## Arrivederci Is Not Good-Bye

July 12, 1993

Dear Friends In Charlestown,

As I leave Boston for Rome to represent the President and the people of the United States as Ambassador to the Vatican, I would like to express my deepest feelings of appreciation to the people of this city.

I have served as your Representative, City Councillor and finally, as Mayor. None of this would have been possible, nor would any part of my career in public life have been the same, if not for your continued support.

In many ways, Boston is my extended family, and moving to Rome feels almost like I am moving away from my family. Although I am moving to Rome, my true home will always remain among the people who have always embraced me, and to whom I am forever grateful.

I have long said that you can't run a city from City Hall. For more than 20 years of public service, my office has been of the streets of the city. Whether as Mayor or City Councillor, I have always taken the greatest pleasure in walking the streets and meeting with people, hearing their concerns and sharing some good times.

Working together in Charlestown with other elected officials, we have been able to accomplish many things for the neighborhood, including major improvements to pools and parks, Engine Company 32 and Engine Company 50, and we've expanded the Community Center. We've revitalized the Charlestown Navy Yard and built affordable housing.

I hope that I have touched the lives of the people of this wonderful neighborhood. I know that your support, your sense of unity and your warmth has touched me. If it's true that home is where the heart is, then my heart will always be in Boston. Kathy, our children and I express our heartfelt gratitude to the people of Charlestown. Arrivederci is not good-bye.

Your friend,  
Raymond L. Flynn  
Mayor of Boston

## St. Francis de Sales School Student Wins Poster And Writing Contest

OVER 350 ENTRIES from school-children in 19 Boston Public Schools and civic organizations were judged by the Boston Water and Sewer Commission as part of the Massachusetts Water Resources Authority's annual poster and writing contest. The posters identified ways people can conserve water or depicted the importance of water in our lives, while the essays addressed the topic "why it is important to continue improving the quality of Boston Harbor." The 19 city-wide

winners in grades kindergarten through 11 were recently honored at an awards ceremony held at the Commission's Summer Streets offices. Colleen Walsh (center), an eighth-grade student at St. Francis de Sales School in Charlestown, won first prize in the writing contest and second prize in the poster contest. Colleen is pictured with her mother Sheila Walsh (left) and BWSC information programs manager Teresa Jones-Carter.

## Baby Kyle's Family And Friends Thankful For Support

Kyle Fitzpatrick, the son of Bobby and Cindy (Venezia) Fitzpatrick, has leukemia. Kyle just turned a year old last month, and his only hope for survival is to

find a compatible donor who can give him a small amount of healthy marrow, the "Living Gift Of Life."

The recruiting and testing of potential donors for

Kyle is being organized by Friends of Baby Kyle in conjunction with the HLA Registry Foundation Inc., a not-for-profit organization and member of the National Marrow Donor Program. All test results from the donor drives will be entered into the HLA Registry data base and made available to Kyle and the other 9,000 victims of blood disease in search of a "miracle match."

Though each donor drive builds hope, it also creates bills. Initial blood tests for potential donors are expensive, costing \$50 each. The total cost for this drive could run as high as \$100,000. The Friends need to raise money to cover the cost of the drive through fund raisers and donations. The momentum and spirit of this effort has been wonderful to date and the family and friends are most grateful. It is hoped that the effort can be kept going.

Last Sunday's car wash was a great success and thanks is extended to all who waited patiently in line and for the many donations.

The following fund-raising events have been planned:

- A Karaoke Night featuring music, dancing, raf-

### GUIDELINES FOR HOUSEHUNTERS

Finding the perfect house for your family is just the first step toward moving you into a new home. The second is negotiating the sales agreement with the sellers — both the price and the terms. To find out if the asking price is in line with the neighborhood, you can ask the realtor to provide you with "comparables" — selling prices for similar homes located nearby. Your agent can also tell you how these houses may differ from the one you're considering buying. Use this information to help decide whether a particular property is a good value. If the price seems too high, perhaps the sellers are willing to negotiate. They may lower the price, agree to provide owner financing, or pay some of the closing costs. Your agent can't tell you what to offer or what the sellers will accept — the sellers probably won't know what they'll accept until they are presented with a written offer — but the information provided can help you decide how much you want to pay.

