ACTIONS

Name	Where	Frame	Description
MMCXX	Thalwitz - Leipzig	Unendlich - F.A.I.L.	The people from the region of the art festival were asked what personal object would they like to preserve for at least 100 years? Fell and Eva van A. collected these things and casted them in Transparent epoxid A music and poetry work was performed to it.
Public Buraq Concert	Amman	Amman fi Amman	Public intervention together with 3 other artists, and an interactive Buraq sculpture, that was symbolizing the comings and goings of a very young city like a Amman. Sadly the event was right after investigated by the local authorities and led to the interrogation and temporary imprisonment of the local artists involved.
Carma	Globe Gallery	Grabowsee Residency	Part of a series of Ritual-influence performance art festival, me and Eva van A. created a "Passenger Ritual" where our Car would be responsible for the Cartharsis of a new Carlifat, Carismatically Caring with the spectators Carma. Car you Ready?
#≠	--	Performative - Music	Solo Ambient music project, canalizing sexual energy and winter introspection into soundscapes. www.hashtagdiffernt.bandcamp.com
Poroshenko Zakharchenko	МУЗЕЙ КРАМАТОРСКА	Exhibition Opening	After the artist Francesco Petruccelli had his work censored by the museum organization, and left Ukraine, fellow artists in the exhibition planned an action where we distributed dozens of prints of his work to the guests in the museum, edited with the saying on top <i>запрещена к показу</i> , or "Forbidden to Show".
Amalgama	Gr_und - Berlin	Berlin Transmedial Vorspiel 2018	AMALGAMA is a collective audio-visual experience questioning the digital now, through the formation of an amalgamated field. It is an assemblage of 10 artist outputs, sharing a ground and a volume to create an immersive space welcoming and challenging its audience.
Diese Garderobe	Raum 232.a	Klasse Medienkunst - Alba D'Urbano	Art as Comfort and Service. A collective performance based on the interaction between visitors and the wardrobe staff.
Westwerk Retten	Westwerk	Demonstration against gentrification	In the months where Westwerk, a famous and alternative art and cultural HUB of Leipzig was being sold and it's members evicted, I created a poster of a Dystopian future where it would turn into a shopping mall.
