and was in possession of unquestionable proof that would have shown not only that the evidence against him would not be admissable—and that there was an attempt to cover this up; three attorney's offices failed to

present this evidence to the court. In his possession, obtained via FOIA request, Adam had proof that the police officer who said he “paced him” prior to illegally searching him, had never gone anywhere near the speed limit on the road. Further, the GPS records obtained directly from the police department showed alteration of the location of the red light involved in the stop. Adam reminds us that we are in Eden, and this legal defense is referred to as *Fruit of the Poisonous Tree*. A significant portion of the Revelation which he shares on LAMC.LA revolves around evidence that *our idioms are designed* specifically to receive an understanding of the influence of God over our society. Briefly, he mentions “don't shoot the messenger” and a relationship between the First Plague of Egypt and “blessing in disguise” and “blood is thicker than water.” There are a number of messianic Biblical references to the Second Coming relating to both water and fire... which is the crux of what he calls the *Sang Rael*.

On the lam.

Because of the significantly odd behavior surrounding his arrest, Adam says he instantly left the state of Florida... fearing it had “turned to Hell.” Adam's book details a number of linguistic and musical aids which he says confirm that this story is the true prelude to the *Trial of Jesus Christ*, and at the same time serves to deliver the message revolving around Thor's Hammer

and Prometheus' Fire... which he states John 15:7 illustrates ... he is the "key" to.

He will be set up, and be very high.

Isaiah 52:13

Adam informs us that his contact with God himself is significantly enhanced during periods of intoxication; which he says is the meaning of "in the Spirit" in the Bible. Musically, he says Nero's fire might start by re-listening to the *Spin Doctors* song "Two Princes" and *Taylor Momsen's* "Heaven Knows" which he says show a hidden hand linking these songs to Jim Morrison's *Fire* and *The Race* which Ecclesiastes 9:11 and Cake's "The Distance" relate to; quipping that Cake sings "he's got a need for speed."

Adam emphasizes the name of the band *Spin Doctors*, and tells us that these songs link the lore of Superman to this particular story, noting *Pocket's full of... either Kryptonite, Diamonds... or High*. All told, he suggests all three might be the right answer; as they refer to the fateful day which lead to his trip around the country... which links together Live's "GAS hed goes west" with the star of "An American Tail," and is the source of the Revelation he is trying to share with the world. He continues "Taylor has a number of songs where she discusses a boy on the run, and this theme is clearly linked to *The Lamb of God* linguistically through the name of the religion Islam, and a number of related names, including:

Koran, ImRan, and ... Sammas Aran (which is a NES reference), whose *cheat code*... some might remember, was "Justin Bailey." *The Lamb of God* is "lam," and through this connection we see a guiding hand connecting Exodus, Revelation, Islam, and ... well, Adam's love for *video games*.

On his trip around the country, Adam says he was told story after story from a voice that emanated, he says, *from the noise of the Universe*. In the sound of roaring water, air conditioning, and other (perhaps easily modulated) white noise... he says he learned quite a bit. Stories about this trip are mostly located in his *medium.com* publications "*The Pursuit of Happiness*" and "*By the Force of Key Strokes*." The detail an ongoing conversation about the creation of Heaven, one which he wishes more than anything to be able to share with the world, but believes that his writing is being intentionally hidden in what is the actualization of the Egyptian Plague of Darkness... one which he says *ends today*.

What once appeared to me as a critique of the First Coming's possible actions, things like *ending world hunger by turning stone to bread*, now make significantly more sense... if there was no way to *ask what we wanted to dinner*. *The Last Supper* may have ensued, or we may have wound up in a *Land of Flowing Milk and Honey*.

Whatever the past, it is public disclosure of this hidden message

that pervades the life of Christ in the New Testament as well as the stories of Adam in Eden and Joshua in America that will bring about the miracle that is the *Golden Age of Saturn*.

Adam delivers a message of *Universal Salvation* which he says comes from a fresh analysis of the story of Exodus and Revelation, linking together the Iron Rod of Christ and Aaron's "let my people go" in a way which ties the band *The Doors* to a prophesy which bleeds from the pages of the Bible into our history, as an introduction to the solution to Revelation 1:20 which equates the Lamp Stands to Periodic Table elements. This solution not only shows foreknowledge of modern chemistry, but delivers a beautiful message... showing us that religion is swirling around our "now" seeing things like the symbol for Iron standing for... "for everyone" and the name of the book of Exodus meaning "Let there be light" in ... Unix. Adam calls it "his native geek, to be tongue in cheek." The command *sudo* and element "Xenon" link to Oracle's database name... and might indicate that this is a "**Lights, Camera... Action...**" for the Second Coming.

After returning from this trip, Adam's trial was held indefinitely by a large number of psychologists whose diagnosis was based on nothing more than his belief that he is the messiah. They noted he was otherwise intelligent; bu this belief apparently links to "If I go crazy, will you still call me Superman?"
