

Best Trekking Experience

Since childhood, I've been interested in adventure trips and I always wanted to go on a trekking trip. One day, out of the blue, I found out about the Ultimate Frontier Outlands Adventure Travel Pvt.Ltd, India. I checked out their website and I was so amazed that I wanted to go there so I booked for me and my friend for the [Goеча La Trek](#) which is an 11-day trip.

We had a great time there it was amazing. It is an area near Sikkim and the view from it is mesmerizing. Divide people into small groups of 10 so that our guys can provide us with the best tour. We were provided with all the necessary equipment required such as mess tent with tables and chairs, lounge tents, board games, and books, etc. They have all the necessary equipment for safety and comfort. They provided us with breakfast, lunch, and dinner. The food we are provided with is also of great quality and tastes delicious. They also provide a toilet tent with a fully chemical portable toilet facility.

The price point is amazing and they provide their services at a very affordable rate, there are no extra charges for anything whatever money is needed is included in the initial package. The safety of people are taken care of and the guides are trained professionals so there is nothing to worry about. We learned a lot and enjoyed our fullest on the tour. I had a nice time and this is why I decided to go on a trek again so I booked for [Markha Valley Trek](#). It is a 9-day trek to Markha Valley near the Himalayas. It was a stunning trip and we enjoyed a lot I would again go for another trek if possible.
