

THE DINING TOKEN

DNNR

Crowdfunding Mass Adoption:

The Tron Net dawns and with it, an opportunity to be part of decentralizing the future. Mass adoption will herald in this “golden era” where the current barriers and roadblocks of how we do business, live our lives plus the cost of doing so will forever be broken. Payments, banking, healthcare... ***even how you buy a meal will all change as the decentralized ledger begins to take over....***

Enter the Dining Token (DNNR). DNNR token is a crowdfunding tool meant to **launch a craft restaurant and brew pub concept** that will accept DNNR tokens and other forms of cryptocurrencies as payment settlements. By highlighting customer flexibility and operator efficiency through the use of blockchain technology to manage different aspects of the restaurant business - **payments, settlements, supply chain tracking and payroll** - the Dinner Token aims to assist the bigger picture of mass adoption. Be part of the solution!

USAGE = ADOPTION

TRON BASED DNNR

1. DNNR will be a Tron Network based token issued in the amount of **100,000,000 max supply**
2. Conversion rate on the Tron Network will be offered at **.5 TRX to 1 DNNR**
3. The 100,000,000 DNNR token pool represents a **25% profit equity stake in the resulting restaurant operation**
4. A supply of **10,000,000 DNNR will be frozen** for a minimum of 180 days to possibly be burned or allocated to community events/projects
5. The DNNR token shall be redeemable at this restaurant operation to settle guest checks or create a restaurant "line of credit" at an as to be determined price per DNNR
6. **Surplus operating profit proportional to equity stake will be distributed in TRX annually via the Tron Network**
