Minecraft Updates

During Minecraft Live, the next 2 major updates were announced: 1.24- The Mythical Update, due in December 2022 and 1.25 Update Nautilus in April 2023. The Mythical Update that introduces an entirely new dimension it will be the first update since the game's release. The Mythic will be a bizarre dimension filled with magical creatures, monsters, and a link to Steve's past. Update Nautilus will Update Aquatic II, and add lots of new features to Minecraft's Oceans and Beaches.

Minecraft Dungeons

During Minecraft Live, multiple new DLCs and features were announced. The 12th, 13th and 14th Minecraft Dungeons DLCs will be another End DLC, coming within a few days, a Cave DLC in January 2023 and a Badlands DLC in March 2023. The upcoming DLCs will make use of some of the features added in 1.20, 1.22, and 1.23 in Minecraft Dungeons and add a variety of new features to Dungeons. Also more features for secret levels and new challenges have been rumored to be released in the next few months.

Mob Vote 2022

Minecraft Live 2022 will have a Mob Vote for a mob being part of the two updates coming in the next. Email There are three options available: the Drake (the Pike) and the Orca (the Orca). The winner of the vote was the Orca with a huge victory over the Drake and the Pike. After round one the Drake was eliminated.

Drake

The Drake is a smaller draconic bird that soars in the skies of The Mythic. It can be tamed and will be able to combat sky enemies such as Phantoms.

Pike

The Pike is an animal predator that eats fish. It can catch other fish in its mouth and let the prey flounder through the oceans and rivers.

Orca

The Orca is an oceanic predator that chases players in boats, attempting to take them down. They will be the largest marine animal. This mob was created in 1.25.