Monument Properties' agents are trained to guide you through every step of the home buying and selling process. Call us at 241-5900, or stop by our office at 85 Warren Street, Charlestown. Our professionals are available to serve any of your real estate needs.

## Charlestown Girls' Center Participants Graduate From Science Program

Eleven young scientists from the Charlestown Girls' Center Program recently received certificates of achievement at the Museum of Science for completing a nine-month science course. The 11 graduates are: Lauren Brennan, Erin Carroll, Aileen Gorman, Janelle Kelly, Nicole Mainey, Bonnie O'Leary, Caitlin Callahan, Kerrin Donahue, Candace Griffin, Kelleigh Mahan and Catie O'Brien.

The Adventures in Community Education in Science (ACES) program, which the girls graduated from, is a collaboration between the Museum of Science, the Children's Museum, Franklin Park Zoo and Boston Community Centers. Its goal is to increase interest and participation in science among young people from Boston's neighborhoods. Funded by the National Science Foundation, the program provides hands-on science education

after school and summer internships at participating science institutions.

During the school year, the students work side-by-side with museum educators and scientists learning about topics in physical science, zoology and biology.

### Audition Notice For 'Cats'

The Broadway Babies, an international performing ensemble, will be holding auditions for its first production, a specially adapted version of "Cats," to be performed in October both in Charlestown and Lowell.

Auditions will be held at 7 p.m. tonight, Thursday, July 15, and on Thursday, July 22, at St. Catherine's School Hall, Tufts Street, Charlestown. Those interested should be prepared to sing and dance and bring a song, not from the show. The cast of 30 performers will include 20 to 24 teens/adults and six to eight 10- to 12-year-olds.

Summer jobs include animal care and exhibit interpreters.

For more information about the ACES Program or the Charlestown Girls' Center and its many activities, call Sue Wrenn at 635-5169.

The Broadway Babies are a subsidiary of MVDC Inc., a non-profit, 501(C)(3) educational organization, dedicated to the advancement of the performing arts on the non-professional level. Those involved in this specially adapted version of "Cats" will not only perform, but will learn about costume design, make-up design and execution, and set and lighting design and execution. This will be a learning and performing experience for all.

For information, contact Jeanne at 241-5143 or Jay at 508-441-0235 in the evening.

## 'Miss Saigon' At The Wang Center For The Performing Arts

The first national touring company production of *Miss Saigon*, directed by Nicholas Hytner and presented by Cameron Mackintosh, is playing a limited engagement at The Wang Center for the Performing Arts, 270 Tremont St., Boston. Performances began on July 14, with the official opening night scheduled for Wednesday, July 21 at 6:30 p.m.

Raul Aranas (The Engineer), was born and raised in the Philippines where his

father encouraged him to watch American movies to learn English. He then emigrated to the U.S.A. to finish his studies. He has been acting professionally for the past 15 years and may currently be seen in Oliver Stone's *JFK*. His other film and TV credits include a co-starring role with Lou Gossett in *Gideon Oliver*, featured roles in *Law and Order* and *America's Most Wanted*, *Prisoners of Inertia* and *Nighthawks*.

Jarrod Emick (Chris)

comes to the production of *Miss Saigon* directly from the Broadway company. He was also seen in the national tour of *Les Miserables*. Originally from Oral, S.D., Emick studied theater and music at South Dakota State University.

Jennifer C. Paz (Kim), born in Manila, Philippines, moved to the United States and resided in Seattle, Wash. with her family when she was 5 years old.

