

Dance - These buckle flats are cute and comfy, as well as eco-friendly and vegan! They are available in a black diamond print or a navy print with faux suede.

Beyond Skin provides ethical, ecofriendly women's shoes which are also all vegan and vegetarian, as well as sweat-shop free! All of their promotional and packaging materials also are eco-friendly; they're either recycled or from a sustainable source and they are printed with vegetable-based inks. Beyond Skin also donates a portion of the profits to ethical charities.

Babylon - All these brownish flats are revealed in chocolate, but are also available in black, citron, red, and [Click to find out more](#) aluminum. They're cute, casual ecofriendly women's shoes. These women's sneakers are also vegan and made out of artificial suede.
