

This Download Is Virus-free

If your download is not beginning If you are having trouble downloading, [click here](#).

We thank you for having downloaded Minecraft from our software portal.

The software is periodically scanned by our antivirus system. We also suggest that you check the files with your own antivirus before launching the installation. You are about to download a shareware software. It could be very different from the full version of the program due to the type of license. The version you are about to download is 1.18.1. The contents of the downloaded file are original and have not been altered in any way.
