## Cracked Stone Scroll!"

I, Glarth, researched the Silmaril in Gondolin and this is what I found. The Silmarils are just powerful vessels containing lots of power! Who can unlock the full power of it? Whoever says: "I dont want to unlock the "

power. I am happy being a humble man or woman." My brother Accal was being mighty and he actually used 99% of his power to remove the shield of the stone. And he removed it but it was against the will of the stone, who is trying to guard itself! So under the pressure it exploded a little and a small crack appeared on it. And 1% of its power escaped into the space around it! Then the power of the stone, one percent of it, was floating around near the sea shore when King Azeb logged on and guided the power to the depths of Nargothrond. What lies under there? (Use your mind). "

Anyone who believes that Melkor can ever come back is stupid. How can someone vanquished come back??? Turin did not die for nothing. So this is what Glarthir says: "My mother and father are pretty much dead. I'm an orphan. Now I must be a father to someone!""

Danito's father was called Miggito. His mother was called Miggita. Why do you want to have a famous father? We can't all be famous can we?? I am famous though. Danito is not an old man, for he is a young man. He was born in Cobia. But then he was escaping the Cobo cartel with his father and mother. But then why look, it was none other than the cartel itself! And five men were shooting at him. So he took cover. But sadly, his parents were shot (dead). But Danito disguised himself as a cartel. He called himself "El Nino". As soon as he saw his chance, he stole 100 golden lions and took the boat to the south for a new life. When he was 19, he met a girl, but he was not interested in getting into a relationship. (Because he had an important job). He decided to become a fed (a mod). But one day, he quit his job and (maybe) he's going back to the cartel life or the drac life? This is what Miggito was like:

Glarth Prophecy Begins:"

"Ancalagon has stalled his plans. He thought we would never reach these shores (Beleriand), but we have. So this is what he will do! "

He will kidnap someone important. Then he will make a ransom.""

The ransom will be too big to pay. Then you will all attack hard. and when Ancalagon is dead, who will inherit all his lands? Will you will fight over it all?