With no vocal training beyond high school, Paz began musical theater with Sining KilUS An (Art Movement) Theatre where she was last seen as Isabel in the historical musical drama *Across Oceans of Dreams*.

Keith Byron Kirk (John), a resident of Chicago, is truly excited to be working with so many talented people. Previous credits include the Broadway productions of *The Grapes of Wrath* and *The Piano Lesson*.

Allen D. Hong (Thuy) is thrilled to be making his professional debut in such a wonderful show — *Miss Saigon*. Born and raised in Hawaii he started singing and taught himself to play piano at the age of 10 and soon after won several awards for both singing and songwriting at state competitions — that's when he heard the call of the Broadway stage! He's been seen as a crazy priest in *Man of La Mancha* and a pompous tenor (wait a minute - is this type casting or what?) in *Funny Girl*.

Christiane Noll (Ellen), born into a musical family, began her career at age 4, touring the country with her

parents. She comes to *Miss Saigon* from a 10-month run with the national tour of *City of Angels*. Noll has also appeared on *As the World Turns*.

Hazel Anne Raymundo (Kim, at certain performances) makes her professional debut in *Miss Saigon*. Originally from Livingston, N.J., she is a senior at Northwestern University's Medill School of Journalism.

*Miss Saigon* is a musical by Alain Boublil and Claude-Michel Schonberg, the creators of *Les Miserables*. Music for *Miss Saigon* is by Schonberg, with lyrics by Boublil and Richard Maltby Jr., adapted from the original French lyrics by Boublil.

*Miss Saigon* tells a tragic story of love and self-sacrifice involving a young Vietnamese girl and an American soldier at the time of the fall of Saigon in 1975. In a society torn apart by the aftermath of the war, the American dream becomes a symbol of salvation and two people, the victims of fate.

*Miss Saigon* is at the Wang Center through Saturday, Oct. 9. Performances are Monday through Saturday evenings at 8 p.m. with special Sunday evening performances on July 18 and July 25 at 7 p.m. Matinees are Wednesday and Saturday at 2 p.m. with special Sunday matinees July 18, July 25 and August 1 at 2 p.m. Tickets are \$15 to \$60 and are available at The Wang Center for the Performing Arts box office or by calling Ticketmaster at 931-2222. For group sales, call 482-1242. For information, call the Wang Center at 482-9393.

### ★ Street Reconstruction Update . . .

Mario Susi & Son's crew continued work on Ludlow Street this week, getting the major portion of the street work completed. The new curb was set and the six-inch concrete subbase for the new brick sidewalk was set in place. The curb has an underground concrete strip on the street side for additional support which was also poured this week. The new gas light bases were placed and the new feeds from the gas main installed, followed by base pavement.

The contractor also started the service feeder installations for the new gas lights on Lexington and Mt. Vernon streets late last week. Park, Common, Lawrence and Seminary streets still have to be done. Susi began the punchlist work this past week by starting the touch-up painting of the new gas light poles at various locations.

The drain work on Devens at Main street still remains to be done, and the end of Mt. Vernon Street still has to be finished along with the Seminary Street sidewalks.

On the 40 Flights, Middlesex Corp. is scheduled to do punchlist work this week in hope of finishing its project.

The BRA and Bryant Associates have completed most of the listing of the punchlist work, but other city agencies are still doing their inspections of the project. It is anticipated that Susi will be going full force on the punchlist by the end of the week.

Questions, concerns or complaints are being handled by Community Liaison Peter Looney at 722-4300, ext. 5674.

O Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to secure me in my necessity (make request). There are none that can withstand your power. O Mary conceived without sin pray for us who have recourse to thee (3 times). Holy Mary, I place this cause in your hands (3 times). Say this prayer for 3 consecutive days and then you must publish it and it will be granted to you. K.C.

