Operation Disclosure: GCR/RV Intel Alert for October 16, 2018

RV/INTELLIGENCE ALERT - October 16, 2018

(Disclaimer: The following is an overview of the current situation based on intelligence leaks received from several sources which may or may not accurate. Other confirmed sources may also be included in this overview.)

The Cabal's existing power structure is doomed in the event of an RV.

The reported assassination attempt on Putin, and the spying issue with China are retaliatory moves by the Cabal to disrupt the transition.

The BRICS Alliance and Republic White Hats are preparing for another purge operation on the Cabal.

"Destroy the seed of evil, or it will grow up to your ruin." ~ Aesop

Full GESARA compliance with all countries must be accomplished.

The old fiat financial system is rigged to collapse.

Once the collapse occurs, the QFS will be brought in followed by GESARA to reduce public chaos.

Public chaos during the collapse will be unavoidable. The goal is to reduce the amount of public chaos as much as possible during the transition.

All currency holders worldwide will be given the opportunity to redeem their currencies before public chaos erupts during the collapse.

The redemption event (RV) will be vital to creating humanitarians worldwide to aid those in need during the collapse.

The old system must be destroyed to make way for the new.

"You can't build a new house on lot with an existing old house."

The transition begins with the collapse.

SARA M; 10-14-18 Comments/notes on the recent Artmeister call:

Here is a brief recap of the Intel on the call; if you want the recording itself you will need to send an email to the address at the very bottom of this message requesting the recording access info.

Friday the release of codes w/in parameters was done; then authorization of security was done. Expect a green light to be given by Tuesday USA time.

He doesn't think we will have the November elections. He expects we will have temporary martial law while they are arresting everyone; then they will have new elections for the Continental Congress. Per GESARA guidelines, they will have a legal, proper election.

Then PT (Philip Tilton) read out a long article which went into all the unseen faces that are behind all of the constructs woes. (The provider of these notes thinks the article was a recent James Gilliland one.)

The above was everything that was said on the call but, if you want to hear the article PT read, then write to info@pemf.us to request the replay and recorded call access info will be sent to you.

Sara; This reminds me that putting our funds toward grassroots projects-- investing in the "little people"-- is likely to be a very effective use of our funds...

The Boy Who Harnessed The Wind

William Kamkwamba, born in a village in Malawi, was 14 years old when he became fascinated with the idea of building a windmill after looking at a book on energy at a library he frequented when his family could no longer afford the school fees.

Although he could not read the English text, he gleaned enough to build a crude windmill that produced 12 volts and powered 4 lights, bringing electricity and a water pump to his impoverished, famine stricken village.

This is an astounding modern day fairy tale, and in this video our hero William tells us how it all happened.

Wow, great story. Thanks Sara. I sure hope that we bring more lights and internet to Africa, and develop more minds, rather than more doggie homes.--dle

7 Signs our Consciousness is Shifting to Higher Dimensions

Published by awakening5dhealing October 10, 2018

Seeing truth everywhere, processing darkness and somehow staying in the light, to align with a calmer reality? When we wake up spiritually our consciousness expands. We come online as energetic beings. Our timing on planet earth is neither accident or coincidence. **If these words resonate know you are not crazy or alone. We can feel like we are on a different wavelength from everyone else, struggling to understand ignorance and denial...**

A FOLLOW UP POST ABOUT CANADIAN MILITARY AT BORDER BRIDGE IN RURAL CANADA

Tuesday, October 16, 2018

"Re: Military Securing Strategic Bridge in Canada" by (Anonymous) - 10.16.18

"Military Securing Strategic Bridge in Canada" by (Anonymous) - 10.15.18

The military have now moved away from the bridge to a large flat open area on higher ground that cannot be seen from the bridge, and no personnel obvious now near the bridge. There are several large and small tents pitched in rows making a camp, at least a dozen vehicles including trucks and an armored personnel carrier parked there, and there have been 3 helicopters overhead just this morning. There are groups of men in uniform that seem to be standing around waiting for orders.

The conclusion in the grocery store is that this must be a training exercise, but it is significantly more than we have seen before, and people seem surprised but so far not overly alarmed at their activities. No explanation why they were at the bridge yesterday with weapons drawn, even though they did not stop the traffic. If they were intending to stay more than a few days there are large community buildings that they could have occupied with winter fast approaching.

I will keep an eye out, but will only submit further posts if something makes me conclude that this is not just a training

exercise, after all. I was hoping to see cabal getting intercepted as they try to run from justice, especially as this small town and it's bridge are very strategic geographically, but not today, I guess.