## USS Constitution Museum Makes Historic Move Forward

The USS Constitution Museum's planned expansion is moving ahead. The National Park Service, owner of the museum building, has announced the award of a \$1.2 million federal contract to a Wellesley company, R.B.C. Corporation will be handling the major structural, mechanical, electrical and architectural work for the two-building, 12,500-square-

foot expansion. Executive Director of the museum Ellen Kraft says, "This project is a perfect example of what a public-private partnership can do. The additional space will allow the museum to enhance its mission while increasing the attractiveness of the Charlestown Navy Yard as a destination site for visitors." Kraft adds, "The museum will fulfill its part

of the bargain, raising \$4 million through a capital campaign aimed at paying for the interior work, including renovations, exhibit development and installation." Harvey Steinberg, who serves as Executive Vice President of the museum and Chairman of the Building Committee, says, "This brings us one step closer to the culmination of a vision,

a vision for the museum that has been on the horizon for a number of years. The prospects for the museum and its mission have never been better." Steinberg says that much of the credit should go to the National Park Service, "I want to thank the National Park Service for the extraordinary work done to make this private-public project a success."

Besides the renovation work, the plan will include the construction of a 200-seat theater, enhanced service for visitors and the expansion of educational programming for children and adults.

Groundbreaking is expected in August, with completion scheduled for the summer of 1994.

The USS Constitution Museum, located along Boston's Freedom Trail, is a non-profit partner of the National Park Service and serves as the chief interpretive voice of "Old Ironsides" and the Federal Period.

# Staying Cool At The Pool!

by Laura Sullivan

During the heat wave of this past week, residents of all ages have flocked to the Clougherty Pool at the Doherty Playground on Bunker Hill Street to cool

down. The pool has been very crowded. In fact, last Wednesday alone, there were over 600 people in the pool area.

During the hot spell, the

pool stayed open an extra hour. Instead of the regular hours of 11 a.m. to 7 p.m., it has been opened until 8 p.m. to help the people of Charlestown keep cool. Swimming lessons began

at the pool on July 12 and continue each morning between 10 and 11 a.m., Monday through Friday. There are beginner lessons for children 4 to 7 and intermediate lessons for those 6 and

older. There are 80 children involved in the program for the summer and all the classes are filled. The coordinator for the lessons is Jane Claffey, assisted by Sue Kilcoyne, Colleen Fla-

herty and Michelle Gibbons.

So, if you want to keep cool this summer, the Bunker Hill Pool is the place to go.

THE TOP of Bunker Hill Street, the Clougherty Pool at the Doherty Playground to be exact, was the coolest place in town during the recent heat wave. There was wading, swimming, diving and swimming lessons, and the pool was open an extra hour each night. TOP ROW: At the left, Moms soak their feet in the wading pool as their children play. ## Late Night Gathering Of Teens Main Complaint At Public Safety Meeting

Hot summer nights with groups of teens gathering, talking and yelling into the early morning hours was the complaint of numerous residents of Mishawum Park at a combined Charlestown Neighborhood Council (CNC) and Mishawum Park Tenants Association Public Safety Committee meeting on July 13.

The meeting was chaired by CNC member and committee co-chairman Edna Kelly. Area A Community Service Officer Joe McNulty represented the Boston Police Department. Among those present was Michael Travaglini, candidate for Boston City Council At-Large.

One Main Street resident told McNulty that "this is the worse summer" she has ever experienced. She told the story of a recent night when a gang of about 75 boys and girls ages 14 and 15 gathered on Main Street. The police were called and moved them, but five minutes later they were back. She added that they even turned the one-way signs around and so cars were traveling in the wrong direction. She said "the problem is getting worse, not better."

Another resident noted that the Eden Street Park closes at 11 p.m. and the

teens are not ready to go home on these hot nights. They stated that most of these teens do not live in Mishawum but they know where to hide, adding that "they are very destructive, writing on the buildings and tearing off the siding."

McNulty said that when the police concentrate on one area, the problem "crops up in another." He said the Mishawum area has been put on a priority patrol list and gang units have been assigned, adding that these units patrol at random times and will be targeting the Main Street area.

According to McNulty, the police are going to continue to make arrests for public drinking "with no second chances." He added that Judge Peter Agnes of the Charlestown District Court has been working cooperatively with the police. In fact, McNulty said, he will be fining the parents as well as the juveniles who are arrested for public drinking.

Peter Looney, chairman of the CNC and Mishawum Park resident, spoke of the ongoing summer program for teens. He said the best that the community can do is offer the programs, adding that the teens can't be made to participate.

One woman suggested keeping the Eden Street Park open later on hot nights but McNulty noted that the residents around the park are also entitled to sleep. CNC member John Dillon said that maybe if there was a place for the teens to go, they would keep off the street corners. McNulty asked about the Ryan Field in Sullivan Square which is some distance from any housing. One resident retorted: "They (the teens) wouldn't walk — you'd have to get an air conditioned bus to take them down there."

McNulty told the group: "Don't be afraid to call 911." He added that there is "a good crew assigned over here and the new Commissioner is stressing positive changes."

McNulty reviewed the incident reports for the past week. He stated that there has been an increase in thefts from automobiles not only here but throughout the city. He stressed that items such as golf clubs and briefcases should not be left in cars, nor should bicycles be left attached to a vehicle. McNulty went on to say that people roam the streets just looking for something to steal and once they spot something of value in a car, they quickly smash a win-

dow, grab the item and are gone.

McNulty also reported on the theft of a sailboat and the setting on fire of another boat at the Schrafft Sailing Center. He added that it is a shame that persons would destroy the property of this program which provides free sailing lessons to Charlestown youths.

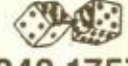

The recurring concern of the speeding traffic on Main Street was brought up. In fact several residents reported to McNulty that it was so bad that persons are unable to cross the street at the crosswalks. Looney noted that the installation of a traffic light at Eden and Main streets is scheduled to begin this month.

One resident suggested that the crosswalks should be repainted. The group also asked McNulty to look into "Yield to pedestrians on crosswalk" signs.

Concerns were raised on the locating of a check cashing store on Main Street which, according to residents, is expected to open next month. Looney said that his sources have informed him that such a business does not require city or state permits so it doesn't have to go before the CNC. McNulty said that he would check to see if there are any restrictions

or licensing on such a store. Kelly stated that unless urgent matters arise during

August, the next CNC Public Safety meeting would be Sept. 14.

# Annual Bunker Hill Day Road Race

WINNERS of the Battle of Bunker Hill 8K Road Race on June 13 were presented with awards at the conclusion of the event which benefited the Charlestown Boys & Girls Club. At the left, Frankie Keane (left), who took

first place in the male Seniors Division, is congratulated by John Weigle of The Raymond Group, sponsors of the road race . . . Second from left is Tommy Lynch, the first Charlestown male to cross the finish line . . . Se-

cond from right is Laura Cattavara, the first female and the first Charlestown female in the race . . . On the right is the team from Marathon Tours & Travel which captured the "Business Cup." Shown (l. to r.) Tommy Lynch, Thom Gilligan, Weigle, Ed Kaye and Karl Hoyt.

The 25th running of the Battle of Bunker Hill Road Race was held on June 13 with approximately 550 runners participating in both the 8K and the two-mile novice race. There were 153 Charlestown runners in the 8K and 65 in the novice race, and local runners were well represented in the top finishers in every age division. As always, the runners found a lot of support and much needed water along the route from Charlestown residents who lined the course to cheer them on. Out-of-town runners frequently mention this as the reason they return to run this race each year.

Sponsored by the Raymond Group, this race is both a major local sporting event and an important fund raiser for the Charlestown Boys & Girls Club. All proceeds from the race go directly to the Charlestown clubhouse to fund the many programs offered to its members throughout the year.

## Charlestown Town Team Slated To Begin Season Friday Night

The Eastern Football League (EFL) season got underway last weekend with the Charlestown Townies taking a bye. The team will jump into the action in the 11-team league this Friday, July 16, with a game versus the Medway VFW Tigers scheduled for 7:30 p.m. at the Charlestown High Field on Medford Street.

In a pre-season team update from the EFL, it was noted that the Townies finished 4 and 6 last year. Team owner John Houlihan has returned as head coach and Dave Namaron, a former DB standout for UMass-Boston will be the defensive coordinator.

The Townies are describ-

ed by the EFL as being "a tough, hard-hitting team, and always competitive. There are a good crop of returning veterans this year." It was also noted that "the Townies lean heavily on the all-around expertise of General Manager Paul Flynn, both on and off the field."

The Medway Tigers finished the 1992 season at 3 and 7. They won their first game of the 1993 season last weekend, defeating the Maine Warriors 43 to 0.

K. of C. prevailed by a forfeit over the Boys Club.

In the semifinals, the sparkling pitching of Tim Dacey and the timely hitting of the K. of C. team helped to oust the regular season champs, Memorial Hall, by the score of 7 to 1.

Game two saw two gutsy teams, Cronin and Teamsters, and two gutsy pitchers, Joe Roche and Jackie Kelly, battle it out for eight innings in the broiling sun before Cronin prevailed 16 to 11.

In a closely matched, well-played, exciting final game, pitcher John Ahearn and his K. of C. teammates prevailed over pitcher Mark Russell and his Cronin teammates 9-4. Congratulations to "the champs," K. of C., the Cronin Club and all the teams for another exciting playoff season.

In the District 9 All-Star Game played at Mission Hill on July 8, Charlestown beat Upper Roxbury-North Dorchester by the score of 6 to 1. The winning pitcher, Tim Dacey, threw a sparkling three-hitter. Charlestown scored all six of its runs in a furious fourth-inning rally. The rally was highlighted by a Russell Groggett ground-rule double,

## Litter Is A Major Threat

Dear Friends,

The summer has been a hot one, but a wonderful experience for the people of Charlestown as we all struggle to enjoy life in healthy ways, put together a few dollars for vacations and take part in the many opportunities in our town offered through organizations.

Many of the activities in our community take place in the ball fields that surround us: the Oilies, Charlestown High, the Neck and Bunker Hill Community College. We are really fortunate to have so much outdoor space available to us throughout the summer. Most of us are there to watch our children or teen-agers compete on various athletic teams, but there are also many other programs held in the parks.

I believe we have a responsibility to maintain these areas. The city of Boston, MDC, high school or college can only do so much with limited resources and personnel. The conditions of the playing fields is their responsibility, but beyond that we have to cooperate in making these facilities appealing to ourselves and to the many people from other parts of our city/suburbs who come into Charlestown to compete with us or celebrate occasions.

Litter is a major threat to our environment and it is the one aspect of the ecology that everyone of us can effect. We talk about the ozone layer, toxic waste, the rain forests and the need for recycling, all of which are critical to the healthy future of our planet, and hopefully we are sensitive to each of these areas of concern.

Our town, meanwhile, is covered with litter. I suppose it's more visible in the summer and especially when a crowd gathers at an event at a field and then leaves the site.

Our attitude toward the environment is something we learn, something that needs to be instilled in us as children and lived out daily.

There is never a time when we need to litter. It is a matter of thinking, having priorities and caring.

It is not only our responsibility, but it is our privilege to care for our planet and our own community.

Wouldn't it be real Charlestown Pride if people were talking about our neighborhood because it was clean? Wouldn't it be great if even children felt ashamed if they threw anything on the ground because they knew it was unacceptable behavior in our community?

This is a serious issue today and it will not go away unless each one of us responds to it.

Sincerely,  
Father Ron Coyne
